Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

Stand Alone Academy - All students on the campus are enrolled in the ECHS academy

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

No

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

- Provide more leadership opportunities to staff
- Coordinator assigned to develop positive staff activities and events
- Professional development based on individual teacher needs and career goals
- Quarterly faculty surveys
- Discussion of solutions for staff exhibiting early indicators of leaving in leadership team meetings

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

Teachers at the ECHS are provided with professional development and support which implements the pillars of an effective Intervention Assistance Team (IAT). Additionally, it facilitates the Response to Intervention (RTI) Process for students with special needs or that require additional supports during the school day. Teachers evaluate current practice and develop goals for improvement in order to better understand the RTI model. College professors utilize the Early Alert system, an internal intervention system for our IHE partner, which allows faculty to notify student of attendance and grade issues via IHE advisors and ECHS staff.
