Academy Information

What is the academy name?

Trailblazers Early College

Which model does the district intend to implement at this time? Within these models, there are variations.

School-Within-School (SWS) - A subset of students on the campus are enrolled in grades 9-12 are enrolled in the academy.

Distinguished Recognition

Would your campus like to be considered for distinguished recognition? All ECHS seeking distinguished recognition will be measured against the highest OBMs.

No

Grade Levels Served

What grade level(s) will your academy plan to serve in the 2020-2021 school year?

9
10
11
12

Enter the number of students that you plan to serve in 9th grade.

135

Enter the number of students that you plan to serve in 10th grade.

135

Enter the number of students that you plan to serve in 11th grade.

122

Enter the number of students that you plan to serve in 12th grade.

Degrees and Credentials: IHE Agreements

Does the IHE partner currently have an articulation agreement with a four-year IHE detailing how a student's associate degree and accrued credits could lead to a baccalaureate degree?

Yes

Provide the university name that your IHE partner has an articulation agreement with and the bachelor degree that students could earn using their associate degree and accrued credits. Each row represents a degree.

2-Year Degree	University	4-Year Degree
AA Biological Sciences	UTEP	Biology
AS Psychology	UTEP	Psychology
AA Criminal Justice	UTEP	Criminal Justice

Job Title

Dean of Dual Credit and Early College High Schools

The Early College High School shall have a current, signed Memorandum of Understanding (MOU) for each school year that defines the partnership between the school district(s) and the institution(s) of higher education (IHE).

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirement: Curriculum alignment and courses of study, which enables a student to combine high school courses and college-level courses to earn either an associate degree, postsecondary certificate provided by an IHE, or industry certification.

The articulation agreement (Interlocal Agreement) between Socorro Independent School District (SISD) and El Paso Community College (EPCC) addresses Benchmark 2, curriculum alignment, under Section 5 Academic Plan. An academic plan is developed for each student to enable them to earn a high school diploma and an Associates Degree. In addition to college credit being earned through dual credit coursework, Trailblazers Early College is responsible for administering all end-of-course exams and transcribing of all college courses to the student's transcript according the district defined crosswalk. Pathways to an associate degree are additionally outlined in the articulation agreement through defined courses of study and curriculum alignment. Trailblazers Early College students are provided

with courses of study that meet the requirements of the Associates of Arts or Science Degree as well as the Distinguished Level of Achievement diploma in the following endorsement categories: STEM, Business and Industry, Public Service, Arts and Humanities, and Multidisciplinary Studies. Additional courses of study must be approved by the campus principal and the appropriate EPCC dean on an individual basis. The curriculum for Trailblazers Early College students is developed to ensure that each student has the ability and opportunity to earn a high school diploma and an associate degree in four years. Course and curriculum alignment is reviewed annually by the Advisory Committee as outlined in the articulation agreement.

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Policies for: 1) advising students on the transferability of all college credit offered and earned, 2) ensuring the IHE transcripts college credit earned through dual credit in the same semester that credit is earned, 3) advising students as to the transferability and applicability to baccalaureate degree plans for all college credit offered and earned (college credits earned during high school should allow students to progress from an associate degree to a bachelor's degree and beyond in their chosen field), 4) students accessing the IHE facilities, services and resources

Trailblazers Early College has a dedicated counselor and director as defined in the articulation agreement to ensure students are advised on the transferability of all college credit offered and earned. All Trailblazers Early College students have access to EPCC Student Services including EPCC counseling services. In addition to the requirements in the agreement, seniors will have access to a transition counselor who further advises students on the transferability and applicability of their course work to baccalaureate degree plans at their planned college of choice. Trailblazers Early College student's dual credit courses are transcribed onto the high school transcript as outlined in Section 5 of the articulation agreement. When students take college courses at EPCC, the Trailblazers Early College Counselor and administrator are responsible for transcribing student grades following policy EIC(LOCAL). Students who take college classes at the early college site with a credentialed SISD teacher have their grades transcribed automatically through the student information system. All grades adhere to the requirements outlined in the IHE syllabus as well the appropriate grade conversion for the high school grade as stated in policy EIC(LOCAL). All Trailblazers Early College students have full access to El Paso Community College Student services as outlined in Section 8 of the agreement. Student services provided by EPCC include the issuance of an EPCC ID, access to EPCC's online library databases, materials, and resources, on-campus tutoring centers, Academic Computer Services labs and libraries, access to participation in student government and clubs.

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Transportation costs and fees including provisions for discontinuing operation while ensuring students previously enrolled will have opportunity to complete their course of study.

Socorro Independent School District ensures that transportation routes for students attending courses at all EPCC site facilities are available during the fall and spring terms. Bus routes also includes round-trip transportation for students to attend official school activities, such as daily classes in an approved class, orientation, etc.. Beyond the requirements outlined in Section 9E of the agreement, SISD provides early college students transportation for summer classes scheduled at EPCC sites. In the event of nonrenewal or termination of the agreement, students are afforded the opportunity to complete their course of study. Section 14, Renewal or Termination, states that termination will not occur during the middle of a school year in order to not disrupt the academic progress of the students of Trailblazers Early College. If the agreement is terminated, Trailblazers ECHS will continue operation through the 11th grade cohort's scheduled graduation from high school. Students enrolled in the 9th

and 10th grade will also be able to continue through graduation by agreement. In the event of a termination, Trailblazers Early College will not be able to enroll any additional students in grades that have been phased out but will continue to meet all the required design elements and provide full support for those who are still enrolled in Trailblazers early college.

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Data sharing agreement that includes provisions for teacher data such as qualifications and student level data such as credit hours taken and earned, GPA, formative data to assess if student is on track for college readiness

Per the articulation agreement, data is shared and collected for required reporting purposes and for internal purposes to include student level data. The school district and the IHE agree to share any data required for the successful completion of the Trailblazers Early College High School students' graduation plans and with the hiring of qualified staff members for dual credit teaching assignments. When sharing teacher data for qualifications, El Paso Community College discipline faculty will serve on the Trailblazers ECHS teacher hiring committees. The school district and El Paso Community College will collect and review the following disaggregated data: number of credit hours taken and earned; GPAs; End of Course results; SAT/ACT/PSAT; TSI readiness by grade level; qualifications of early college staff; and the location(s) where courses are taught. Any program improvements are based on the collection, review, and sharing of the following data: EPCC data; SISD data; articulation of high school students in four-year colleges/universities and level of entry and enrollment/retention rates; and leaver codes and attrition rates by grade level. Additionally, Trailblazers ECHS will participate in instruction success and faculty satisfaction surveys. Survey data is shared by EPCC the semester following the evaluations and may be used in program improvements.

Narratives: Advanced Academics

Advanced Academics

Select the type of advanced courses (dual credit/AP/IB) your campus plans to offer students in 2021-2022.

DC
AP

What type of dual credit courses does your campus plan to offer?

AGCM

Describe any challenges in ensuring your academy has educators with qualification to teach dual credit. What steps did your academy take to address the need?

Recruiting and retaining educators who are credentialed through the Southern Association of Colleges and School Commission on Colleges (SACSCOC) is one of the greatest challenges facing Trailblazers

Early College. When a credentialed teacher leaves, it is very difficult to find teachers who have the correct SBEC certificate and SACSCOC credentialing. To address these challenges, the district has implemented a dual credit teacher scholarship. Through a partnership with the University of Texas at El Paso (UTEP), SISD has implemented a Dual Credit Scholarship where interested teachers apply for and take graduate level coursework that leads to credentialing in areas of high demand such as biology and economics. To address retention of credentialed staff, teachers who go receive the Dual Credit Scholarship must commit to three years with the district upon credentialing and receive a stipend for each dual credit section they teach. At the campus level, the Socorro Early College director supports the dual credit scholarship by identifying future courses based on students to recruit teachers to apply for the scholarship. To support current staff, EPCC hosts faculty and online facilitator workshops at the beginning of each college term as well as required discipline meetings that include learning objective and syllabus updates. The Trailblazers Early College Director also provides specific professional development for the faculty to enhance classroom instruction and provide TSI workshops. With the combined efforts of the campus, district and IHE, the district continues to recruit, educate and place credentialed teachers in the early college.

Is the academy a TSIA testing site?

Yes

Narratives: Student Support

Student Support

Provide examples of how the campus plans to provide students with academic services. List activities and brief descriptions of the activities. Add a new row for each provided service.

Activity	Description
Enroll all 9th graders in AVID	Every 9th Grade Early College student will be enrolled in AVID for the entire year providing organizational and leadership skills.
Provide TSI Support	TSI Bridge Camps during both the Summer and both fall and spring intersession breaks. We will work with our IHE to provide access to online TSI support program for our students.
Tutoring	All teachers will provide morning tutoring twice a week. Advanced Academic tutoring will also be provided after school and/or on Saturdays.
Provide mentorship through Leadership Council	We will continue with our leadership council who advocates and mentors the early college students.. Our IHE advises our students with their counselors who conduct advising sessions on campus.

Provide examples of how the campus plans to provide students with wrap-around services. List activities and brief descriptions of the activities. Add a new row for each wrap-around service.

Activity	Description
Work with Industry partnerships to meet with our students	Students will meet with professionals in their choice of study. This includes the medical field, lawyers, and engineers.
Community Service	We will seek opportunities for students to provide community service. in both the campus and out in the community.

How does your academy use the access, achievement, and attainment data for program improvement?

Trailblazers Early College periodically reviews access, achievement, and attainment data to make decisions to improve the early college and for the success of all students. This includes reviewing the Early College HS blueprint and the program's progress with stakeholders. This assists us in making decisions to help us reach the required OBM's in each of the three Benchmarks. In Benchmark 1: Target Population, we look at the data indicators for our subpopulations including percentage of at-risk students and economically disadvantaged students. This helps us determine where our focus needs to be to get more students in special populations to apply. In Benchmark 4: Curriculum and Support, we look at data focusing on certain college course completion requirements and graduation degrees. Here we look at data such as completing English and Math college course by 11th grade and those earning at least 30 credits. Benchmark 5: Academic Rigor and Readiness, focuses on requirements based on TSI college readiness and Algebra I and English II EOC student success. For this Benchmark, we look at student data to see if they have passed and offer interventions to help them when they retest to qualify for dual credit classes.

Narratives: Leadership Team

Leadership Team

List the Leadership Team's three priorities for the next year and describe how the selected priority contributes to the academy's success. Each priority should be a benchmark from the ECHS/T-STEM/P-TECH Blueprint.

Benchmark	Description
Benchmark 1: Target Population	Increase recruitment of at-risk student enrollment in to the early college.
Benchmark 5: Academic Rigor	TSI support for students who are not successful on the TSI Test(s) through bridge camps and purposeful tutoring.. There is also support from our IHE through login

and Readiness Benchmark	accessibility for TSI practice before retaking the test. Description
Benchmark 4: Curriculum and Support	Social emotional and leadership support through mentorship, parent outreach, and industry partnerships.
