

Can God Use You to Start a Multihousing Church?

It can be as simple as a “Bible class” sized group being church in a simple everyday setting.

Take this simple test to determine if you might be just who God is looking for to begin a multihousing congregation in your community:

1. Do you have a heart for unchurched people (children, teenagers, adults) living in multihousing in your community?
2. Are you willing to make mistakes?
3. Are you teachable?
4. Can you ask others for help?
5. Are you willing to depend on God for resources, guidance, overcoming barriers, and changed lives?

If you answered yes to the above questions, then you are just the kind of people we are looking for to take the next step with God. Continue to browse through the items on this website and let HIM guide you to the ideas and “helps” that fit your personality and locale.
