Model Implementation

Which P-TECH model does the district intend to implement at this time? Within these models, there are variations. For this purpose campus is defined as a CDC number not a physical location.

School Within a School

Describe how the school currently meets criteria of open enrollment.

The Academy has no TSI restrictions upon enrollment, nor is there an essay requirement. All students who have an interest in the pathway are eligible for enrollment. If more students show interest than there are spaces available, we will hold a weighted lottery.

Describe how the school's strategies and activities are of sufficient quality and scope to ensure equitable access and participation among program participants.

All students have the ability to participate in career exploration activities, including mentoring opportunities, job-shadowing, and internships.

Institution of Higher Education

Describe the current campus or district partnership with an institution of higher education (IHE) and address how this partnership addresses all statutory requirements such as curriculum alignment, instructional materials, instructional calendar, etc.

We currently have a long-standing relationship with Austin Community College, as we are currently an ICIA grant recipient. The pathways and crosswalks have already been developed and implemented.

Provide a link for this campus's agreement with its IHE partner.

<http://lbjearlycollege.austinschools.org/>

Describe the program(s) of study offered to students through this P-TECH/ICIA (or like) program. Include the sequence of courses that lead to a credential and/or associate degree.

Our program of study is Health Science, and our pathways lead to certifications in: CNA, Pharmacy Tech, Molecular Diagnostics, Surgery Tech, X Ray Imaging, and Medical Assistant. We will follow the pathway outlined by our IHE partner.

Does the IHE partner currently have an articulation agreement with a four-year IHE detailing how a student's associate degree and accrued credits could lead to a baccalaureate degree?

Yes

Describe how this school provides its students with flexible class scheduling and academic mentoring.

Each student is afforded the opportunity to meet with a career counselor to determine their pathway. During this session the counselor ensures that the schedule allows the student the ability to participate in school activities as well as provide time for academic mentoring on the IHE campus including utilizing the library, tutoring and professor office hours.

Certificates

Identify all associate degrees offered to students.

Degree	Description
Associates of Applied Science	Surgical Technologist
Associates of Applied Science	Health Information Technician
Associates of Applied Science	Medical Laboratory Technology

Identify all credentials offered to students.

Credential	Description
Molecular Diagnostics	Medical lab technicians perform a wide range of routine laboratory procedures associated with blood and body-fluid analysis
Pharmacy Technician	Pharmacy technicians assist in the preparation and dispensing of medications
Surgical Tech	Surgical technologists assist operating-room teams before, during, and after surgeries, along with other responsibilities. Graduates are eligible for work in hospitals, ambulatory surgical c
Magnetic Resonance Imaging	Radiographers safely administer low levels of ionizing radiation to obtain diagnostic images. Individuals must be detail-oriented, precise and analytical, and understand spatial relationship

Industry/Business Partner

List up-to five key business partners for this campus that support students' program of study.

Seton Healthcare Family

Black Nurses Association of Austin

Provide a link for this campus's agreement with its business/industry partner(s).

<https://www.austinisd.org>

List up-to five key business partners for this campus that support students' program of study.

Seton Family of Hospitals

Dell

Keep-it-Digital

Colony Park Neighborhood Association

Describe how business/industry partners currently support work-based and contextual learning for 9th grade students (i.e. through internships, externships, workforce training, etc).

Currently Seton provides Career exploration through their speaker series in 9th grade as well as provide free access to the Seton Summer Heath Camp..

Describe how business/industry partners support or will support work-based and contextual learning for 10th grade students.

During the 10th grade year, Seton will offer site visits and access to their simulation laboratory.

Describe how business/industry partners currently support or will support work-based and contextual learning for 11th grade students.

Junior year activities include possible job shadowing and enhanced mentoring opportunities where students will have the opportunity to discuss career opportunities with current employees.

Describe how business/industry partners currently support or will support work-based and contextual learning for 12th grade students.

Seniors will have the opportunity to participate in practicums in the simulation laboratory.

Does AT LEAST one of the school's current business/industry partnerships emphasize that students completing the P-TECH/ICIA program and otherwise meet hiring requirements have priority interviewing with the applicable employer?

Yes

Please describe how you currently identify needs, create action plans, and engage in a process of continuous improvement for this P-TECH/ICIA (or like) program.

We have had discussions with Seton Healthcare Family regarding the current and future needs of the facility. As current members of the Advisory committee, they work with the committee to develop the crosswalks and work based learning opportunities.

Describe how the Academy will recruit, support, and retain highly qualified teachers.

Newsletters, showcases, marketing, job fairs, informational videos, etc.

Leadership Team

Identify the job titles who currently serve on this school's leadership team and their roles. Describe how the current leadership team reviews agreements, monitors progress, and reviews data to problem solve and course correct.

Principal

Academy Director

Career Launch Coordinator

Career Launch Counselor

Parent Support Specialist

The entire team meets monthly to discuss progress, recruitment efforts, challenges, opportunities as well as data and project based learning activities provided by teachers.

List the dates of all leadership meetings that have been held throughout the academic year.

The leadership team meets once per month on the second Tuesday of each month.

September 2017

October 2017

November 2017

December 2017

January 2018

February 2018

March 2018

April 2018

May 2018

Provide a link to where the leadership team meeting documents (agendas, minutes, etc.) are posted for the school district.

TSI Testing

Describe your current process for TSI testing students: how often are students tested, where they test, and how the data is used to benefit students.

Students can test as often as necessary. We are a testing center and students test in our college center's lab. Data is used to advise students, inform teachers, and support students where they are deficient.

Products

Provide a link to the final, signed, and executed MOU.

Provide a link to the Program of Study.
