**Gus Reyes of the Christian Life Commission Responds to Texas' Withdrawal from the Refugee Resettlement Program**

"We are disappointed in today's announcement. We had hoped that the two sides could come to some reasonable compromise that would allow us to continue to do ministry without disruption among the refugees in our churches and in our cities. Our primary concern is always for the vulnerable as we seek to be faithful to the biblical command to care for the strangers among us."

Dr. Gus Reyes, Executive Director, Texas Baptists Christian Life Commission
