Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

Stand Alone Academy - All students on the campus are enrolled in the ECHS academy

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

No

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

Falcon ECHS, along with many other West Texas schools, historically experience a high volume of turnover due to the oilfield. In turn, people leave the classroom to go to the oilfield to increase their income. Others leave because rent has increased 40%-60% and teachers are not able to afford their rent or housing prices and are unable to support their families. Therefore, we have seen greater staff turnover than other areas of the state.

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

We monitor college dual-credit courses on the Canvas platform through our IHE. As a district, we gather data in both eduphoria and a program called INOVA. Intervention happens daily on the campus through Falcon Time, but the INOVA data and benchmark data provided by the district help us target and implement interventions as a preventative measure. Teachers provide before, during, and after school tutoring for all students.
