

# Ubik Mobile

Streamline your work by keeping a management solution within easy reach.

Available to all Ubik users free of charge, Ubik Mobile's specialized screens streamline your work, whether you need to consult a patient record or perform an Rx Vigilance analysis. Consultation and Rx Vigilance options give access to essential data anytime, anywhere.

Ubik Mobile  
is offered  
**free of charge** to  
all Ubik users!

## + Consult

Get out from behind your counter! The **Consult** option enables you to consult patient records, including personal and clinical information, as well as all prescriptions on file. You can even add a prescription for over-the-counter medication to the file.

## + Rx Vigilance

The **Rx Vigilance** option provides access to all Rx Vigilance therapeutic advisor tools.

# Ubik Mobile

Use Ubik Mobile on a  
Lenovo Yoga, Microsoft  
Surface, or on your own  
tablet device!

The Lenovo and Microsoft tablets were specially configured for Ubik mobile, but are also suitable for personal use. Ubik Mobile is compatible with Windows 10.
