Recruitment and Enrollment

Describe any changes in established plans for recruitment and enrollment process that meet open enrollment requirements.

There have been no changes in plans for recruitment and enrollment for this year.

Degrees and Credentials: IHE Agreements

Does the IHE partner currently have an articulation agreement with a four-year IHE detailing how a student's associate degree and accrued credits could lead to a baccalaureate degree?

Yes

Provide the university name that your IHE partner has an articulation agreement with and the bachelor degree that students could earn using their associate degree and accrued credits. Each row represents a degree.

2-Year Degree	University	4-Year Degree
Core Complete, Associate Degree, AAS	Texas A&M University - Kingsville	BA, BS
Associate Degree - General	Texas A&M University - Corpus Christi	BA - Theatre
Core Complete, Associate Degree, AAS	University of Texas - RGV	BA, BS
Associate Degree	University of Texas - San Antonio	BA, BS

Job Title

Coordinator for Dual Credit Pathways

The Early College High School shall have a current, signed Memorandum of Understanding (MOU) for each school year that defines the partnership between the school district(s) and the institution(s) of higher education (IHE).

Describe how the IHE articulation agreement addresses the following IHE Blueprint Requirement: Curriculum alignment and courses of study, which enables a student to combine high school courses and college-level courses to earn either an associate degree, postsecondary certificate provided by an IHE, or industry certification.

Section 2 of the Memorandum of Understanding addresses the provision of courses: credit awarded for approved courses with dual-credit course agreements, teaching and evaluation of courses through the college curriculum approval process, and an understanding that policies that apply to regular college coursework is applied to dual-credit coursework. Section 6 of the MOU addresses grading periods and policies. This includes timeliness of grade reporting, academic advisement for struggling students, scholastic probation, and the grading system. Section 7 of the MOU addresses courses of study. The IHE and campus provides a course of study that leads to 60 hours that transfer towards the completion of a baccalaureate degree. Section 8 of the MOU addresses curriculum alignment. The IHE and campus creates a crosswalk of courses ensuring both a high school diploma and associate degree. Section 12b of the MOU, addresses the number of college-level courses a student may take during each of their four years in high school. It also limits the courses that a student takes to those that are on their degree plan and/or declared major, as well as the academic dual credit courses used to satisfy elective requirements. The maximum number of attempted credit hours caps at 68, with the exception of the Associate of Science in Engineering. Section 19 addresses the pathways alignment. The IHE provides a comprehensive guide to alignment of endorsements, courses, pathways, credentials, and industry certifications. Section 22 addresses college credit earned through dual credit.

Describe how the IHE articulation agreement addresses the following IHE Blueprint

Requirements: Policies for: 1) advising students on the transferability of all college credit offered and earned, 2) ensuring the IHE transcripts college credit earned through dual credit in the same semester that credit is earned, 3) advising students as to the transferability and applicability to baccalaureate degree plans for all college credit offered and earned (college credits earned during high school should allow students to progress from an associate degree to a bachelor's degree and beyond in their chosen field), 4) students accessing the IHE facilities, services and resources

Section 6 of the MOU addresses grading period and policies. The IHE produces grade reports within 72 hours of the end of the academic term. Any corrections are made prior to the next grading period. The ECHS has a weighted system for the final grade posted to the high school transcript. Section 12d of the MOU addresses collaboration and outreach efforts. The IHE provides information sessions to students and parents regarding opportunities, benefits, costs, and resources. These sessions are available throughout the year and at the request of the ECHS. Section 12e of the MOU addresses advising. The types of advising listed are first time student, group enrollment using DegreeWorks, face-to-face advising, and training for high school counselors. Section 16 addresses access to college facilities, services, and resources. Access to the IHE facilities follow the IHE calendar. High school students and staff receive a college ID card and have access to instructional and certain agreed upon noninstructional resources available on the IHE campus. The MOU designates ECHS students as college students, thereby providing them with all resources to support academic success. Section 20 addresses advising students on transfer-ability and applicability. The IHE provides advising opportunities for students as to the transfer-ability and applicability to baccalaureate degree plans of all the college credit offered and earned.

Describe how the IHE articulation agreement addresses the following IHE Blueprint

Requirements: Transportation costs and fees including provisions for discontinuing operation while ensuring students previously enrolled will have opportunity to complete their course of study.

Section 4c of the MOU addresses the payment of the tuition and fees. The IHE waives tuition costs for the district, while the district pays for the transportation cost for any instructors traveling to the ECHS. Section 4d of the MOU addresses the instructor cost. The district pays the expenses to teach college courses on the ECHS campus. Section 4f of the MOU addresses student transportation. The district provides transportation for student taking coursework on the IHE campus, field trips, or any project based-learning activities. Section 9 of the MOU addresses books and supplemental materials. The ECHS provides all textbooks, equipment, and supplemental materials for each cohort. The IHE will use the textbooks for four years, unless the textbooks are for a technology-based course and there is reasonable justification. The ECHS provides books to the students prior to the first day of instruction. Section 14 of the MOU addresses discontinuation of the ECHS operation. Any discontinuation is communicated immediately to the other party. The last accepted cohort of ECHS students continue as designated until they graduate from the high school. While there are still ECHS students, the campus continues to meet all design elements and provides full support for those students.

Describe how the IHE articulation agreement addresses the following IHE Blueprint

Requirements: Data sharing agreement that includes provisions for teacher data such as qualifications and student level data such as credit hours taken and earned, GPA, formative data to assess if student is on track for college readiness

Section 15 describes the types of data that will be shared. This includes TSI testing data conducted during the Summer Bridge Program and other testing sessions, number of credit hours attempted and earned, GPAs, state assessment results, national test results (SAT, ACT, PSAT), ECHS staff qualifications,

locations courses are taught, six weeks exam results, and benchmark results. Section 18 describes data sharing. FERPA allows the sharing of this data, and if the student is under 18, the parent may review any education record kept by the school district, including those disclosed by the IHE. The IHE provides data reports in a timely manner. There is a primary and secondary contact for the ECHS for the secure sharing of data between the entities. In the case of reports requested outside the scheduled report distribution schedule, as long as the request is made at least three business days prior to the data being needed, it is provided.

Narratives: Advanced Academics

Advanced Academics

Select the type of advanced courses (dual credit/AP/IB) your campus plans to offer students.

DC
AP

What type of dual credit courses does your campus plan to offer?

WECM
AGCM

Describe any challenges in ensuring your academy has educators with qualification to teach dual credit. What steps did your academy take to address the need?

There have not been any challenges finding educators with the correct qualifications. In the cases where the district does not have a qualified instructor, STC provided one with no issues. The district pays for the transportation of this instructor. Also helping this is the districts designation District of Innovation, allowing the campus extra flexibility in finding qualifies instructors. Additionally, for the past five years the district has paid for teachers to get their master's degree, ensuring a pipeline of qualified instructors for the future.

Is the academy a TSIA testing site?

Yes

Narratives: Curriculum and Support

Curriculum and Support

Provide examples of how the campus plans to provide students with academic services. List activities and brief descriptions of the activities. Add a new row for each provided service.

Activity	Description
Tutoring - Extended Day/Week	Students receive tutoring both after school and on Saturdays.
Summer Bridge Program	Incoming students receive instruction on preparation for college and TSI.
Office Hours by Instructors	Instructors provide office hours so students can communicate directly with instructors.

Provide examples of how the campus plans to provide students with wrap-around services. List activities and brief descriptions of the activities. Add a new row for each wrap-around service.

Activity	Description
Parent Information Sessions	Parents are provided information about dual-enrollment.
School within a School Culture	Sense of belonging
One-to-one Student conferencing	Time is allotted for personalized conferencing sessions that address the individual student needs.
STC IHE Advising	STC sends advisers to work with students on the completion of their degree plans.
Financial Aid Nights	Parents are provided instruction to navigate the college financial aid process.
CTE Open House	This student led open house allows students to showcase products.

How does your academy use the access, achievement, and attainment data for program improvement?

All schools in Mission CISD are data-rich, with the CTE Early College High School being no exception. ECHS and individual student goals are set through the lens of data data, This includes STAAR, TSI, accrued college hours, attendance data, course completion percentage, earned certifications, and PEIMS data. Both STC and central administration provide data to the ECHS in a timely manner whenever requested. This data exchange has allowed the ECHS to keep track of the OBMs for each of the cohorts of students.

Narratives: Leadership Team

Leadership Team

List the Leadership Team's three priorities for the next year and describe how the selected priority contributes to the academy's success. Each priority should be a benchmark from the ECHS/T-STEM/P-TECH Blueprint.

Benchmark	Description
Benchmark 4: Curriculum and Support	Grade-to-grade persistence
Benchmark 5: Academic Rigor and Readiness	TSI completion rate
Benchmark 4: Curriculum and Support	Completion of college algebra and English 1301 by end of Junior year

Narratives: Benchmark Products
