The Early College High School shall have a current, signed Memorandum of Understanding (MOU) for each school year that defines the partnership between the school district(s) and the institution(s) of higher education (IHE).

---

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirement: Curriculum alignment and courses of study, which enables a student to combine high school courses and college-level courses to earn either an associate degree, postsecondary certificate provided by an IHE, or industry certification.

The district and South Texas College have an understanding of the needs of students through the MOU. The IHE is very familiar with the IHE Blueprint: Curriculum Requirement and courses of study that the district plans to offer. The IHE and the district have had a long standing agreement and MOU and both are aware of the different offerings of associate degrees, post secondary certificate that are provided by the IHE.

---

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Policies for: 1) advising students on the transferability of all college credit

offered and earned, 2) ensuring the IHE transcripts college credit earned through dual credit in the same semester that credit is earned, 3) advising students as to the transferability and applicability to baccalaureate degree plans for all college credit offered and earned (college credits earned during high school should allow students to progress from an associate degree to a bachelor's degree and beyond in their chosen field), 4) students accessing the IHE facilities, services and resources

Teachers are hired by the IHE. Therefore, they are responsible for ensuring that all teachers are certified. At the campus, the principals reviews all transcripts and meets individually with each student to make sure they are taking the correct courses and that all courses will transfer to the college of choice. Students have tremendous resources at the IHE. They receive remediation from teachers as well as access to the library, lab and other resources that are available to any student attending the IHE.

**Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Transportation costs and fees including provisions for discontinuing operation while ensuring students previously enrolled will have opportunity to complete their course of study.**

Transportation costs are provided for all students attending dual credit as well as any industry based mentor ship, internship, or work sites. The camps also provides meals. Students do not have to pay any transportation costs. Also, the district pays all tuition as well as books and other fees associated.

**Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirements: Data sharing agreement that includes provisions for teacher data such as qualifications and student level data such as credit hours taken and earned, GPA, formative data to assess if student is on track for college readiness**

Teachers are hired by the IHE. Therefore, they are responsible for assuring that all professors have the proper credentials. The IHE makes sure that the campus knows the credentials for each professor. Using JAGNET, the campus principal can keep up with students and their grades. Student credit hours are kept by the college as well as the district.

## Narratives: Advanced Academics

### Advanced Academics

**Select the type of advanced courses (dual credit/AP/IB) your campus plans to offer students in 2021-2022.**

DC  
AP

What type of dual credit courses does your campus plan to offer?

AGCM

Describe any challenges in ensuring your academy has educators with qualification to teach dual credit. What steps did your academy take to address the need?

It has been difficult to provide partnerships for work for our students. We live in a very rural impoverished area. While the students may find work, it is sometimes very difficult due to financial restraints for students to get to work. Either they do not have transportation or they do not have money to buy gas to go to work,

Is the academy a TSIA testing site?

Yes

## Narratives: Student Support

### Student Support

Provide examples of how the campus plans to provide students with academic services. List activities and brief descriptions of the activities. Add a new row for each provided service.

Activity	Description
counseling	meeting with counselor to assist in the facilitation of their scheduling

Provide examples of how the campus plans to provide students with wrap-around services. List activities and brief descriptions of the activities. Add a new row for each wrap-around service.

Activity	Description
mentorship	Students have the opportunity to meet with other adults whenever they are in need of assistance or have questions.
tutorial	students attend tutorial in subjects that they need help

How does your academy use the access, achievement, and attainment data for program improvement?

The campus and district are data driven.

# Narratives: Leadership Team

## Leadership Team

List the Leadership Team's three priorities for the next year and describe how the selected priority contributes to the academy's success. Each priority should be a benchmark from the ECHS/T-STEM/P-TECH Blueprint.

Benchmark	Description
MOU with IHE	make sure all understand what is in the MOU
strengthen leadership meeting	have more leadership meetings
Additional off campus opportunities	visits, career tours, attend various speakers
