Narratives

ECHS Model

Which ECHS model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

Stand Alone Academy - All students on the campus are enrolled in the ECHS academy

Evaluation

Would your campus would like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OMBs.

No

Free-Response

If the ECHS has identified and implemented sustainability structures to address and minimize the challenges of staff turnover, please describe those structures here.

Not Applicable

Describe the processes that the dual credit provider and the ECHS campuses monitor student progress, and determine when interventions are needed. How is this ECHS going to share data and monitor student progress and ensure student success?

Panola College and Panola Early College High School collaborate very well together. The lines of communication are always open between students, teachers, and college professors. The faculty of Panola College, does a great job of alerting us when there is something that needs to be addressed regarding one of our students taking a dual-credit course. Our students are required to print their syllabus at the beginning of each semester and to print grade reports from their canvas account with Panola every two weeks. Parents are also encouraged to have their student share their canvas log in so that they are able to monitor grades also. Parents are alerted by either the teacher and or the Early College administrator when a student is failing a college course. Tutoring is provided when necessary by the high school. Panola College also offers office hours for help, tutoring on the main campus, and the Panola instructors respond to emails in a timely manner.
