Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

The campus goal at Alief Early College HS is to ensure that the culture and climate are positive.

Strategies that we implement to ensure the success of our goal are:

- Icebreakers at PLC
- Teacher Celebrations
- Holiday Celebrations
- Staff Spirit Days
- Open Communication Policy
- Consistent Rules and Procedures.

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

- AECHS Counselors and Principal work closely with Lillian Baldwin, Director College, P16, and the staff at the Northwest Dual Credit office to help ensure student success. We have cultivated a relationship with them to ensure they will email or call anytime there is an issue with a student or professor.
- Alief ISD and HCC have provided AECHS with a HCC Liaison that comes weekly to AECHS. He meets with students regarding HCC classes and planning for future college endeavors. He previously worked for the dual credit office at HCC and has access to HCC student information. He also meets with each senior planning to graduate from HCC with their Associates Degree to ensure all graduation requirements are met.
- AECHS Counselors and Principal have been and continue to develop relationships with HCC professors to ensure consistent communication regarding student progress/interventions.
- Counselors and Principal work closely with students on planning classes and building relationships with students so they will communicate when issues arise. Students frequently come to counselor's and principal if they are struggling in a HCC class or having problems with a professor.
- AECHS is an all AVID school, AVID is a college preparatory elective. The AVID teachers work closely with students to monitor progress, problem solve, and intervene when necessary.
- Counselors review student grades at the end of each semester to ensure that students are on track. If students are not meeting appropriate standards, remediation takes place.
