Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

School-Within-School: Other Grade Levels - All students enrolled grades 9-12 are enrolled in the ECHS but other grade levels exist on the campus (such as grades K-5).

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

No

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

Wilson ISD has worked diligently to improve the culture of the school for teachers in various way such as providing jean passes, teacher spotlight in local newspaper, and seeking volunteers to update the teachers lounge. The district has also updated the districts teacher houses without raising the cost for living in them to help retain our current teachers. Teachers also have the opportunity to earn pay incentives based on performance and attendance.

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

Wilson ISD has implemented the AVID program that helps guide students towards dual credit success. The AVID teacher along with the academic advisor and principal monitor the students progress. The students have AVID folders where they carefully track their grades and their assignment due dates. These folders are monitored by the AVID teacher and students on a weekly basis and serve as an alert system if students are needing support. The district has provided an on-site tutor that is own campus during the school day and after school to provide tutoring and support to the students.
