

“Youth and Amateur Sports Health and Safety Guidance 2021”

Youth and amateur sports guidance is updated to no longer require face coverings for youth athletes 18 and under while playing outdoor sports. Also all youth and amateur sports restrictions are lifted.

The UYFF league **will not require masks** to be worn by players, coaches, umpires or anyone at the fields. If any of these persons want to wear a mask, it will be at their own discretion. Please be respectful of their choice.

The UYFF league **will not require vaccinations**. We are accepting all non vaccinated and vaccinated players. Please be respectful of their choice.

The UYFF league will have hand sanitizer at the fields for players, staff and patrons.

Lastly, the only requirement that the UYFF league has is that you keep safe and you have fun.

Thank you

UYFF
