Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

Stand Alone Academy - All students on the campus are enrolled in the ECHS academy

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

No

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

We believe that our most powerful tool to avoid turn-over issues with our staff is to provide supportive and collaborative leadership focused on student growth through instructional excellence. We accomplish this primarily through our professional learning communities which meet weekly to conduct professional development and build strong professional relationships. We target our hiring to staff members that wish to join a mission-focused team, and to faculty who are interested in pursuing credentialing as dual-credit instructors. We promote and advocate for our teachers in the credentialing process. We provide specialized training opportunities to complement the continuous improvement of our instructional practice. We also conduct a bi-annual faculty survey to assess the success of our efforts and direct adjustments as needed.

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

Within the context of continuous improvement, teachers at SECHS receive professional development and support for implementation of an Intervention Assistance Team (IAT). Under this approach, teachers collaboratively facilitate the Response to Intervention (RTI) Process for students that require additional supports during the school day. Teachers evaluate current practice annually and develop goals for their instructional practice of the RTI model. College professors utilize the Early Alert system, an internal intervention system for our IHE partner, which allows faculty to notify student of attendance and grade issues via IHE advisors and ECHS staff. We meet with our IHE liason twice a month on our campus to share data and monitor student progress to ensure student success.
