Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

School-Within-School (SWS) - A subset of students on the campus are enrolled in grades 9-12 are enrolled in the ECHS academy.

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

We have initiated weekly PLC meetings where teachers have the ability to share data and plan which helps relieve part of the stress of planning. We also have many professional development opportunities which teachers can attend to help them become more efficient and effective. The district has a staff of Coaches who are able to work with teachers and address any concerns or issues teachers may have and not want to discuss with an administrator. We also have an inspire academy for new teachers which helps support all new teachers to the district.

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

Student progress is constantly monitored and when a student is identified as needing support, the student is brought in to visit with the director and counselor. The student writes what actions need to be taken by the student to improve their performance. These action steps are written down by the student in their own words. If the student does not improve their performance a parent teacher/instructor meeting is convened to determine what steps need to be taken for the student to improve. Data is shared at all our meetings with our IHE and it is evaluated to determine any changes or help that needs to be provided.
