

PARTICIPATION INITIATIVE GUIDELINE:

1: For an event to be considered by the committee for participation hours it must meet the follow criteria:

- Generate more active and ongoing RCSL participation through league events.
- Encourage and foster meaningful LGBT community engagement and activism.

2: Any events not listed/announced by the board or committee (such as team set up community service event) must be confirmed and approved by the committee prior to the event being held.

3: Hours will only be generated by registered team members. If you bring a friend or spouse that does not play, it will not count. Registered non-players who have paid dues will count.

4: Each event will have a designated committee member or board member in attendance who will be confirming attendance using each team's roster, so please make sure your team is registered and paid ASAP.

Note: Going to an "LGBTQ+ night" at a club or a drag brunch will not count unless the event is donating/supporting/promoting an LGTBQ+ organization or charity. Example: Free Play Arcade, which is held weekly, is donating a percentage of their proceeds to Rhode Island Pride, so the event will count.
