

ScreenScape Platinum

Platinum is a collection of add-ons that extend the power of a ScreenScape Group and cater to the advanced needs of professional network operators.

Platinum Brand

Tap in to the power of place-based media with your own privately-branded portal for creating and editing content.

Develop your own co-publishing process, along with your partners, to program screens in any number of venues. By pre-populating accounts with fantastic content, network operators can make it that much easier for average business owners to create powerful presentations.

Platinum Control

Get complete control of your digital signage network.

Give network administrators peace of mind in knowing the status of their digital signage network in real time. Platinum Control helps you to gain more control over the devices that power your ScreenScape network and gives you the data you need to know that your screens are running smoothly and the content you're delivering is reaching its audience 24/7.

Get started today.

Join the growing community of merchants and brands using ScreenScape to engage audiences in the real world.

Call [1.877.666.1975](tel:18776661975) or email ScreenScape support support@screenscape.com to upgrade.
