Seeing a physical quorum present, Chair Hedges called the meeting to order and offered a time for public comment. No comments were offered.

Chair Hedges called for consideration of the May 21, 2019, Board minutes. Upon motion by Ms. Merrick, second by Mr. McMullen, the minutes were approved.

Chair Hedges recognized Mr. Perrey who presented the following Executive Director’s Report:

- A report issued by the National Housing Conference on Health and Housing included Tennessee as one of three states featured in the report. Lorrie Shearon, Chief Strategy Officer, along with staff at the Department of Mental Health and Substance Abuse, worked on this report in conjunction with National Housing Conference on Health and Housing.
- A company THDA pays to try to hack and infiltrate THDA’s computer system was unsuccessful due to the work of THDA’s IT division and mandatory staff security training.
- Single Family Loan production remains very strong, at $45 million for the month to date and about $390 million year to date, which is approximately 11% ahead of production from last year.
- The Hardest Hit Fund Program is down to the last $1.2 million for the special downpayment assistance program. Loans with this type of downpayment assistance account for less than 30% of total loan production.
- The Department of Energy is currently reviewing the Weatherization Assistance Program.
- Bringing mortgage loan servicing in-house has resulted in an approximate $2 million gain for THDA. THDA’s loan portfolio performance has improved with the overall delinquency rate currently at 7.85%.
• A Rebuild and Recover Program grant in the amount of $500,000 was approved for Jefferson County due to flash flooding.

• THDA received its seventh consecutive high performer status in the Section 8 Management Assessment.

• Commissioner Marie Williams of the Department of Mental Health and Substance Abuse Services was recognized. She provided information about the Creating Homes Initiative partnership that, by 2002, used $2.5 million of THDA funds to leverage other funds to create 20,000 housing opportunities for 20,000 Tennesseans struggling with mental health issues. She noted that with this proven model in partnership with THDA and $3 million appropriated by the General Assembly, the hope was to create housing for people recovering from substance abuse, with a focus on opioid addition.

Mr. Perrey noted that Governor Lee campaigned on doing more to combat the opioid epidemic in Tennessee and he indicated that staff is proposing to commit $3 million of THDA’s funds, on a one time basis, to leverage the $3 million state investment. THDA funds would be used for housing so that the Department of Mental Health and Substance Abuse can apply their full $3 million appropriated by the state to services for individuals in need. Lynn Miller, Chief Legal Counsel, referenced a memo dated July 9, 2019, from Don Watt, Director of Community Programs, and Lorrie Shearon, Chief Strategy Officer that provides an overview of the proposed program and indicates a more detailed program description will be prepared for Board consideration. Upon motion by Mr. Snodderly, second by Ms. Merrick, the Board approved use of $3 million in THDA funds, on a one-time basis, to create housing in conjunction with the Department of Mental Health and Substance Abuse.

Chair Hedges recognized Ms. Miller to present authorization of Issue 2019-3 and the Issue 2019-3 Reimbursement Resolution. She noted that Issue 2019-2 closed on June 27, 2019, with commitments of over $165 million against approximately $190 million in proceeds and purchases of over $110 million in mortgage loans as of that date. Ms. Miller referenced the following documents in the Board materials:

• a memorandum from CSG dated July 10, 2019, that recommended authorization of Issue 2019-3 under the 2013 General Resolution, through a negotiated sale, in an aggregate principal amount not to exceed $150 million, with no economic refunding component, and for Raymond James & Associates, Inc. to serve as bookrunning senior manager and Wiley Brothers-Aintree Capital to serve as the rotating co-manager;

• the Plan of Financing for Issue 2019-3 in an aggregate principal amount not to exceed $150 million as approved by the Bond Finance Committee (“Plan of Financing”);

• the Resolution of the Board of Directors authorizing the issuance and sale of Issue 2019-3 under the 2013 General Resolution, and delegating authority to the Bond Finance Committee to determine all final terms and conditions of the Issue 2019-3 bonds as recommended by the Bond Finance Committee (“Authorizing Resolution”);

• the Resolution of the Board of Directors authorizing reimbursement of THDA from proceeds of Issue 2019-3 in an amount not to exceed $60 million as recommended by the Bond Finance Committee (“Reimbursement Resolution”).

Upon motion by Treasurer Lillard, second by Ms. Wilson, the Authorizing Resolution and the Reimbursement Resolution were approved.

Chair Hedges recognized Ms. Miller to present the State Form CT-0253, Report on Debt Obligation (the “Report”) for Issue 2019-2. Ms. Miller explained that the Report is statutorily required for every bond sale and must be submitted to the Board of Directors for review. Ms. Miller referenced her memo dated July 11, 2019, that compares fee and expense information received to date for Issue 2019-2 and the three
prior bond issues. She circulated a revised memo with additional fee information including $190,000 payable to Standard & Poor’s and $1,077 payable to the General Services Print Shop. She noted that additional numbers will be added to the Report and a final version will be circulated around the same time it is submitted to the Office of State and Local Financing prior to the August 11, 2019 deadline. No action is required by the Board.

Chair Hedges recognized Secretary of State Hargett for the Audit & Budget Committee report. Secretary of State Hargett noted there were no action items, but that Gay Oliver, THDA Director of Internal Audit, presented a very thorough report on the Fiscal Year 2020 Audit Plan (“Audit Plan?”). He also noted that Trent Ridley, THDA Chief Financial Officer, presented a Fiscal Year 2019 budget recap showing that, despite increases in staffing and advertising cost for servicing, there was an increase in revenue to THDA of approximately $2 million.

Chair Hedges recognized Mr. McMullen for the Grants Committee report. Mr. McMullen referenced a memorandum from Don Watt, Director of Community Programs, dated July 3, 2019, and the attached proposed 2020 Fall Round Tennessee Housing Trust Fund (“THTF”) Competitive Grants Program Description (the “THTF Program Description”). He noted that the Grants Committee recommended making approximately $1,800,000 available for the construction and rehabilitation of affordable rental housing under the THTF Program description described in the referenced memo. He stated that the only change from the previous Program Description was that spend-down requirements have been updated for applicants that may have been awarded a previous THTF grant. Upon motion by Mr. Lillard, second by Ms. Tully, the 2020 Fall Round THTF Program Description was approved, with authorization for the Executive Director to make final award decisions.

Mr. McMullen next presented a request from Brownsville Housing Authority (“BHA”) to extend their 2016 Spring Round THTF Competitive Grants contract. He referenced a memo from Don Watt dated July 3, 2019, and the attached request letter from BHA. Mr. McMullen explained that although BHA has not drawn down THTF funds, they provided satisfactory proof that construction is now well underway after issues with building design, design approval from local codes officials, and record-setting rainfall in the area. He further explained that the Grants Committee recommended approval of the extension request to October 31, 2019. Upon motion by Mr. Snodderly, second by Ms. Merrick, the extension of the Brownsville Housing Authority 2016 Spring Round THTF Competitive Grants contract to October 31, 2019, was approved. Ms. Miller noted that in context of this discussion, the Grants Committee indicated that all extension requests should be received by THDA in sufficient time for evaluation and consideration at the Board meeting prior to the expiration date of any grant contract.

Mr. McMullen referenced the 2019 Spring Round THTF Competitive Grants awards described in a memo from Don Watt dated July 3, 2019. No action was required by the Board.

Mr. McMullen next referenced a memo from Don Watt dated July 3, 2019, and the attached the 2019 National Housing Trust Fund (“NHTF”) Program Description recommended by the Committee and described the funding to be made available. Upon motion by Ms. Tully, second by Ms. Butterworth, the 2019 NHTF Program Description was approved, with authorization for the Executive Director to make final award decisions.

Mr. McMullen referenced the 2018 NHTF awards described in a memo from Don Watt dated July 3, 2019. No action was required by the Board.

Mr. McMullen next referenced a memo from Don Watt dated July 3, 2019, and described amendments to the 2017, 2018, and 2019 HOME Program Descriptions recommended by the Grants Committee. Upon motion by Ms. Merrick, second by Mr. Lillard, amendments to the 2017, 2018, and 2019 HOME Program Descriptions were approved to permit staff to waive reconstruction requirements on a case by case basis and, if waived, to increase the compliance period from five years to fifteen years.
Mr. McMullen referenced the 2019 HOME awards described in a memo from Don Watt dated July 3, 2019. No Board action was required.

Mr. McMullen referenced the 2019 Emergency Solutions Grants ("ESG") awards described in a memo from Don Watt dated July 3, 2019. No Board action was required.

Mr. McMullen next referenced a memo dated July 1, 2019, from Don Watt that proposes submission of the 2020 Low Income Home Energy Assistance Program ("LIHEAP") Annual Plan to the U.S. Department of Health and Human Services ("HHS") with certain changes as recommended by the Grants Committee. Upon motion by Mr. Lillard, second by Ms. Merrick, staff was authorized to submit an application to HHS for LIHEAP Program Year 2020 funds by the federal deadline of September 1, 2019, subject to review of any material changes by the Board Chair, the Committee Chair, and THDA’s Executive Director prior to submission.

Chair Hedges recognized Mr. Snodderly for the Rental Assistance Committee report. Mr. Snodderly noted there were no items for Board action, but the Committee received an update on the Housing Quality Standards revisions to the Section 8 Administrative Plan. He recognized staff for receiving high performer status on CMAP.

Chair Hedges recognized Ms. Tully for the Tax Credit Committee report. Ms. Tully reported there were no items for Board action. She also noted that Mr. Watt reviewed potential amendments to the 2019-2020 Low Income Housing Credit Qualified Allocation Plan ("QAP"), which were published for public comment. She explained that there will be numerous amendments to the QAP to be considered in September.

With no further business, the meeting was adjourned.

Respectfully submitted,

Ralph M. Perrey
Executive Director

MEMORANDUM

TO: Board of Directors
FROM: Don Watt, Director of Community Programs
       Lorrie Shearon, Chief Strategy Officer
DATE: July 9, 2019
RE: THDA Partnership with Department of Mental Health and Substance Abuse Services

Proposed Board Action

At this time, THDA staff asks for board approval to 1) set aside a one time amount of $3 million for purposes of working with the Department of Mental Health and Substance Abuse Services (DMHSAS) on creating recovery housing under an expanded Creating Homes Initiative; and, 2) work with DMHSAS on a program description for granting these funds to appropriate entities. The program description would come to the Board for consideration at a later date.

Background

In this year’s state budget, DMHSAS received a $3 million budget appropriation to be directed toward substance abuse recovery, particularly opioid recovery. DMHSAS has approached THDA about matching this appropriation with $3 million of THDA’s funds to provide for “recovery housing”, enriched by needed services for this population.

About twenty years ago, DMHSAS (which had a slightly different name at that time) initiated the Creating Homes Initiative (CHI) to create new housing “opportunities” for persons with mental illness in Tennessee. Similar to the present situation, the Department of Mental Health approached THDA about a partnership and THDA responded by setting aside $2 million in a combination of HOME and unrestricted THDA funds. These funds were used for the building component – “bricks
and sticks” – of homes dedicated to low income persons with mental illness. The partnership was ultimately extremely successful, surpassing all of its goals.

**General Program Features**

Due to the prior success of this partnership, staff proposes a model that would function similarly to the previous partnership and builds upon the earlier success. Staff hereby proposes that THDA set aside $3 million from unrestricted THDA funds, on a one time basis, to be used to create housing for people recovering from substance abuse, with a particular focus on opioid addiction. This proposal has the following general features:

- THDA funds would go toward grants to eligible entities involved in property acquisition, development and rehabilitation and/or construction of these housing units; THDA funds would be matched by DMHSAS funds, which would go toward administrative costs and the costs of providing needed services for the residents.
- THDA staff will develop a program description similar to the THTF Competitive Grant Program, working with DMHSAS to identify allowable activities, targeted populations and geographies, size of grants, eligibility, etc. Staff expects to bring this program description to the Board for consideration in September, 2019.
- THDA and DMHSAS will jointly review and score applications received for these funds.
- THDA will be in charge of compliance monitoring of the units while DMHSAS will ensure appropriate services are maintained, thereby allowing each agency to be responsible for the areas where they have expertise.

DOCUMENTS FOR BOND FINANCE COMMITTEE CONSIDERATION

Attached please find the following documents in connection with the requested authorization of the next THDA bond issue, Issue 2019-3:

1. Memo from CSG Advisors Incorporated (“CSG”) recommending authorization in the maximum principal amount of $150 million for a bond issue under the General Residential Finance Program Bond Resolution adopted in 2013. This bond issue is not expected to include a refunding component. Staff expects this bond issue to be priced in early September 2019, with closing in early October 2019, depending on THDA loan production. The final size and structure will be determined by the Bond Finance Committee closer to pricing.

2. THDA Plan of Financing for Issue 2019-3 Residential Finance Program Bonds, which the Bond Finance Committee will be asked to approve.

3. Resolution of the Board of Directors of the Tennessee Housing Development Agency Authorizing the Issuance and Sale of Residential Finance Program Bonds, Issue 2019-3, which includes the form of Series Resolution for Issue 2019-3 and which authorizes the referenced bond issue and delegates authority to the Bond Finance Committee to determine all final terms and conditions. The Bond Finance Committee will be asked to recommend this resolution and the transaction to the THDA Board of Directors.

4. Resolution of the Board of Directors of the Tennessee Housing Development Agency Authorizing Reimbursement of THDA from Proceeds of Issue 2019-3 in an amount not to exceed $60 million. The Bond Finance Committee will be asked to recommend this resolution to the Board of Directors.
COMPLIANCE WITH THDA DEBT MANAGEMENT POLICY

Issue 2019-3 complies with the Tennessee Housing Development Agency Debt Management Policy adopted on November 28, 2011, as amended (the “Debt Management Policy”). In particular, Issue 2019-3 complies with the Debt Management Policy as follows:

Part III - by allowing THDA “…to maintain a steadily available supply of funds to finance its mortgage loan programs at cost levels that provide competitive, fixed interest rate mortgage loans that benefit low and moderate income families, while maintaining or improving THDA’s overall financial strength and flexibility…”

Part VIII - the issuance of this debt will not cause THDA to exceed the statutory debt limit contained in TCA Section 13-23-121.

Part X - the factors and items listed to be considered in planning, structuring and executing a bond issue have been and will be considered as planning, structuring and executing this bond issue moves forward.

Part XIV - serial bonds, terms bonds and PAC bonds are being considered for the structure of the bond issue.

Parts XV, XVIII, XIX, XX and XXI are not applicable as authorization requested for Issue 2019-3 does not include a refunding component, interest rate and forward purchase agreements, conduit debt, or variable rate debt.

BOOKRUNNING SENIOR MANAGER

In connection with the appointment of the underwriting team in January 2018, the Bond Finance Committee elected to move from a strict rotation to a “soft” rotation for the selection of the senior bookrunning manager. The Bond Finance Committee retained the option of changing the order based on an analysis of performance on the immediately preceding THDA bond issue.

The CSG memo referenced in #1 above includes an analysis of and recommendation for senior bookrunning manager. Based on the CSG recommendation, THDA staff recommends that Raymond James & Associates, Inc. (“Raymond James”), be appointed as the bookrunning senior manager for Issue 2019-3.

ROTATING CO-MANAGER

Based on the CSG recommendation, THDA staff recommends that selling group member Wiley Brothers-Aintree Capital, LLC, be appointed to serve as rotating co-manager for Issue 2019-3 based on their performance, as described by CSG, on Issue 2019-2.

# Executive Summary

- CSG recommends that the THDA Board of Directors and THDA Bond Finance Committee authorize a $150 million Issue 2019-3 under the Residential Housing Finance Program Bond Resolution as new money bonds to fund THDA’s mortgage loan pipeline. The exact issue size will be evaluated closer to the bond sale date based on THDA’s pipeline and interest rates at the time.

- Issue 2019-2 closed on June 27, 2019, and THDA expects Issue 2019-2 to be fully committed by late-July 2019, at which time THDA will begin committing against Issue 2019-3.

- Issue 2019-3 is expected to be sold in early-September for a closing in late-September or early-October 2019, providing funding for late summer and fall production.

## Current Market Conditions

Since THDA’s Issue 2019-2 priced on June 4, 2019, interest rates have trended lower, with the 10-year US Treasury bond slipping from 2.12% to 2.06% as of July 9, and the 30-year treasury fell from 2.60% to 2.54% over the same period. High-quality tax-exempt Municipal Market Data Index (“MMD”) yields over this period also trended down from their June 4 levels, with the 10- and 30-year yields slightly lower, from 1.64% and 2.33% to 1.61% and 2.28%, respectively. Last week, municipal bonds (based on MMD yields) hit their year-to-date lows as a result of robust demand chasing moderate new issue municipal supply.

Although weaker European and Chinese economies and tariff threats worry investors and drive volatility, the US economy continues to show resilience. Price inflation remains below the Federal Reserve’s 2% target and softer manufacturing sector reports have given the Federal Reserve’s Open Market Committee...
(FOMC) flexibility in adopting a “wait-and-see” posture toward further rate change decisions and fueled market expectations of multiple rate cuts, starting as soon as the FOMC’s July 30-31 meeting.

**Background**

On June 4, 2019, THDA priced its Residential Finance Program Bonds, Issue 2019-2 in the amount of $200 million, of which $192.48 million was available to purchase new mortgage loans (including zeros). As of June 30, 2019, approximately $125.7 million of Issue 2019-2 proceeds were committed.

When the Issue 2019-2 proceeds are exhausted, THDA will begin to purchase mortgage loans using available THDA funds, expecting that such advances will be reimbursed with proceeds of Issue 2019-3. Beginning in July, THDA anticipates building a pipeline of mortgage loans to be funded with Issue 2019-3. Based on current projections, staff expects THDA has sufficient available funds on hand to continue purchasing mortgage loans through the anticipated closing of Issue 2019-3 in late-September or early-October 2019.

None of THDA’s outstanding bonds will become optionally redeemable at par before January 1, 2020. Since housing bonds may not be refunded prior to 90 days before they are redeemed, no economic refunding is proposed for Issue 2019-3.

**Proposed Sizing and Structure for Issue 2019-3**

Authorizing a bond issue of not to exceed $150 million is expected to allow THDA to continue purchasing mortgage loans into the fourth quarter of 2019. The ultimate size of the issue will depend on mortgage loan demand until pricing, on interest rates, and on an assessment of negative reinvestment costs (the cost of investing bond proceeds at lower interest rates than the bond interest rate before such proceeds can be used to purchase mortgage loans).

Based on current market conditions and investor appetite, structuring Issue 2019-3 to include planned amortization class bonds (“PACs”) to be sold at a premium would significantly lower the issue’s bond yield. PACs are often priced at a premium and most frequently designed with an expected five-year average life, assuming future prepayment speeds over a broad range. Prepayments up to 100% PSA would be directed first to redeeming the PACs until they are completely retired. Due to the projected short and stable average life and the high coupon on the PACs, institutional investors accept much lower yields than for conventional term bonds with the same maturity.

A possible concern with the use of PACs is that actual prepayments could occur at a sustained speed below 100% PSA, causing the PACs to remain outstanding longer than projected and potentially extending the period during which THDA would pay the high coupon on these bonds. However, THDA’s average historical prepayment speed is greater than 150% PSA. Also, if the actual sustained prepayment speed is less than 100% PSA, at its option THDA could choose to redeem the PACs up to the 100% PSA experience with other available funds in order to maintain the short average life of the PACs.

Two alternative bond structures are presented in Exhibit A. In each case after calculating an estimated bond yield, the spread for tax compliance purposes between the mortgage loan yield and the bond yield was determined. Then, the amount of zero participation loans needed to bring the issue up to the maximum allowable tax spread of 1.125% was computed, based on current bond interest rates and THDA’s current mortgage rates.

- **Scenario 1** shows a level-debt issue with no PAC bonds, economic refunding component, or overcollateralization. The spread for tax purposes is 0.758%. $14.5 million in zeros would be
consumed to increase the issue to a full 1.125% spread. Structuring the bonds without a PAC bond is not optimal or the most efficient structure.

- **Scenario 2** includes non-AMT PAC bonds. The lower yield on the PAC reduces the overall bond yield by 0.19% and would result in a spread for tax purposes of 0.949%. $6.5 million in zeros would be consumed to increase the issue to a full 1.125% spread.

It should be noted that THDA has accumulated approximately $110 million in zeros that could be used to subsidize new bond issues, such as Issue 2019-3. Each of the scenarios summarized above and listed in Exhibit A assume that THDA continues lending at interest rates of 3.875% and 3.375% for its Great Choice and Brave Choice loan programs, respectively. The amount of zero participation loans that THDA accumulated helps mitigate THDA’s risk of higher bond rates on future transactions, particularly with less economic refunding opportunities over the next few years than in the recent past. At the same time, it seems prudent to begin consuming a portion of the zeros, in view of the amount that has built up over the last several years.

As the financing is developed, production needs will be refined, and as the proposed pricing date approaches, CSG will continue to evaluate the benefits of including PACs and other premium or discount bonds, or super-sinker bonds to assess whether further refinement of the structure could offer improvement in the pricing of Issue 2019-3.

Issuing the Issue 2019-3 Bonds under the 2013 General Resolution avoids a state moral obligation pledge on the bonds.

**Method of Sale**

In the current market for housing bonds THDA will continue to benefit from offering its bonds via negotiated sale, rather than by competitive bid. Factors favoring a negotiated sale include:

**Retail Sales / In-State Selling Group** – THDA has enjoyed strong demand for its bonds among Tennessee retail investors with retail buyers often helping to set prices for institutions. Underwriting syndicate members with strong in-state marketing and distribution networks for bonds to retail investors have been an important component of support for THDA’s issues. Bonds not subject to the AMT have been and are expected to continue to appeal to retail investors. The presence of selling group members, who only earn a fee on bonds they sell, helps assure that competitive forces work in THDA’s interest during a negotiated sale. When housing bonds are sold via competitive bid, the winning bidder has little time or incentive to market bonds to retail investors or to involve smaller Tennessee-based broker-dealers. Compared to offerings with little retail participation, interest rate savings on bonds sold principally to retail investors often amount to 0.05%. THDA’s practice of elevating a top-performing member of the selling group to co-manager status on the next offering has reinforced retail support.

**Market Volatility** – A competitively bid bond issue requires that the timing and, to a significant extent, the final bond structure be established well in advance of the bid date. Continued market volatility and low housing bond volumes make it unlikely THDA could structure its bonds to obtain the lowest possible cost of debt in advance of pricing. A negotiated sale provides flexibility to price on shorter notice, to adjust the bond structure through the pricing period in response to market factors and investor indications, or to delay or accelerate the pricing as conditions warrant.

**Complexity and Credit** – While investors are familiar with bonds issued by housing finance agencies, a negotiated sale provides greater opportunity to communicate with investors about the more complex structure, program experience, and the credit features of THDA’s bonds.
Bond Structure – Though Issue 2019-3 is expected to be relatively straightforward for a traditional housing bond, it may be desirable to make changes to the structure close to the time of the bond sale in order to cater to the interests of certain investors, such as those interested in the PACs, to add additional maturities or features, or to use bonds priced at a premium or discount. A negotiated sale facilitates greater flexibility to make structural changes, as reflected in a number of THDA’s offerings in which negotiated long-dated serial bonds allowed THDA to realize savings versus the higher cost of an intermediate term bond.

Pricing Oversight – THDA’s policies and practices for negotiated bond sales – including the review of co-manager price views, consensus scales, comparable pricings, historic and current spreads, other current market data, and concurrent monitoring by the Office of State and Local Finance and CSG – provide THDA with the basis for confirming that its bonds are priced fairly at time of sale. In advance of the offering CSG also provides a pre-pricing memo with information related to general bond market conditions, the housing bond market, and projected interest rate levels based on recent housing bond issues, previous THDA offerings, pending statistical releases, and candid independent discussions with uninvolved third-party underwriting desks. In order to manage incentives for the syndicate members and investors, CSG also advises on syndicate rules and procedures, proposed holdbacks of specific maturities, and allotments of bonds.

Recommendations

CSG Advisors recommends that the THDA Board of Directors and THDA Bond Finance Committee:

- Authorize the sale and issuance of Residential Finance Program Bonds, Issue 2019-3, with a par amount not to exceed $150 million;
- Delegate to the Bond Finance Committee authority to:
  - Establish the principal amount of Issue 2019-3, with a size not to exceed $150 million;
  - Establish the structure, sub-series and pricing schedule of Issue 2019-3; and
  - Approve fixed rate serial and term bonds in any combination with maturities no longer than 32 years.
- Based on current market conditions and for the reasons described above, authorize Issue 2019-3 via a negotiated sale.
- Underwriter Recommendation (see Appendix A for our complete Underwriter Recommendation memo):
  - In view of the continuing value Raymond James & Associates has provided as a member of THDA’s underwriting syndicate, we recommend Raymond James serve as book-running senior manager for Issue 2019-3.

EXHIBIT A - SUPPLEMENT:
IMPACT OF CHANGING FUTURE MORTGAGE RATES
MEMORANDUM

TO: THDA Bond Finance Committee, Office of State and Local Finance, and THDA

FROM: David Jones, Tim Rittenhouse, Mark Kaveny, and Eric Olson

SUBJECT: Underwriter Recommendation
Residential Finance Program Bonds, Issue 2019-3

DATE: July 10, 2019

Background

In January 2018, THDA’s Bond Finance Committee selected a new underwriting team consisting of three (3) senior managers: Citigroup Global Markets, Inc., Raymond James, and RBC Capital Markets; three (3) co-managers: J.P. Morgan, Wells Fargo Securities, and a third rotating co-manager position to be held by a selling group member based on performance in the prior bond issue.

Elevated Selling Group Member

Excluding the standing THDA managers, the following table shows the retail performance of each selling group member for Issue 2019-2, for which Wiley Bros. - Aintree Capital acted as the third co-manager based on its performance on Issue 2019-1. Note that Hilliard Lyons is not shown because it was acquired by R.W. Baird effective April 1, 2019.

Whether based on final allotments or retail orders, Wiley Bros. - Aintree Capital qualified as the selling group member to be elevated to co-manager for THDA’s Issue 2019-3.
Book-Running Senior Manager

Rather than select the book-running senior manager based on a simple rotation, according to the latest underwriter selection by the Bond Finance Committee, the book-running senior manager will be selected from among the two firms who did not serve as the senior book-running manager on the last issuance, based on criteria as determined by the Bond Finance Committee in consultation with the Comptroller’s Office and CSG. As always, THDA reserves the right to adjust the rotation or the factors to be considered at any time and for any reason. Measures of a senior manager’s performance include, but are not limited to, the following primarily qualitative characteristics:

- Bond distribution performance,
- Pricing aggressiveness,
- Ultimate execution of the sale,
- Flexibility,
- Ability to attract new investors,
- Secondary market support,
- Idea generation,
- Syndicate management, and
- Willingness to underwrite unsold bonds.

Raymond James has performed well in each of THDA’s last three bond issues, including a very successful book-running performance in Issue 2018-4 in a challenging market, evidenced by strong institutional order flow, as well as in-state and national retail. When senior managing prior issues, the firm has shown a willingness to price bonds aggressively, work the order book diligently, and underwrite unsold bonds when necessary. Since Issue 2018-4, on the two issues that Raymond James has served as a non-bookrunning manager, the firm contributed meaningfully to both transactions, including retail and, even, net designated institutional orders – a rarity for a non-bookrunning manager.

In view of the continued value Raymond James has provided as a co-senior manager, we recommend that Raymond James serve as book-running senior manager for Issue 2019-3.

*Robert W. Baird & Co. acquired J.J.B. Hilliard, W.L. Lyons as a wholly owned subsidiary effective April 1, 2019.
Pursuant to TCA Section 13-23-120(e)(4):

**AMOUNT:**

The bonds may be sold in one or more series to be known as Residential Finance Program Bonds, Issue 2019-3 (the “Bonds”), to be issued under the General Residential Finance Program Bond Resolution adopted by THDA on January 29, 2013, as amended (the “General Resolution”).

The aggregate principal amount of the Bonds shall not exceed $150,000,000. The actual aggregate principal amount shall be determined by the Bond Finance Committee of the THDA Board of Directors (the “Bond Finance Committee”) upon the recommendation of the Financial Advisor, Executive Director, Assistant Secretary of the Bond Finance Committee and approved by THDA’s Bond Counsel and may take into account the following limitations and other factors:

1. The amount of Bonds which may be issued pursuant to the Act and the total amount of bonds outstanding under the General Resolution; and

2. The amount of Bonds which may be issued to refund bonds or notes outstanding under the General Resolution, the General Homeownership Program Bond Resolution (the “1985 Resolution”); or under the General Housing Finance Resolution (the “2009 Resolution”) to provide economic savings, additional opportunities for interest rate subsidies with respect to THDA Program Loans or as a result of prepayments, proceeds on hand, excess revenues, or maturing principal; and

3. The amount of Bonds that may be issued, the proceeds of which are necessary to reimburse THDA for Program Loans financed from available THDA funds prior to the availability of proceeds from the Bonds; and

4. The amount of Bonds which may be issued, the proceeds of which are necessary to meet demand for Program Loans; and

5. The availability of THDA’s funds, subject to the review of the Bond Finance Committee, for the purpose of providing for the payment of the costs of issuance of the Bonds, paying capitalized interest with respect to the Bonds, funding the Bond Reserve Fund, providing additional security for the Bonds, and achieving a lower rate of interest on the Program Loans; and

6. The amount of resources (loans and cash) available under the 1985 General Resolution to overcollateralize the Bonds, if needed, to improve yield, reduce the amount of other subsidies and to increase the program asset debt ratio under the General Resolution.
APPLICATION OF PROCEEDS: Proceeds of the Bonds will be applied to (i) finance Program Loans by the direct purchase thereof; and (ii) other uses as specified below in approximately the following amounts:

90% for single-family first lien mortgage loans, refinancing outstanding bonds;
8% for bond reserve;
1% for capitalized interest; and
1% for cost of issuance and underwriter’s discount/fee.

DATE, METHOD AND TERMS OF SALE: The sale of the Bonds will take place by competitive or negotiated sale, including private placement, and will occur no later than December 31, 2019. THDA will prepare for the sale with the aid of its financial advisor, CSG Advisors Incorporated, and its bond counsel, Kutak Rock.

MATURITIES: The Bonds may be any combination of tax-exempt and/or taxable long and/or short term serial, term, and/or discounted or premium bonds as may be determined by the Bond Finance Committee. The Bonds shall have a maturity not to exceed 34 years from the date of original issuance.

BOND INTEREST RATES: The interest rates on the Bonds shall be fixed long term rates and shall not result in a net interest cost in excess of 9% per annum.

REDEMPTION TERMS: The Bonds may be subject to redemption prior to maturity on such terms as are to be determined by the Bond Finance Committee.

LOAN INTEREST RATES AND COST OF ADMINISTRATION: Unless otherwise permitted under the Internal Revenue Code, the blended effective interest rate on Program Loans financed with proceeds of tax-exempt Bonds (including any transferred loans upon the refunding of any outstanding bonds) will not exceed 112.5 basis points over the yield on such tax-exempt bonds, as calculated in accordance with the Internal Revenue Code, from which all of THDA’s costs of administration for the Bonds may be paid.

Section 2.10. Special Optional Redemption. The Issue 2019-3 Bonds are subject to redemption, at the option of THDA, as a whole or in part at any time prior to maturity, in accordance with the provisions of the General Resolution in an amount equal to amounts available for such purpose from (i) proceeds of the Issue 2019-3 Bonds not expected to be
applied to the financing of Program Loans, (ii) repayments and prepayments of Program Loans (including Program Securities [and the Transferred Program Loans]) allocated to the Issue 2019-3 Bonds not otherwise required to be applied to the special mandatory redemption of the Issue 2019-3 Bonds as described in Sections 2.11(b) or 2.11(c) hereof or to make regularly scheduled principal payments, including Sinking Fund Payments, on the Issue 2019-3 Bonds, (iii) repayments and prepayments of Program Loans made with the proceeds of any other Bonds issued under the General Resolution, subject to limitations contained in the Code, (iv) other amounts on deposit in the Revenue Fund in excess of the amounts required for the payment of Debt Service and Program Expenses, and (v) amounts on deposit in the Bond Reserve Fund in excess of the Bond Reserve Requirement; provided however, that the PAC Bonds (A) are only subject to redemption as described in clause (ii) above as described in Section 2.11(b) hereof [, and] (B) shall not be subject to redemption as described in clauses (iii), (iv) and (v) above if such redemption would cause amortization of a PAC Bond to exceed the Planned Amortization Amount.

The date of redemption pursuant to this Section 2.10 shall be determined by the Trustee upon the direction of THDA subject to the provisions of and in accordance with the General Resolution (and when so determined such date will be deemed and is hereby set forth as the redemption date). The Issue 2019-3 Bonds to be so redeemed shall be redeemed at a Redemption Price of 100% of the principal amount thereof, plus interest accrued to the redemption date, if applicable; provided, however, that the Redemption Price for the PAC Bonds in the event of a redemption described in clause (i) of the paragraph above shall be the issue price thereof (par plus premium), plus accrued interest to the redemption date.

The Issue 2019-3 Bonds to be redeemed pursuant to this Section 2.10 shall be selected by THDA in its sole discretion; provided, however, that the PAC Bonds may not be redeemed in an amount in excess of their proportionate amount of all Issue 2019-3 Bonds then Outstanding in the event of any redemption pursuant to clause (i) of the first paragraph of this Section 2.10.

Section 2.11. Special Mandatory Redemptions.

(a) Unexpended Proceeds. The Issue 2019-3 Bonds are subject to mandatory redemption on __________ in the event and to the extent that there are unexpended proceeds of the Issue 2019-3 Bonds on deposit in the Issue 2019-3 Subaccount of the Loan Fund on __________; provided that such redemption date may be extended, at the option of THDA, and subject to the satisfaction of the conditions set forth in Section 4.01 hereof.

Notwithstanding any extension of the redemption date described above, in order to satisfy requirements of the Code, the Issue 2019-3 Bonds are subject to mandatory redemption on __________, __________, to the extent any amounts remain on deposit in the Issue 2019-3 Subaccount of the Loan Fund on __________, __________.

The redemption price of the Issue 2019-3 Bonds to be so redeemed shall be 100% of the principal amount thereof plus interest accrued to the date of redemption, if applicable; provided, however, that the redemption price for the PAC Bonds shall be the issue price thereof (par plus premium) plus accrued interest to the redemption date. The Issue 2019-3 Bonds to be redeemed shall be selected by THDA in its sole discretion;
provided, however, that the PAC Bonds may not be redeemed in an amount in excess of their proportionate amount of all Issue 2019-3 Bonds then Outstanding.

(b) [Excess 2019-3 Principal Payments (PAC Bonds).] The PAC Bonds are subject to redemption prior to their maturity, in whole or in part at a Redemption Price of 100% of the principal amount of such PAC Bonds to be redeemed, plus interest accrued to the date of redemption, from amounts transferred to the Redemption Account representing Excess 2019-3 Principal Payments. Any Excess 2019-3 Principal Payments so deposited in the Redemption Account shall be applied to the redemption of PAC Bonds on any Interest Payment Date commencing [July 1, 2020]; provided that PAC Bonds may be redeemed between Interest Payment Dates on the first Business Day of any month for which adequate notice of redemption may be given.

While any PAC Bonds remain Outstanding, Excess 2019-3 Principal Payments shall be used as follows:

FIRST, if principal prepayments on the Program Loans allocable to the Issue 2019-3 Bonds (including Program Securities [and the Transferred Program Loans]) are equal to or less than the 400% PSA Prepayment Amount, as determined by THDA, then available Excess 2019-3 Principal Payments shall first be applied to redeem the PAC Bonds up to an amount correlating to the PAC Bonds Planned Amortization Amount, and, subject to Section 2.11(c) below, the remainder may be applied by THDA for any purpose permissible under the Resolution, including the redemption of any Bonds issued under the Resolution, including the PAC Bonds.

SECOND, if principal prepayments on the Program Loans allocable to the Issue 2019-3 Bonds (including Program Securities [and the Transferred Program Loans]) are in excess of the 400% PSA Prepayment Amount, as determined by THDA, then available Excess 2019-3 Principal Payments shall first be applied to redeem PAC Bonds up to an amount correlating to the PAC Bonds Planned Amortization Amount (as set forth in “FIRST” above) and, subject to Section 2.11(c) below, the remainder may be applied by THDA for any purpose permissible under the Resolution, including the redemption of any Bonds issued under the Resolution, including the PAC Bonds (any such remainder used to redeem PAC Bonds being an “Excess Principal PAC Bond Redemption”); provided, however, that (i) the source of an Excess Principal PAC Bond Redemption is restricted to that portion of available Excess 2019-3 Principal Payments which is in excess of 400% PSA, and (ii) the principal amount of an Excess Principal PAC Bond Redemption may not be an amount in excess of the PAC Bonds’ proportionate amount of all Issue 2019-3 Bonds then Outstanding.

The PAC Bonds Planned Amortization Amount and the 400% PSA Prepayment Amount set forth in Exhibit B hereto are each subject to proportionate reduction to the extent PAC Bonds are redeemed from amounts on deposit in the Issue 2019-3 Subaccount of the Loan Fund which are not applied to finance Program Loans in accordance with Section 2.11(a) hereof.]
(c) Ten Year Rule.

(i) To the extent not required to make regularly scheduled principal payments on the Issue 2019-3 Bonds (including Sinking Fund Payments) or otherwise required to be used to redeem the PAC Bonds as described in Section 2.11 (b) above, repayments and prepayments of principal on the Program Loans, or portions thereof, allocable to the Issue 2019-3 Bonds (including Program Securities [and the Transferred Program Loans]) received more than ten years after the Issue Date of the Issue 2019-3 Bonds (or the date of original issuance of the bonds refunded by the Issue 2019-3 Bonds, directly or through a series of refundings) shall be applied to redeem the Issue 2019-3 Bonds on or before the next Interest Payment Date with respect to the Issue 2019-3 Bonds, which Interest Payment Date is at least six months from the date of receipt of such Program Loan principal payments, in such principal amounts as required to satisfy requirements of the Code. The Redemption Price of Issue 2019-3 Bonds so redeemed shall be 100% of the principal amount thereof, plus interest accrued to the redemption date, if applicable.

(ii) THDA shall advise the Trustee of the appropriate Redemption Date for any redemption pursuant to this Section 2.11(c). The Issue 2019-3 Bonds to be redeemed shall be selected by THDA in its sole discretion; provided however, that the PAC Bonds may be redeemed in an amount that exceeds the PAC Bonds Planned Amortization Amount only if there are no other Issue 2019-3 Bonds Outstanding.

Section 2.12. Selection by Lot. If less than all of the Issue 2019-3 Bonds of like Series and maturity are to be redeemed, the particular bonds of such maturity to be redeemed shall be selected by lot in accordance with Section 6.4 of the General Resolution.

Section 2.13. Purchase of Bonds by THDA or Trustee. Whenever moneys are available for redemption of Bonds under Sections 2.08, 2.09, 2.10 or 2.11 above, THDA or the Trustee is authorized to purchase Bonds at a price not to exceed the applicable Redemption Price.

A person will also be considered to have a disability if he or she has a developmental disability, which is a severe, chronic disability that is attributable to a mental or physical impairment or combination of mental and physical impairments; is manifested before the person attains age 22; is likely to continue indefinitely; results in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and reflects the person’s need for a combination and sequence

Housing funded for this population must meet the qualities of settings that are eligible for reimbursement under the Medicaid home and community-based services that were established by the Centers for Medicare and Medicaid Services (CMS) in the final rule dated January 16, 2014:

The final rule requires that all home and community-based settings meet certain qualifications, including:

- The setting is integrated and supports full access to the greater community;
- Is selected by the individual from among setting options;
- Ensures individual rights of privacy, dignity, and respect, and freedom from coercion and restraint;
- Optimizes autonomy and independence in making life choices; and,
- Facilitates choice regarding services and who provides them.

Additionally for provider owned or controlled residential settings, the following additional requirements apply:

- The individual has a lease or other legally enforceable agreement providing similar protections;

D. PROHIBITED ACTIVITIES

A Grantee may not use the Competitive Grant for any of the following:

1. Pledge Competitive Grant funds as support for tax exempt borrowing by local grantees.

2. Provide off-site improvements or neighborhood infrastructure or public facility improvements.

3. Provide any portion of the THTF Competitive Grant or the required local match for administrative expenses by local governments.

4. Provide assistance to private, for-profit owners of rental property.

5. Implement homeowner rehabilitation projects.

6. Implement homeownership activities, including down payment assistance programs and the development of units for homeownership.

7. Acquire, rehabilitate or construct rental housing that is a treatment, hospice, nursing home, or convalescent facility.

8. Project Operating Reserves

9. Developer Fees

10. Cover costs incurred prior to the THTF contract start date.
E. MATCH

Proposals must include a 50% match of the THTF development dollars awarded. THTF administrative funds allocated to the project are not required to be matched.

Eligible Sources of Match Include:

1. Grants from other agencies.
2. Federal sources such as the Community Development Block Grant (CDBG) program or USDA Rural Development.
3. Cash Contributions by local church groups, local agencies, or contributions by individuals.
4. Bank loans.
5. A funding pool established by a local lender for the applicant.
6. Supportive services provided for projects serving individuals with disabilities, homeless veterans, ex-offenders, the elderly, or youth transitioning out of the foster care system. The value of supportive services may be counted over the length of the applicable compliance period.
7. Rental assistance tied to the property. To be eligible, the commitment of rental assistance must extend beyond the end of the grant term. For purposes of application scoring, THDA will only count that value of rental assistance that extends beyond the grant term.
8. The value of property already owned by the Applicant upon which the proposed housing will be rehabilitated or constructed.
9. HOME grants from local participating jurisdictions to non-profit applicants.

Ineligible Sources of Match:

1. THDA program funds, including federal funding sources, made available to Applicants will not be an eligible source of the matching funds.
2. In-kind donations, services, or labor will not be an eligible source of matching funds.

THDA will prioritize applications with a firm match commitment, the value of which is clearly documented in the application by the entity providing the match source.
F. PROGRAM REQUIREMENTS

1. INCOME LIMITS

Competitive Grants for rental projects may be used to benefit low-, very low- or extremely low income households.

A. “Low income household” means an individual or family unit whose gross annual income does not exceed 80% of the area median income, adjusted for family size;

B. "Very low income household" means an individual or family unit whose gross annual income does not exceed 50% of the area median income, adjusted for family size.

C. “Extremely low income household” means an individual or family unit whose gross annual income does not exceed 30% of the area median income, adjusted for family size.

The income limits apply to the incomes of the tenants, not to the owners of the property.

Grantees shall use the income limits established by the U.S. Department of Housing and Urban Development for the HOME Program, and household income as defined by the Section 8 Rental Assistance Program. Current limits are in Attachment Three: Income Limits. The income of the household to be reported for purposes of eligibility is the sum of the annual gross income of the beneficiary, the beneficiary's spouse, and any other family member residing in the home or rental unit. Annual gross income is "anticipated" for the next 12 months, based upon current circumstances or known upcoming changes, minus certain income exclusions.

Grantees shall ensure occupancy of units for which Competitive Grants were used by low-, very low- or extremely low-income tenants during the compliance period. Tenants whose annual incomes increase to over 80% of the area median may remain in occupancy, but must pay no less than 30% of their adjusted monthly income for rent and utilities.

2. CRIMINAL BACKGROUND

Grantees shall follow HUD regulations with regard to the provision of housing for ex-offenders. HUD regulations prohibit housing assistance to the following groups of ex-offenders:

A. Ex-offenders who have been evicted from federally-assisted housing for drug-related criminal activity with an effective date of eviction within the last three (3) year period.

B. An ex-offender household that includes a member who has ever been convicted of a drug-related criminal activity involving the manufacturing or production of methamphetamines on the premises of federally-assisted housing.

C. An ex-offender household that includes a member who is subject to a lifetime registration requirement under a state sex offender registry program.
3. COMPLIANCE PERIOD

All rental housing projects for which Competitive Grants funds are used shall have a compliance period that begins on the date of issuance of the certificate of occupancy for the final building within the project. If a certificate of occupancy is not issued, the compliance period will begin on the date of recordation of the notice of completion for the project. Prior to drawing down Competitive Grants funds, Grantees shall sign a grant note, deed of trust and restrictive covenant to enforce the compliance period. The Competitive Grant is forgiven at the end of the compliance period if full compliance was achieved throughout the compliance period.

The length of the compliance period will be determined based on the amount of Competitive Grants funds invested per unit:

</tr>
<tr>

</tr>
</tbody>
</table>

4. PROPERTY STANDARDS

Property standards must be met when Competitive Grants funds are used for a project. Any rental units constructed or rehabilitated with Competitive Grants funds must meet THDA Design Standards for New Construction or Rehabilitation, as applicable. Additionally, all housing must meet all applicable local codes, rehabilitation standards, and zoning ordinances at the time of project completion.

In the absence of local codes, new construction of multi-family apartments of 3 or more units must meet the State-adopted edition of the International Building Code; new construction of single-family rental units or duplexes must meet the State-adopted edition of the International Residential Code for One- and Two-Family Dwellings; and rehabilitation of existing rental units must meet the State-adopted edition of the International Existing Building Code.

All contractors performing work on THTF assisted units must be appropriately licensed for the type of work being performed.

Following project completion, all properties assisted with Competitive Grant funds must meet Housing Quality Standards throughout the compliance period.

**Visitability.** Additional points will be awarded to Applicants proposing single-family rental or multi-family new construction projects that include design features to make the units visitable by individuals with physical disabilities. These options include a step-free entrance, free passage of 32-36” for interior/exterior doorways, and easy use by individuals confined to a wheelchair. Further information about visitability may be found at [www.visitability.org](http://www.visitability.org).

**Universal Design.** Additional points will be awarded to applications that incorporate features that meet the needs of the greatest number of residents within a community. Universal design differs from accessible design, which is primarily intended to meet the needs of persons with disabilities. Universal design, however, is inclusive of adaptable design as universal design incorporates structural features that will allow a residence to be adapted to an individual’s current or future needs. Universal design features include, but are not limited to:

- Stepless entrances
- Minimum 5’ x 5’ level clear space inside and outside entry door
- Broad blocking in walls around toilet, tub and shower for future placement of grab bars
- Full-extension, pull out drawers, shelves, and racks in base cabinets in the kitchen
- Front mounted controls on all appliances
- Lever door handles
- Loop handle pulls on drawers and cabinet doors

More information on Universal Design may be found at The Center for Universal Design at North Carolina State University: [http://www.ncsu.edu/ncsu/design/cud/index.htm](http://www.ncsu.edu/ncsu/design/cud/index.htm).

**Building Permits.** Building permits must be pulled on all new construction and rehabilitation projects as required by the state or local jurisdiction, including mechanical, plumbing, and or electrical permits.

**Inspections.** All rehabilitation or new construction work must be inspected by a licensed inspector based on the rules applicable for the local jurisdiction in which the units are located. Licensed inspectors are certified by the Tennessee Department of Commerce and Insurance – State Fire Marshal’s Office.

If a building permit is issued by a local jurisdiction or the state, inspection by a state certified inspector of that jurisdiction is required.

If the work is exempted by the state or local code and a permit is not required, then a qualified inspector may be used.
A “qualified inspector” is defined as an individual with credentials appropriate for the type of work being performed, such as inspectors licensed by the State of Tennessee as Building, Mechanical, Plumbing, or Electrical Inspectors. For activities in which a building permit is not issued, a qualified inspector may include home inspectors as appropriate for the work performed; individuals certified by a national organization such as the International Code Council, the National Fire Protection Association, or the Standard Building Code Congress as a Housing Inspector; or individuals qualified as FHA Fee Inspectors. Other qualifications may be accepted on a case by case basis, and require THDA approval before the inspector may perform inspections.

5. RENT LEVELS

Every rental unit assisted with Competitive Grant funds is subject to rent controls designed to make sure that rents are affordable to low-, very low- or extremely low-income households. Unless the housing is a group home or a Single Room Occupancy (SRO) unit, the maximum rents used for Competitive Grants are the High HOME rents. The maximum rent for a Group home or a SRO unit is defined below.

However, Grantees are encouraged, but not required, to charge tenants in a rental property assisted with Competitive Grant funds no more than 30% of gross monthly income for rent. See Attachment Four: HOME Program Rents.

Rents are controlled for the length of the compliance period, and are determined on an annual basis by HUD. The published rents include utilities. The cost of utilities paid by tenants must be subtracted (using applicable utility allowances) from the published HOME rents to determine the maximum allowable rents.

Each Grantee should be aware of the market conditions of the area in which the project is located. The High HOME rents are maximum rents which can be charged. Each project should show market feasibility not based upon the High HOME rents, but rather upon area housing markets and THTF occupancy requirements which require occupancy by low-, very-low-, or extremely low-income tenants. Rents shall not exceed the published High HOME rents, adjusted for utility arrangements and bedroom size. However, because these rents must also be attractive to low-, very low-, or extremely low-income tenants, actual rents may be lower than the High HOME rents to keep within 30% of the tenant’s monthly income. Programs should be designed so they take into consideration the market feasibility of projects funded.

A Competitive Grant may assist with the development of a group home, a housing unit that is occupied by two or more single persons or families. A group home consists of common space and/or facilities for group use by the occupants and, except in the case of a shared one-bedroom unit, a separate private space for each individual or family. Group homes often house the elderly or persons with disabilities who require accompanying supportive services. The calculation of the applicable rent and tenant contributions must follow the following requirements:
• A THTF-assisted group home is treated as a single THTF-assisted housing unit with multiple bedrooms. The THTF rent limit for a group home is the HUD-published Fair Market Rent (FMR) rent limit for the total number of bedrooms in the group home.

• However, the bedrooms of live-in supportive service providers or other non-client staff are not included when calculating the total number of bedrooms for the purpose of establishing the rent. For example, if one bedroom in a four-bedroom home is occupied by a service provider, the maximum rent for the group home is the HUD-published FMR Limit for a three-bedroom unit.

• The HUD-published FMR Limit is the maximum combined rent that can be charged to all income eligible tenants residing in the group home. Each tenant pays a pro-rata share of the total rent.

• When group home tenants pay directly for utilities, the utility allowance must be subtracted from the HUD-published FMR limit in order to determine the maximum combined rent that can be charged to all tenants.

• Group homes frequently include food and/or other supportive services to its residents. Group home rents may not include food costs or the costs of supportive services. Costs for such services must be billed as separate charges. For group home units that are developed for persons with disabilities, disability-related services must be non-mandatory and the resident must have the option to choose the service provider. The lease must also state whether the fee-based services are optional or mandatory and must identify the amount of the additional fees or surcharges separately from the basic THTF rent for each tenant. The applicable State agency must approve in writing the costs of food and supportive services to be provided.

A Competitive Grant may assist with the development of Single Room Occupancy (SRO) housing, which consists of a single room dwelling unit that is the primary residence of a single occupant. The unit may or may not have food preparation and sanitary facilities. Rents for SRO units are based on the HUD Fair Market Rent (FMR) or the HUD High HOME rent depending on the characterization of the unit as described below.

<table>
<thead>
<tr>
<th>IF THE SRO HOUSING IS….</th>
<th>THEN…</th>
</tr>
</thead>
<tbody>
<tr>
<td>A unit with neither food preparation nor sanitary facilities, or with one (food preparation or sanitary facilities)</td>
<td>The THTF rent may not exceed 75% of the HUD-published FMR limit for a 0-bedroom (efficiency) unit.</td>
</tr>
<tr>
<td>A unit with both food preparation and sanitary facilities</td>
<td>The THTF rent cannot exceed the HUD published High HOME rent limit for a 0-bedroom unit.</td>
</tr>
<tr>
<td>A unit that receives state or Federal project-based rental assistance and is occupied by a very low income tenant</td>
<td>The THTF rent can be the applicable State or Federal project-based rent, as long as it is occupied by a very low income tenant who does not pay more than 30% of the family’s monthly adjusted income for rent.</td>
</tr>
</tbody>
</table>
The calculation of the applicable rent and tenant contributions must adhere to the following requirements:

- Utility costs are included in the maximum published HOME or FMR SRO rent. If SRO tenants pay directly for utilities, the utility allowance must be subtracted from the HUD-published HOME rent limit or FMR limit in order to determine the maximum rent that can be charged for the SRO unit.

- SRO units may not include food costs or the costs of any supportive services. Costs for such services must be billed as separate charges. For SRO units that are developed for persons with disabilities, disability-related services must be non-mandatory and the resident must have the option to choose the service provider.

- Each SRO tenant’s lease must clearly state whether the fee-based services are optional or required and must also identify the amount of additional fees or surcharges separately from the basic THTF rent for each tenant. The applicable State agency must approve in writing the costs of food and supportive services to be provided.

6. GRANTEE’S ON-GOING OBLIGATIONS FOR RENTAL PROPERTY

During the compliance period, a Grantee shall:

A. Conduct initial and annual income certification of tenants;
B. Adhere to the THTF rent limits;
C. Comply with THDA Property Standards;
D. Comply with fair housing and affirmative marketing requirements and,
E. Report to THDA as THDA may require;
F. Take other actions as THDA may require

G. PROCUREMENT

It is important to keep the solicitation of bids for goods and services, materials, supplies and/or equipment open and competitive. Grantees shall develop and follow their procurement policies. At a minimum, there must be an established selection procedure. Grantees shall obtain at least three bids, and the purchase should be made from the lowest or best bidder. There must be a written rationale for selecting the successful bid or proposal.

H. MARKETING REQUIREMENTS

One goal of Competitive Grants is to raise the profile of affordable housing at the local, state and federal level, and to demonstrate that decent housing impacts all facets of community development. Each Grantee shall implement marketing and public relations plans to accentuate the achievements of the program. THDA’s Communications Division will assist in the development of these plans. Grantees shall submit data and beneficiary stories to THDA as may be required by THDA.
I. FAIR HOUSING AND EQUAL OPPORTUNITY

Each Grantee receiving a Competitive Grant shall comply with both state and federal laws regarding fair housing and equal opportunity (FHEO). FHEO requirements have been developed to protect individuals and groups against discrimination on the basis of: race, color, national origin, religion, age, disability, familial status, or sex.

In particular, owners and program administrators will need to be aware of discrimination issues with regard to: housing opportunities; employment opportunities; business opportunities; and benefits resulting from activities funded in full or in part by a Competitive Grant.

Each Grantee shall establish and follow procedures to inform the public and potential tenants of FHEO and the Grantee's affirmative marketing program. Grantees shall establish and follow procedures by which Grantees will solicit applications from potential tenants. Grantees shall maintain records of efforts to affirmatively market rental units. Grantees shall provide evidence of all of the above at the request of THDA.

J. TN HOUSING SEARCH.ORG

Beginning at the start of initial lease-up through the end of the compliance period, all Grantees shall list units available for occupancy on TNHousingSearch.org or any subsequent affordable rental housing locator system sponsored by THDA and, as permitted by the locator system for the type of housing funded.

K. APPLICATION AND EVALUATION PROCEDURE

Applications for Competitive Grants should be limited only by imagination, availability of matching funds, availability of support services, and a demonstrated need for the proposed project in a given area.

Proposals for funding in the FY 2019 Spring Round are limited to a maximum of $500,000. There is no minimum grant amount. THDA expects that the combination of Competitive Grant funds and the required matching funds will be sufficient to allow the proposed project to be completed in a timely manner.

Applicants may request up to 7% of the grant request in administrative funds. Administrative funds may be used to pay administrative costs incurred by the grantee in the performance of program activities. Administrative funds are not subject to the match requirement.

Proposals that address the housing needs of very low or extremely low income households, including youth transitioning from foster care, homeless veterans, and ex-offenders, especially elderly offenders who are eligible for release by the Tennessee Board of Probation and Parole but who remain in custody due to no other residential options and who meet other requirements specified in the Program Description, will receive additional points in the scoring matrix. Proposals with an identified, firm commitment for the matching funds are preferred and those proposals with a firm commitment for match resources which exceeds the 50% requirement will be highly preferred.
THDA will evaluate each application to determine if the proposal meets program criteria, including, without limitation, submission of a complete application; proposal of an eligible activity serving eligible populations, proposal of a project that is ready to get underway except for the gap in financing to be provided by the Competitive Grant; and proposal of a project that in the opinion of THDA, in its sole discretion, is physically, financially and administratively feasible.

Applications will not be considered if the following threshold items are not submitted to THDA by the application due date:

- Application signed by the Chief Executive of the organization or the President/Chairman of the Board of Directors.
- Copy of the latest audit or audited financial statement of the organization.
- Copy of a current resolution by the Board of Directors or governing body approving the submission of the application under the 2019 Spring Housing Trust Fund Competitive Grants Program Description.
- If a non-profit organization, a Certificate of Existence or Certificate of Authorization from the Tennessee Secretary of State, as applicable, dated within 30 days of the application date. If the non-profit organization is organized in a state other than Tennessee, a Certificate of Existence from the Secretary of State in which the organization was organized must also be submitted.
- If a nonprofit organization, documentation of an IRS designation under Section 501(c)3 or Section 501(c)4 of the federal tax code.
- If a nonprofit organization, copy of the Charter and By-laws of the organization.

Additionally, all nonprofit organizations must upload through THDA’s Participant Information Management System (PIMS) those organizational documents required to be uploaded through PIMS. Copies of organizational documents that are required to be submitted through PIMS, but are submitted through another means, will not be considered.

Additionally, as a threshold requirement, organizations seeking funding for transitional housing targeted to ex-offenders shall demonstrate approval and good standing with the Tennessee Department of Corrections (TDOC) as of the application due date. All such organizations shall be listed on TDOC’s List of Approved Transitional Housing Providers.

As a threshold requirement for consideration, applications from organizations seeking Competitive Grants to provide rental housing for ex-offenders shall provide a copy of the policies and procedures guiding the operation of their program and a copy of the program’s application for tenancy.

A Review Committee will score and rank all applications meeting the threshold criteria, as determined by the Review Committee in its sole discretion. Applications will be ranked in descending numerical order based on the categories in the THTF Competitive Grant Matrix.
In the event of a tie score, THDA first will select the application with the highest total Innovation score and then, if a tie still remains, the highest total Need score. If a tie still remains, THDA will prioritize funding for the application with the greatest number of HTF funded units as the final determinant.

Applicants must receive a minimum score of 60 to be considered for funding.

The Review Committee will present its recommendations to the Executive Director for determination of awards.

RE: Request for Approval of 2016 Spring THTF Competitive Grants Program Grant Extension for HTF-16S-01 – Brownsville Housing Authority

Recommendation

Staff recommends approval of the extension request for HTF-16S-01 with the Brownsville Housing Authority to October 31, 2019 as further described below.

Background

THDA awarded a $215,136 grant (HTF-16S-01) to the Brownsville Housing Authority (BHA) under the 2016 Spring Round of the Tennessee Housing Trust Fund (THTF) Competitive Grants Program. BHA is using the funds to construct four units of rental housing for extremely low income households that include a senior or a person with a disability.

To date, BHA has not expended any of its grant award; however, construction is currently underway. As noted in the attached extension request, project implementation was delayed due to inadequate building design based on the site and subsequent failure to obtain design approval by local code officials. Further construction delays occurred due to the record-setting rainfall in the community.

The existing grant expired on June 30, 2019. BHA has requested a 12-month extension to allow for the completion of the remaining construction activity.

RE: TIME EXTENSION FOR BROWNSVILLE HOUSING AUTHORITY QUAD-PLEX CONSTRUCTION

Dear Ms. Henscheid:

We are requesting a time extension for the construction of the Quad-Plex being constructed in our Summer Oaks development with the use of the Tennessee Housing Trust Fund Grant funds. Beyond normal construction delays, the following circumstances have created unexpected and extended delays:

1. The property needed to be built up approximately 2 feet, which was already known. Unfortunately, our Architect/Engineer did not do their due diligence to design the building pad accordingly. Nor, unbeknownst to us, did they have their design approved by the local building codes as required. This circumstance created a battle to get their work properly designed and approved and subsequently required us to procure additional engineering services. Once the new engineering was received, we had to go through the approval process (again) through code enforcement as well.

2. Brownsville has experienced record setting rain over the course of 2018. The excessive rain not only causes delay while it is raining, but the drying time required to be able to use equipment on the property has created challenges as well. For several months, it was rare that the ground would properly dry before more rainfall would occur. This has been a scheduling nightmare for the contractor and caused delays with the engineering as well.

Construction has progressed well now that all the encumbrances are behind us. The newly engineered building pad, the footings, block and under slab plumbing have been installed with the slab scheduled to be poured this week. Once the slab is poured, weather will have a much more minimal effect on schedule/production. It is anticipated that construction can be substantially complete within approximately 90 days so we are requesting a 120 day extension.

We sincerely appreciate the time extension and give assurances, as has the contractor to us, that time will be of the essence as we move forward in completing the project.

Sincerely,

Brenda Lonon, Executive Director
Brownsville Housing Authority

RE:  2019 National Housing Trust Fund Program Description

THDA has received an allocation of $3,377,390 under the 2019 National Housing Trust Fund (NHTF) to make available for the development of affordable rental housing for extremely low income households. These funds are the fourth allocation received under this federal program. Staff is proposing only very limited changes to the program description for this new program year.

In accordance with its allocation plan approved by HUD, THDA will set-aside 10% of these funds, or $337,739, for its administrative costs, with the remaining $3,039,651 made available competitively to preserve or expand rental housing options for this targeted income group. In accordance with NHTF requirements, all funded applicants must maintain these units in accordance with program requirements for a 30-year affordability period.

All funds will continue to be made available as a grant ranging between $250,000 - $900,000. Entities may seek funding to acquire and rehabilitate existing units or to newly construct rental housing. In accordance with federal requirements and to enhance the financial stability of the project, applicants may also seek NHTF funds to establish an operating reserve account for the project. All funds will be secured by a note, deed, and restrictive covenant on the property.

Eligible applicants include public housing authorities and nonprofit entities with at least two years of experience in Tennessee in the development, ownership, and management of affordable rental housing. The 2019 Program Description removes for-profit entities as an eligible applicant. No for-profit organizations have been awarded funding through the first funding cycles. Program requirements, including the 30-year compliance period, coupled with the need for project-based rental assistance are
most readily addressed by entities with a long-term mission of serving extremely low income households.

Additional changes proposed in the Program Description include:

- Clarification on the recordation of the note, deed of trust, and restrictive covenants.
- Updates to the maximum per-unit subsidy limits in accordance with changes in federal limits.
- Clarification of cost eligibility associated only with units or buildings in which fixed or floating NHTF units will be located.
- Description of the fixed and floating designation of NHTF-assisted units.
- Reduced the Need and Opportunity Score points from 15 points to 10 points for each category.
- Added a Rural Designation category to encourage the development of NHTF units in rural areas of Tennessee. Applications that will create housing in counties designated as “rural” will receive 5 points. The “rural” designation follows the definition used by THDA for the HOME program.
- Added a Designated Distress Counties scoring category to encourage the development of affordable rental housing in those counties designated by Governor Lee through Executive Order on January 23, 2019, including: Lake, Lauderdale, Hardeman, McNairy, Perry, Jackson, Clay, Grundy, Van Buren, Bledsoe, Fentress, Morgan, Scott, Hancock, and Cocke. Applications that propose rental housing development in one of the designated counties will receive 5 points.

THDA proposes to evaluate applications based on the following criteria:

- Project Design
- Applicant’s Capacity and Experience
- County Rental Housing Need
- Census Tracts Identified as Areas of Opportunity
- Leverage

As with the 2018 Program Description, THDA will score and rank all applications meeting program threshold requirements by Grand Division. THDA will first select for funding the highest scoring application from each Grand Division. THDA will combine all remaining applications into a single ranking by score. THDA will award funding starting with the highest score to lowest score until all funds are allocated or the amount of funds available is less than that needed for the next highest scoring application. Given the limited funding available statewide and in order to distribute NHTF funding across Tennessee, THDA will reserve the right to limit funding to only one award per county. THDA will also reserve the right to offer partial funding depending on availability of additional financing or to not select a proposed project if sufficient funding is not available to award all funds requested by the applicant. In the event of tie scores, THDA will prioritize the application with the highest combined total of the Need and Opportunity Score. If a tie remains, THDA will prioritize the application with the highest Opportunity Score.
THDA will open the application round by August 15, 2019 with applications due on October 3, 2019. THDA will hold an application workshop in late August 2019. Funding awards are anticipated to be made on or about December 15, 2019. Contracts will be effective February 1, 2020 – January 31, 2023.

Staff recommends adoption of the proposed 2019 National Housing Trust Fund Program Description attached to this memo (the “Program Description”) and authorization of the Executive Director or a designee to award funds to applicants for applications scored by staff based on the rating scale and allocation procedure contained in the approved Program Description, subject to all requirements and provisions in the approved Program Description. Staff will provide information to the Committee and Board regarding awards made under the 2019 National Housing Trust Fund Program Description at the meeting that immediately follows the date of the awards.
The Tennessee Housing Development Agency (THDA) administers the federally funded National Housing Trust Fund (NHTF) which is designed for the production and preservation of affordable rental housing through the acquisition, new construction, or rehabilitation of affordable housing for households with extremely low incomes. The purpose of this Program Description is to explain the program requirements and application process.

NHTF grants are awarded through a competitive application process to Public Housing Authorities, and non-profit entities. Applications for the NHTF program must be received by THDA on or before 4:00 PM CDT on Thursday, October 3, 2019. THDA anticipates notifying successful applicants on or about December 15, 2019. NHTF grant agreements will begin on February 1, 2020 and will end on February 28, 2023.

The application package for NHTF resources as well as additional program documentation will be made available on THDA’s website at https://thda.org/business-partners/nhtf.

b. THDA will review each project to ensure that only the minimum amount of NHTF assistance needed is allocated to the project.

c. Total NHTF resources allocated to any project cannot exceed the current maximum per unit subsidy limit.

10) LEASE-UP AND INITIAL OCCUPANCY

a. Projects must be fully occupied by income eligible tenants within six (6) months of issuance of a certificate of occupancy for the completed units. If all units are not fully occupied by income eligible tenants within six (6) months of completion of construction or acquisition and rehabilitation, the grant Recipient must report to THDA on current marketing efforts in a form and with substance as required by THDA.

b. If a rental project has not achieved initial occupancy within eighteen (18) months of Completion, all NHTF funds invested in the rental project must be repaid to THDA.

11) LEVERAGE

a. Leverage must be in the form of contributions to the project’s hard development costs.

b. In the scoring matrix, any project that has leveraged funds will receive additional points. Leveraged funds are funds provided by the applicant and grants from other sources. The value of land acquired through non-NHTF resources may be counted as leverage when the appraised value is documented and proof of ownership at the time of application is
demonstrated. Loan proceeds from a lending institution do not count as leverage. However, the savings generated from a below market interest rate will count as leverage when properly documented. Administrative funds, anticipated fund-raising revenues and construction loans do not count toward leverage. Leveraged funds counted in one program year do not qualify again as leverage in subsequent years. All proposed leverage must be thoroughly supported by appropriate back-up documentation, including firm commitment letters, award letters, and warranty deeds.

c. The value of donated labor, materials and land will count toward leverage. The value of unskilled labor is set at the current minimum wage, and the value of skilled labor is set at twice the current minimum wage. The value of land and/or a building donated or acquired for a project prior to the application will count as leverage, but there must be an appraisal or tax assessment included in the application to document its value. In order to count donated supplies or materials, only the documented value of the actual goods or materials will be considered and they must be legitimately required by the project. The donor must provide a letter to confirm the amount of the supplies or materials. Proposed discounts will not count as leverage.

12) MARKET

a. Applicants must document that neighborhood market conditions demonstrate a need for the project.

13) MIXED INCOME TENANCY

a. For the purpose of the NHTF Program, a “mixed income” project contains at least one residential unit that is set aside for an extremely low income household and one or more other residential units available to tenants in other higher income designations as defined by HUD; very low income, low income, moderate income and/or above.

b. NHTF funds may only be used for NHTF qualifying residential units.

14) MIXED USE PROJECTS

a. For purposes of the NHTF Program, a “mixed-use” project contains, in addition to at least one residential unit, other non-residential space which is available to the public. If laundry and/or community facilities are for use exclusively by the project tenants and their guests, then the project is not considered mixed-use. Neither a leasing office nor a maintenance area will trigger the mixed-use requirements. No NHTF funds can be used to fund the commercial or non-residential portion of a mixed-use project. Therefore, if a NHTF-assisted project contains such commercial or non-residential space, other sources of funding must be used to finance that space. In order to be eligible for NHTF funding, a mixed-use project must meet the following conditions:
i) Residential living space in the project must constitute at least fifty one percent (51%) of the total project space.

ii) Each building in the project must contain residential living space.

b. NHTF funds can only be used to fund the residential portion of the mixed-use project which meets the NHTF rent limits and income requirements. If the rental project will contain a model apartment that will be shown to potential renters, the model apartment will be considered a non-residential area subject to the mixed-use requirements, unless the model apartment will be rented in the event of high occupancy.

15) RENT LEVELS AND UTILITY ALLOWANCES

a. Every NHTF assisted unit is subject to rent limits designed to make sure that rents are affordable to extremely low income households. These maximum rents may be referred to as NHTF rents. Available at https://thda.org/business-partners/nhtf.

b. Rents are limited for the length of the Period of Affordability. These rents are determined on an annual basis by HUD. The Recipient/Owner will be provided with these rents, which include all utilities.

c. The cost of utilities paid by tenants must be subtracted (using applicable utility allowances) from the published NHTF rents to determine the maximum allowable rents.

d. THDA must annually review and approve the rents for each NHTF-assisted rental project. In addition, THDA must determine individual utility allowances for each rental project either by using the HUD Utility Schedule Model or determining the utility allowance based on the specific utilities used at the project. Utility allowances are reviewed and updated annually. Use of utility allowances provided by public housing authorities is not permitted.

e. NHTF rents are not necessarily representative of market conditions and NHTF rents may increase or decrease from year to year. Regardless of changes in fair market rents and in median income over time, the NHTF rents for a project are not required to be lower than the NHTF rents for the project in effect at the time of Commitment as defined at 24 CFR §93.2.

f. Each Recipient must be aware of the market conditions of the area in which the project is located. Rents shall not exceed the published NHTF rents, adjusted for utility arrangements and bedroom size.
g. If the NHTF-assisted unit receives project-based rental subsidy, and the tenant pays a contribution toward rent of not more than 30% of the tenant’s adjusted income, then the maximum rent for the NHTF-assisted unit (only and specifically for the unit in which the project-based rental subsidy is designated) is the rent allowable under the project-based rental subsidy program, also known as the payment standard.

16) LONG TERM OCCUPANCY REQUIREMENTS

a. Tenants whose annual incomes increase to over 30% of median may remain in occupancy but must pay no less than thirty percent (30%) of their adjusted monthly income for rent and utilities.

17) INCOME LIMITS

a. NHTF funds must be used to benefit only Extremely Low-Income households.

b. The income limits apply to the incomes of the tenants, not to the owners of the property. 100% of the tenant households in NHTF-assisted units must be Extremely Low Income. Households must meet the NHTF Income Limit established by HUD and effective at the time of application for occupancy of a NHTF-assisted unit.

c. Income Determination: To ensure that the income targeting requirements are met, a Recipient must verify that each household occupying an NHTF-assisted unit is income-eligible by determining the household’s annual income. When determining eligibility, the Recipient must calculate annual income as defined at 24 CFR 5.6091. The method for determining and calculating annual income for tenants are also addressed in the full text of the interim rule.

d. The income of the household to be reported for purposes of eligibility is the sum of the annual gross income of the beneficiary, the beneficiary's spouse, and any other household member residing in the rental unit. Annual gross income is “anticipated” for the next twelve (12) months, based upon current circumstances or known upcoming changes, minus certain income exclusions.

i) Median income for an area of the state shall be that median income value established by HUD.

ii) Median incomes change when HUD makes revised estimates.
18) HOUSING SET-ASIDES FOR INDIVIDUALS WITH DISABILITIES

a. Applications that propose housing in which more than twenty percent (20%) of the assisted units will be set-aside for individuals with disabilities must meet the qualities of settings that are eligible for reimbursement under the Medicaid home and community-based services that were established by the Centers for Medicare and Medicaid Services (CMS) in the final rule dated January 16, 2014:

b. The final rule requires that all home and community-based settings meet certain qualifications, including:

   i) Is integrated and supports full access to the greater community.

   ii) Is selected by the individual from among setting options.

   iii) Ensures individual rights of privacy, dignity, and respect, and freedom from coercion and restraint.

   iv) Optimizes autonomy and independence in making life choices.

   v) Facilitates choice regarding services and who provides them.

c. For provider owned or controlled residential settings, the following additional requirements apply:

   i) The individual has a lease or other legally enforceable agreement providing similar protections.

   ii) The individual has privacy in their unit including lockable doors, choice of roommates, and freedom to furnish or decorate the unit.

   iii) The individual controls his/her own schedule, including access to food at any time.

   iv) The individual can have visitors at any time.

   v) The setting is physically accessible.
19) PROPERTY AND DESIGN STANDARDS

a. Property standards must be met when NHTF funds are used for a project. All rental housing constructed or rehabilitated with NHTF funds must meet all THDA Design Standards, applicable local, county and state codes, rehabilitation standards, Uniform Property Condition Standards (UPCS), and zoning ordinances at the time of project completion.

b. In the absence of a local code, new construction of single-family units for rental must meet the current, State-adopted edition of the International Residential Code for One- and Two-Family Dwellings. The newly constructed units must also meet accessibility requirements and mitigate disaster impact as applicable per State and local codes, ordinances, etc. Rehabilitation of existing single-family units for rental must meet the current, State-adopted edition of the International Existing Building Code.

c. NHTF funded units must also conform to the THDA Minimum Design Standards for New Construction of Single Family and Multifamily Units or to the THDA Design Standards for Rehabilitation of Single Family and Multifamily Housing Units, as applicable. THDA must review and approve plans, work write-ups and written cost estimates and determine cost reasonableness for both new construction and rehabilitation prior to putting the project out to bid.

d. Additional design standards include:

iii) Broadband Infrastructure. THDA requires that newly constructed rental units and those which are substantially rehabilitated must be wired for broadband internet access.

iv) Modular Housing must be certified by the state of Tennessee

e. Section 504

i) Section 504 of the Rehabilitation Act of 1973 prohibits discrimination in federally assisted activities and programs on the basis of disability, and imposes requirements to
ensure accessibility for qualified individuals with disabilities to these programs and activities.

ii) For new construction of Multifamily Housing (five or more units), a minimum of 5% of the units in the project (but not less than one unit) must be accessible to individuals with mobility impairments, and at a minimum, an additional two percent (2%) of the units (but not less than one unit) must be accessible to individuals with sensory impairments. The total number of units in a NHTF-assisted project, regardless of whether all units are NHTF-assisted, is used as the basis for determining the minimum number of accessible units. Also, in a project where not all the units are NHTF-assisted, the accessible units may be either NHTF-assisted or non-NHTF-assisted.

iii) The Section 504 definition of substantial rehabilitation for Multifamily Housing includes construction in a project with fifteen (15) or more units for which the rehabilitation costs will be seventy five percent (75%) or more of the replacement cost. In such projects, a minimum of five percent (5%) of the units in the project (but not less than one unit) must be accessible to individuals with mobility impairments, and an additional two (2%), at a minimum, (but not less than one unit) must be accessible to individuals with sensory impairments. As in the case of new construction, the total number of units in a NHTF-assisted, regardless of whether they are all NHTF-assisted, is used as the basis for determining the minimum number of accessible units, and, in a project where not all of the units are NHTF-assisted, the accessible units may be either NHTF-assisted or non-NHTF-assisted.

iv) When rehabilitation less extensive than Substantial Rehabilitation is undertaken in projects of fifteen (15) or more units, alterations must, to the maximum extent feasible, make the units accessible to and usable by individuals with a disability, until a minimum of five percent (5%) of the units (but not less than one (1) unit) are accessible to people with mobility impairments. For this category of rehabilitation, the additional two percent (2%) of unit’s requirement for individuals with sensory impairments does not apply. Alterations to common spaces must, to the maximum extent feasible, make those areas accessible.

f. Fair Housing Act of 1968, as amended. In buildings that are ready for first occupancy after March 13, 1991, and that have an elevator and four or more units, the public and common areas must be accessible to persons with disabilities; doors and hallways must be wide enough for wheelchairs; and all units must have the following:

i) An accessible route into and through the unit.

ii) Accessible light switches, electrical outlets, thermostats and other environmental controls.
iii) Reinforced bathroom walls to allow later installation of grab bars; and kitchens and bathrooms that can be used by people in wheelchairs.

iv) If a building with four or more units has no elevator and will be ready for first occupancy after March 13, 1991, these standards apply to ground floor units.

v) These requirements for new construction do not replace any more stringent standards in State or local law.

g. Titles II and III of the Americans with Disabilities Act (42 U.S.C. 12131–12189) implemented at 28 CFR parts 35 and 36, as applicable.

20) UNIVERSAL DESIGN AND VISITABILITY

a. THDA encourages the inclusion of features that allow individuals with physical disabilities to reside and/or visit the units constructed or rehabilitated with federal NHTF funds through the use of Universal Design and Visitability.

b. Universal Design

i) Universal Design is a building concept that incorporates products, general design layouts and other characteristics to a housing unit in order to:

(1) Make the unit usable by the greatest number of people.
(2) Respond to the changing needs of the resident.
(3) Improve the marketability of the unit.

ii) The goal of universal design seeks to build housing that meets the needs of the greatest number of residents within a community. Universal design differs from accessible design, which is primarily intended to meet the needs of persons with disabilities. However, universal design is inclusive of adaptable design as universal design incorporates structural features that will allow a housing unit to be adapted to an individual’s current or future needs. Universal design features include, but are not limited to:

(1) Stepless entrances. Minimum 5’ x 5’ level clear space inside and outside entry door.
(2) Broad blocking in walls around toilet, tub and shower for future placement of grab bars.
(3) Full-extension, pull-out drawers, shelves and racks in base cabinets in kitchen.
(4) Front mounted controls on all appliances.
(5) Lever door handles.
(6) Loop handle pulls on drawers and cabinet doors.
iii) More information on Universal Design may be found at The Center for Universal Design at North Carolina State University:

c. Visitability

i) Visitability refers to homes that are designed and built in a manner that allows individuals who have trouble with steps or use wheelchairs or walkers to live in or visit the unit. These features include:

(1) One zero-step entrance.
(2) Doors with thirty two (32) inches of clear passage space.
(3) One bathroom on the main floor that is accessible to a person using a wheelchair.

ii) More information on Visitability can be found at: http://www.visitability.org.

21) ENVIRONMENTAL REVIEW

a. In implementing the NHTF program, regulations establish specific property standards for units assisted with NHTF funds. These standards include Environmental Provisions for projects involving new construction and rehabilitation. The NHTF Environmental Provisions for new construction and rehabilitation under the Property Standards at 24 CFR § 93.301(f)(1) and (2) are similar to HUD’s Environmental Regulations at 24 CFR Parts 50 and 58. NHTF projects are subject to the same environmental concerns to which HUD-assisted projects are subject. The main difference is that the NHTF Environmental Provisions are outcome based, and exclude consultation procedures that would be applicable if NHTF project selection was a Federal action. Parts 50 and 58 are process based, and include consultation procedures for several laws and authorities where there may be environmental impacts.

b. THDA and the Recipient will be responsible for carrying out environmental reviews in accordance with HUD Notice CPD-16-14. Each Recipient will be responsible for gathering the information required for the environmental reviews. NHTF funds cannot be committed until the environmental review process has been completed. The Environmental Review covers the entire project, not just the portion funded by NHTF.

22) LEAD-BASED PAINT

a. Units assisted with NHTF funds are subject to the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821 et seq.) and 24 CFR Part 35, Subparts C through M. The lead-based paint provisions of 982.401(j) also apply, irrespective of the applicable property standard under 24 CFR 92.251. The Lead-Based Paint regulations are available at www.hud.gov/lea
or by contacting 1-8

23) FLOOD PLAINS

a. NHTF funds may not be used to construct housing in an area identified by the Federal Emergency Management Agency as having special flood hazards. In addition, THDA strongly discourages the rehabilitation of units located in special flood hazard areas, but in a few limited instances and with written permission from THDA, units located in a floodplain may be assisted. The community must be participating in the National Flood Insurance Program and flood insurance must be obtained on the units.

24) PROCUREMENT

a. It is important to keep the solicitation of bids for goods and services as well as professional services and construction contracts open and competitive.

   i) At a minimum all Recipients must comply with 24 CFR 200.318 -326.

   ii) All Recipients must have adopted procurement policies and procedures that meet state and federal requirements.

   iii) Recipients must seek to obtain three (3) to five (5) quotes or bids using formal advertising or requests for proposals for the procurement of professional or construction services.

   iv) There must be an established selection procedure and a written rationale for selecting the successful bid or proposal.

25) CONFLICT OF INTEREST

a. In the procurement of property and services by THDA and Recipients, the conflict of interest provisions in 2 CFR 200.318 apply. In all cases not governed by 2 CFR 200.318, the provisions described in this Section 24 apply.

b. The NHTF conflict of interest provisions apply to any person who is an employee, agent, consultant, officer, elected official or appointed official of THDA or the Recipient. No person listed above who exercise or have exercised any functions or responsibilities with respect to activities assisted with NHTF funds or who are in a position to participate in a decision-making process or gain inside information with regard to these activities may obtain a financial interest or financial benefit from a NHTF-assisted activity, or have a financial interest in any contract, subcontract or agreement with respect to the NHTF-assisted activity, or the proceeds from such activity, either for themselves or those with
whom they have business or immediate family ties, during their tenure or for one year thereafter. Immediate family ties include (whether by blood, marriage or adoption) the spouse, parent (including stepparent), child (including a stepchild), brother, sister (including a stepbrother or stepsister), grandparent, grandchild, and in-laws of a covered person.

c. No owner of a project assisted with NHTF funds (or officer, employee, agent, elected or appointed official, board member, consultant, of the owner or immediate family member or immediate family member of an officer, employee, agent, elected or appointed official, board member, consultant, of the owner) whether private, for profit or non-profit may occupy a NHTF-assisted affordable housing unit in a project during the required period of affordability. Immediate family ties include (whether by blood, marriage or adoption) the spouse, parent (including stepparent), child (including a stepchild), brother, sister (including a stepbrother or stepsister), grandparent, grandchild, and in-laws of a covered person. This provision does not apply to an employee or agent of the owner of a rental housing project who occupies a housing unit as the project manager or maintenance worker.

d. Recipients shall avoid conflicts of interest associated with their NHTF funded project. THDA will not request exceptions to the conflict of interest provisions from HUD. In the event a conflict of interest is discovered, Recipients shall repay that portion of the NHTF grant related to the conflict of interest or may have all or some portion of the NHTF grant rescinded, all as determined by THDA in its sole discretion.

26) DEBARMENT AND SUSPENSION

a. On all NHTF funded projects, Recipients shall certify that no vendor, its principals or managers are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from the covered transaction or listed on the “Excluded Parties List System” found at www.SAM.gov.

27) PROFORMA

a. All Applicants shall complete Thirty (30) Year Affordability Proforma included in the application. The applicant must demonstrate a need for the NHTF funds. If the project development costs require additional financing, including other grant source funding, prior to making any NHTF draws documentation must be provided by Recipient that all other financing or grant funding has been identified and secured.

b. If the project can support debt, other financing is required and will be a threshold requirement.
28) PROJECT SOFT COSTS

a. In planning their programs, Applicants may include, as a project soft costs, the reasonable and customary costs for work write-up and inspections. In addition, the costs for inspections and work write-ups, the costs for lead-based paint inspections, environmental reviews, risk assessments and clearance testing, and architectural and engineering fees are also paid as project soft costs. All project soft costs count toward the maximum per unit subsidy limit.

29) REPLACEMENT RESERVE ACCOUNTS

a. All projects shall maintain a replacement reserve account beginning at the time of completion for the term of the NHTF period of affordability.

b. The replacement reserve requirement for new construction properties and the substantial rehabilitation of Housing for the Elderly shall, initially, be two hundred fifty dollars ($250) per unit per year, inflated at three percent (3%) annually.

c. The replacement reserve requirement for the substantial rehabilitation of Housing for Older Persons shall, initially, be two hundred fifty dollars ($250) per unit, inflated at three percent (3%) annually.

d. The replacement reserve requirement for all properties designed for families as well as all rehabilitation developments shall, initially, be three hundred dollars ($300) per unit per year, inflated at three percent (3%) annually.

e. This account shall be used only for capital improvements and the replacement of long-lived capital assets, and not for routine maintenance and upkeep expenses.

f. The replacement reserve shall be, and shall remain, an asset of the project, and shall not be distributed to the Owner or any entity or person affiliated with the Owner at any time during or after the Period of Affordability.

g. Owners shall provide THDA with a record of all activity associated with the replacement reserve account during the prior fiscal year in conjunction with submission of the project’s annual compliance monitoring materials.

h. The replacement reserve account must be maintained in a separate account in a federally insured financial institution.

i. Reserve accounts must also be separate from the project’s ordinary operating account.
30) OPERATING RESERVE ACCOUNT

a. All projects shall establish and maintain, until the project has achieved a minimum of five (5) years of Stabilized Occupancy, an operating reserve equal to a minimum of six (6) months of projected operating expenses plus must-pay debt service payments and annual replacement reserve payments.

b. This requirement can be met with an up-front cash reserve; a guarantee from the owner with a surety bond to stand behind the guarantee; or partnership documents specifying satisfactory establishment of an operating reserve.

c. The operating reserve account must be maintained in a separate account in a federally insured financial institution.

d. If operating cost assistance is provided as part of a project’s NHTF award, the Owner must submit annual audited financial statements, specific to the project.

e. Based on an analysis of the financial statements, THDA will determine the amount of operating cost assistance that is eligible to be disbursed from the operating reserve account for the previous fiscal year.

f. The analysis will determine the deficit remaining after the annual rent revenue of the NHTF-assisted units is applied to the NHTF-assisted units' share of eligible operating costs.

g. For purposes of this paragraph, eligible operating costs are limited to insurance, utilities, real property taxes, maintenance, and replacement reserve payments.

31) REPAYMENT

a. All NHTF awards will be structured as a grant to a Recipient with a Period of Affordability of 30 years. Repayment of NHTF funds may be required in the event that the final total development costs were such that NHTF assistance provided by THDA exceeds established program limits, or exceeded that which was necessary to make the project financially feasible.

b. Compliance with income requirements, rent restrictions, design standards and UPCS requirements is required for the entire Period of Affordability for each project. Failure to comply with any of these requirements may trigger repayment of the NHTF grant.
c. A NHTF assisted project that is terminated before completion, either voluntarily or otherwise, constitutes an ineligible activity and the Recipient must repay any NHTF funds invested in the project to THDA.

d. In the event of a foreclosure or transfer in lieu of foreclosure, the Recipient must repay the full NHTF investment in the project.

32) COMPLIANCE

a. NHTF assisted rental units are rent and income limited for the thirty (30) year Period of Affordability.

b. Recipients/Owners of rental property shall maintain occupancy of NHTF assisted units by Extremely Low Income Persons for the Period of Affordability.

c. During the Period of Affordability, the Recipient shall:

   i) Certify annually the income of tenants.
   ii) Adhere to the NHTF rent and income guidelines.
   iii) Comply with all applicable adopted housing codes and the Uniform Physical Condition Standards (UPCS).
   iv) Report to THDA in a form and with substance as required by THDA.

d. Prior to drawing down NHTF funds, Owners of projects with NHTF assisted units shall sign a grant note, deed of trust and restrictive covenant to enforce the NHTF Affordability Period.

e. Once NHTF funds are awarded to a Recipient, THDA will monitor compliance by reviewing certain records related to the NHTF-assisted project. THDA will monitor compliance by conducting desk and/or on-site reviews of the project.

f. THDA will conduct an on-site inspection at project completion in order to confirm that the project meets the Rehabilitation Standards listed in the NHTF Allocation Plan and THDA’s Minimum Design Standards for New Construction or THDA’s Minimum Design Standards for Rehabilitation, as applicable.

g. At a minimum THDA will conduct desk compliance reviews annually.

h. THDA will conduct on-site property inspections during the Period of Affordability in order to determine compliance with income and rent requirements, tenant selection, affirmative
marketing requirements, and property and design standards and to verify any information submitted by the Recipient to THDA.

i) THDA will perform onsite inspection of all NHTF assisted projects no less than every three (3) years during the Period of Affordability.

ii) For NHTF assisted projects of four (4) NHTF assisted residential units or less, THDA will perform an on-site inspection of one hundred percent (100%) of the units no less than every three (3) years during the Period of Affordability.

iii) For NHTF assisted projects consisting of five (5) or more units, THDA will inspect a minimum of 20% of the NHTF assisted units no less than every three (3) years during the Period of Affordability.

iv) The on-site inspection may include a review of records for all or a sample of the income and rent restricted units including, but not limited to, tenant files, rent rolls, approved and declined tenant applications, documentation supporting tenant income and employment verification, marketing materials and advertisements, and documentation of requests for reasonable accommodations.

v) The on-site review may also include a review of any local health, safety, or building code violation reports or notices and an inspection of the property to determine if the buildings are suitable for occupancy, taking into account local health, safety, and building codes, applicable THDA Design Standards, and UPCS standards as prescribed by HUD.

vi) Any reports made by state or local government units of violations, with documentation of correction, will be reviewed.

i. Each year during the Period of Affordability, the Recipient shall submit to THDA, within one hundred twenty (120) days after the end of the project’s fiscal year, each of the following:

i) Audited financial statements for the Owner.

ii) Audited financial statements for the project.

iii) Bank statements for operating reserve and replacement reserve accounts as of the end of the project fiscal year.

iv) Proof of sufficient property and liability insurance coverage with THDA listed as mortgagee.
v) Documentation to show the current utility allowance is being used (i.e. a copy of the utility allowance table).

vi) For projects that received points at initial NHTF application for pledging to provide permanent supportive services to special needs populations, an affidavit attesting to the supportive services provided to the project’s population during the fiscal year must be provided by the provider(s) of such services.

vii) Compliance monitoring fees from previous years re-inspections if applicable.

viii) Such other information as may be requested in writing by THDA in its sole discretion.

33) MONITORING FEES

a. THDA charges a monitoring fee for all NHTF assisted units. NHTF Recipients shall pay the entire fee covering the 30-year Period of Affordability as indicated in the current NHTF Operating Manual - Schedule of Monitoring Fees; but no less than $600 per NHTF assisted unit.

i) The monitoring fee must be paid prior to the Recipient making the request for Developer Fees to be drawn from the NHTF grant.

b. Additional fees may be charged when follow-up is required due to non-compliance findings. Failure to pay these fees will be considered an administrative noncompliance issue.

i) The fee will be the current approved fee as published in the NHTF manual and the most current program description at the time the fee is incurred but no less than:

1. Reinspection of a file or reinspection of a 1-4 unit property: Two Hundred Dollars ($200) per unit inspected
2. Reinspection of a NHTF project with five (5) or more units:
   a) Two hundred dollars ($200) per unit inspected;
   b) Standard mileage rate in effect under the current State of Tennessee travel regulations at the time of the reinspection from Nashville to the property and back to Nashville;
   c) Applicable state allowed per-diem for one staff person;
   d) Lodging expenses as allowed under then current State of Tennessee travel regulations;
   e) Any other expenses incurred by THDA relating to the project reinspection.
c. Fees for reinspections will be due to THDA prior to issuance of reinspection results or release of any additional NHTF-funded operating subsidy.

34) RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN

a. Recipients shall replace all occupied and vacant habitable low income housing demolished or converted to a use other than as lower income housing in connection with a project assisted with NHTF funds.

i) All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a working agreement committing THDA to provide funds for a project that will directly result in the demolition or conversion, THDA will make public by and submit to the HUD/Knoxville NHTF coordinator certain information. Each applicant proposing demolition or any reduction in lower income housing units shall submit the following information to THDA in connection with their application:

(1) A description of the proposed assisted project;

   (a) The address, number of bedrooms, and location on a map of lower income housing that will be demolished or converted to a use other than as lower income housing as a result of an assisted project.
   (b) A time schedule for the commencement and completion of the demolition or conversion.
   (c) To the extent known, the address, number of bedrooms and location on a map of the replacement housing that has been or will be provided.
   (d) The source of funding and a time schedule for the provision of the replacement housing.
   (e) The basis for concluding that the replacement housing will remain lower income housing for at least ten (10) years from the date of initial occupancy.
   (f) Information demonstrating that any proposed replacement of housing units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the approved Consolidated Plan.

35) NHTF RELOCATION REQUIREMENTS

a. THDA DISCOURAGES PROJECTS INVOLVING DISPLACEMENT OR RELOCATION of households. Prior to application, contact THDA if you are planning any project that may involve displacement or relocation.
i) A Displaced person is any person (household, individual, business, farm, or non-profit organization) that moves from the real property, permanently, as a direct result of rehabilitation, demolition, or acquisition for a project assisted with NHTF funds. Relocation requirements apply to all occupants of a project/site for which NHTF assistance is sought even if less than one hundred percent (100%) of the units are NHTF assisted.

(1) Before Application displacement is triggered when a tenant moves permanently from the project before the owner submits an application for NHTF assistance if THDA or HUD determines that the displacement was a direct result of the rehabilitation, demolition, or acquisition for the NHTF project. (e.g., THDA determines that the owner displaced tenants in order to propose a vacant building for NHTF assistance.)

(2) After Application displacement is triggered when a tenant moves permanently from the project after submission of the application, or, if the applicant does not have site control, the date THDA or the Recipient approves the site because:

   (a) The owner requires the tenant to move permanently; or

   (b) The owner fails to provide timely required notices to the tenant; or

   (c) The tenant is required to move temporarily and the owner does not pay all actual, reasonable out-of-pocket expenses or because the conditions of the move are unreasonable.

(3) After Execution of Agreement displacement is triggered when tenant moves permanently from the project after execution of the agreement covering the acquisition, rehabilitation or demolition because the tenant is not provided the opportunity to lease a suitable, affordable unit in the project.

b) A Displaced person is not:

   (1) A tenant evicted for cause, assuming the eviction was not undertaken to evade URA obligations.

   (2) A person with no legal right to occupy the project under State or local law (e.g., squatter).

   (3) A tenant who moved in after the application was submitted but before signing a lease and commencing occupancy, was provided written notice of the planned project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated, or experience a rent increase), and the fact that the person would not qualify as a "displaced person" (or for any assistance under URA) as a result of the project.

   (4) A person, after being fully informed of their rights, waives them by signing a Waiver Form.
c) The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), and its implementing regulations at 49 CFR Part 24, requires relocation assistance where acquisition has occurred under the Uniform Act. In addition, the Uniform Act coverage was expanded in 1987 amendments to cover displacement of individuals resulting from rehabilitation, demolition or private acquisition carried out under a federally assisted project or program.

d) Section 104(d) of the Housing and Community Development Act ("The Barney Frank Amendments") and HUD's Residential Anti-Displacement and Relocation Assistance Plan include additional relocation requirements. This extra level of relocation protection may be triggered for low-income households when units are converted or demolished with CDBG, UDAG, HOME, or NHTF funds. In addition, when Section 104(d) is triggered, jurisdictions may need to replace any low/moderate income dwelling units that are lost due to the conversion or demolition. This section refers only to residential relocation. If non-residential (commercial/industrial) relocation is involved, contact THDA.

e) Understanding how relocation requirements are triggered, alternate ways of meeting them, and the costs of the alternatives is essential in making NHTF program decisions. Concerns about relocation may cause a Recipient to consider establishing a preference for vacant buildings. However, Recipients should also consider that vacant buildings are often in various states of deterioration. Rehabilitating an occupied building, even with the cost of assisting tenants to remain or relocate, may be less costly than rehabilitating a vacant building. In occupied buildings, Recipients must consider whether occupants will be able to return after rehabilitation and whether Section 8 assistance is available to help meet relocation costs. Selecting vacant projects does not relieve all relocation concerns. Vacant buildings in good condition may have been recently occupied. If so, the Recipient must consider whether the owner removed the tenants in order to apply for NHTF assistance for a vacant building. If so, these tenants are displaced persons.

f) Skilled staff can save the local program money and build goodwill with owners and tenants. Failure to understand and follow relocation requirements can result in unnecessary costs for the local program. It is possible for uninformed owners and staff to take steps that would obligate the local program to provide significant relocation benefits and services. Early briefings for owners and program staff on relocation rules are essential. Handbook 1378, Tenant Assistance, Relocation and Real Property Acquisition consolidates relocation requirements for NHTF and other HUD programs in one document. It is available from HUD Field Offices or by contacting THDA. HUD informational booklets for persons who are displaced or whose property is to be acquired are also available from HUD Field Offices or from THDA.

g) URA requirements are triggered at the time the application is being prepared, and additional requirements are triggered at the time the working agreement is signed between THDA and the Recipient and when rehabilitation is completed. Treatment of displaced
persons depends upon whether the displaced person is (1) a tenant or owner; (2) a business or household; (3) has income above or below the Section 8 Lower Income Limit.

31) SITE AND NEIGHBORHOOD STANDARDS

a) Housing provided through the NHTF program must be suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Executive Order 11063, and HUD regulations issued pursuant thereto; and must promote greater choice of housing opportunities.

b) New construction rental housing. In carrying out the site and neighborhood requirements for new construction, the Recipient shall provide documentation as THDA may require, in THDA’s sole discretion, to determine that proposed sites for new construction meet the requirements in 24 CFR 93.150 with cross reference to 983.6(b) which places limiting conditions on building in areas of “minority concentration” and “racially mixed” areas.

c) Rehabilitation of rental housing. Site and neighborhood standards do not generally apply to rehabilitation projects funded under NHTF unless project-based vouchers are used in an NHTF rehabilitation unit. In such case, the site and neighborhood standards for project-based vouchers will apply as determined by the issuing authority for the project-based vouchers.

32) EQUAL OPPORTUNITY AND FAIR HOUSING

a) No person in the United States shall on the grounds of race, color, religion, sex, familial status, national origin, or disability be excluded from participation, denied benefits or subjected to discrimination under any program funded in whole or in part by NHTF funds.

b) The following Federal requirements as set forth in 24 CFR 5.105(a), Nondiscrimination and equal opportunity, are applicable to NHTF projects:

   i) Fair Housing Act (24 CFR Part 100)

   ii) Executive Order 11063, as amended (24 CFR Part 107 - Equal Opportunity in Housing)

   iii) Title VI of the Civil Rights Act of 1964 (24 CFR Part 1 - Nondiscrimination in Federal programs)

   iv) Age Discrimination Act of 1975 (24 CFR Part 146)

   v) Section 504 of the Rehabilitation Act of 1973 (24 CFR Part 8)
vi) Section 109 of Title I of the Housing and Community Development Act of 1974 (24 CFR Part 6)

vii) Title II of the Americans with Disabilities Act 42 U.S.C. §12101 et seq.

viii) Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity 24 CRF Parts 5, 200, 203, 236, 400, 570, 574, 882, 891 and 982

(1) Section 3 requires that the employment and other economic opportunities generated by Federal financial assistance for housing and community development programs shall, to the greatest extent feasible, be directed toward low-income persons, particularly those who are recipients of government assistance for housing.

x) Executive Order 11246, as amended 41 CFR 60 (Equal Employment Opportunity Programs)

xi) Executive Order 11625, as amended (Minority Business Enterprises)

xii) Executive Order 12432, as amended (Minority Business Enterprise Development)

xiii) Executive Order 12138, as amended (Women’s Business Enterprise)

xiv) Executive Orders 11625, 12432, and 12138 (Minority/Women's Business Enterprise) require that Recipients prescribe procedures acceptable to HUD for a minority outreach program to ensure the inclusion, to the maximum extent possible, of minorities and women and entities owned by minorities and women in all contracts. Recipients must also develop acceptable policies and procedures if their application is approved by THDA.

c) The HUD Office of Fair Housing also includes the following fair housing laws and Presidential Executive Orders which are not included in 24 CFR 5.105(a) but which are applicable to federally-assisted programs:

ii) Executive Order 12892, as amended (Affirmatively Furthering Fair Housing)

iii) Executive Order 12898
iv) Executive Order 13166 (Limited English Proficiency)

v) Executive Order 13217 (Community-based living arrangements for persons with disabilities)

d) In addition to the above requirements, the Recipient must assure that its Equal Opportunity and Fair Housing policies in the NHTF Program are consistent with the State’s current Consolidated Plan.

33) AFFIRMATIVE MARKETING

a) Prior to beginning a NHTF project, Recipients must adopt affirmative marketing procedures and requirements for all NHTF rental projects with five or more units. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to race, color, national origin, sex, religion, familial status, or disability. The Recipient must also identify and take steps to attract populations that are least likely to apply for the housing to be created. Requirements and procedures must include:

i) Methods for informing the public, owners and potential tenants about fair housing laws and the Recipient’s policies;

ii) A description of what the Recipient will do to affirmatively market housing assisted with NHTF funds;

iii) A description of what the Recipient will do to inform persons not likely to apply for housing without special outreach;

iv) Maintenance of records to document actions taken to affirmatively market NHTF-assisted units and to assess marketing effectiveness; and

v) Description of how efforts will be assessed and what corrective actions will be taken where requirements are not met.

b) All projects that receive NHTF grants must advertise all vacant units on the www.TNhousingssearch.org website.

34) APPLICATION AND EVALUATION PROCEDURE

a) THDA will evaluate each application to determine if the proposal meets threshold criteria. Threshold criteria includes:
i) Submission by an eligible applicant of a complete application, including any
documentation required to be submitted through THDA’s Participant Information
Management System (PIMS).

ii) Proposal of an eligible activity; proposal of a project that in the opinion of THDA is
physically, financially and administratively feasible; proposal of a project that meets
the requirements of 24 CFR Parts 91 and 93, as amended.

iii) Submission of a 30-Year Proforma demonstrating a need for the NHTF funds.

iv) Proposals that will set-aside more than 20% of the units for individuals with disabilities
must demonstrate that the project will meet the qualities of settings that are eligible for
reimbursement under the Medicaid home and community-based services that were
established by the Centers for Medicare and Medicaid Services (CMS) in the final rule
dated January 16, 2014:
https://www.federalregister.gov/articles/2014/01/16/2014-00487/medicaid-
program-state-plan-home-and-community-based-services-5-year-period-for-
waivers-provider.

v) Receipt of a score that equals at least 60% of the total points available.

b) Applications meeting the threshold requirements will be scored and ranked by Grand
Division, as defined in Tennessee Code Annotated Title 4, Chapter 1, Part 2, in descending
numerical order based on the scoring matrix provided in #2 of this section.

c) THDA will first select the highest scoring application from each Grand Division of
Tennessee.

d) If additional funding is available, THDA will combine all remaining applications into a
single ranking by score. THDA will award funding starting with the highest score to lowest
score until all funds are allocated or the amount of funds available is less than the need for
the next highest scoring application.

e) Given the limited funding available statewide and in order to distribute NHTF funding
across Tennessee, THDA reserves the right to limit funding to only one award per county.

f) When the amount of funds available is less than the request for funding identified in the
application, THDA reserves the right to offer partial funding pending the applicant’s ability
to secure additional financing within a timeframe established by THDA or to not select a
proposed project if sufficient funding is not available to award all funds requested by the
applicant.
1. When the applicant is not able to secure additional financing within THDA’s identified timeline, THDA, subsequently and at its sole discretion, may move to the next lower scoring application(s) in order to meet its commitment obligations under the NHTF program.

2. When THDA opts to not select a proposed project if sufficient funding is not available to award all funds requested by the applicant, THDA may move to the next lower scoring project(s) in order to meet its commitment obligations under the NHTF program.

In the event of a tie score between applications, THDA will prioritize that application with the highest combined total of the Need and Opportunity Score. In the event that a tie still remains, the application with the highest Opportunity Score will be selected.

35) NHTF RENTAL HOUSING SCORING MATRIX   Up to 100 Points

a) PROJECT DESIGN - Up to 30 points

i) The proposed project demonstrates exceptional planning, readiness to proceed, and administrative capability. All necessary components to accomplish the project have been identified in the application. The applicant has site control of the proposed site to be developed.

ii) Firm financial commitments for non-NHTF resources have been secured, are current, and are demonstrated within the application.

iii) The extent to which the project has a binding commitment for Federal, State, or local project-based rental assistance so rents are affordable to extremely low income families and sufficient funds support the project’s operation. Projects that preserve existing housing with project-based rental assistance are preferred.

iv) The project’s proforma demonstrates sufficient cash flow to supports the project’s operation without a contribution of NHTF funds by THDA to an operating reserve account for the project.

v) The extent to which the proposed project fills the need demonstrated by the neighborhood market conditions.

vi) The extent to which the design of the proposed project is appropriate and meets the needs of the targeted population to be served.

vii) The extent to which formal partnerships have been established and demonstrated within the application to provide voluntary and appropriate support services for the targeted population.

viii) The extent to which the proposed project provides easy access to community living, including retail, employment, transportation, medical, education, recreation, and government services.

ix) The extent to which the proposed project integrates the NHTF-assisted households with households of higher incomes within the project. These will be determined using...
the standard HUD definitions of extremely Low Income, very Low Income, Low Income, and incomes above 80% AMI.

x) The extent to which universal design and visitability features will be included in the design of the projects.

xi) The extent to which energy efficiency features exceed the requirements of THDA’s Design Standards for New Construction or Rehabilitation, as applicable.

d) AREAS OF OPPORTUNITY SCORE - Up to 10 Points

THDA has determined factors which indicate census tracts of high opportunity. These factors include areas of high median gross rent, high cost burden, proximity to employment, high workforce participation, low levels of abandoned housing, rental market (LIHTC) vacancy rate, and the pipeline of rental housing financed under the Low Income Housing Tax Credit Program under construction and in lease-up.
Scores to be used in the evaluation of areas of opportunity are available at [https://thda.org/business-partners/nhtf](https://thda.org/business-partners/nhtf).

e) LEVERAGE - Up to 10 points

THDA may award up to 10 points to applications that include the use of non-THDA resources towards the development costs of the project. Rental assistance and permanent financing resources will not be considered in this category. THDA will award points based on the percentage of non-THDA resources in the project against the total development cost for the project. In order to receive points, there must be written documentation in the application supporting the contribution of the non-THDA leveraged funds to the project.

f) RURAL DESIGNATION – 5 points

THDA will award up to 5 points for applications with projects located in designated rural areas of Tennessee. For this program description, “rural” is defined as all Tennessee counties except the following: Anderson, Blount, Bradley, Carter, Coffee, Davidson, Dyer, Gibson, Hamilton, Hamblen, Haywood, Knox, Loudon, Madison, Maury, Montgomery, Putnam, Roane, Rutherford, Shelby, Sumner, Unicoi, Williamson and Wilson. All other counties are considered Rural.

g) DESIGNATED DISTRESSED COUNTIES – 5 points

Tennessee Governor Bill Lee issued an executive order designating fifteen Tennessee Counties as distressed, including: Lake, Lauderdale, Hardeman, McNairy, Perry, Jackson, Clay, Grundy, Van Buren, Bledsoe, Fentress, Morgan, Scott, Hancock and Cocke. THDA will award up to 5 points for applications with projects in the designated distressed counties.

RE: Amendment to the 2017, 2018, and 2019 HOME Program Descriptions – Reconstruction Requirement

The HOME Program Descriptions from 2017, 2018 and 2019 currently require that a house must be reconstructed when the rehabilitation hard costs will exceed 75% of the after-rehabilitated appraised value of the house. Our experience has found that cases exist when the homeowner does not want to lose their original house due to sentimental reasons or replacement of the unit with a modern home would be aesthetically incongruent to the neighborhood, and the existing house also is structurally sound and could be rehabilitated to meet all THDA standards within the program’s subsidy limits.

Staff is requesting the Board’s approval to provide staff with flexibility to address such instances, at THDA’s determination, while also remaining within the program subsidy limits. In such cases, staff is proposing to increase the compliance period in such cases from five to fifteen years. To address this issue, staff is requesting modifications to the 2017, 2018, and 2019 Program Descriptions as follows:

1. Replace the current paragraph in Section C, Item 1 – Eligible Activities – Homeowner Rehabilitation as follows (added language underlined):

   For all homeowner rehabilitation activities, the value of the HOME assisted property after rehabilitation must not exceed 95 percent of the median purchase price for the area. If the proposed HOME investment for hard construction costs into a unit to be rehabilitated exceeds 75% of the after rehabilitation appraised value of the unit, the unit must be reconstructed. Hard construction costs exclude those for building inspections, lead-based paint inspections, energy related inspections, and work write-ups, but includes all remaining costs associated with addressing lead-based paint hazards for the unit. On a case-by-case basis, THDA may waive this requirement and allow the unit to be rehabilitated at its sole discretion.
2. Modify Section H, Item 3 – Compliance Period as follows (added language underlined):

*Homeowner rehabilitation.* Grants for homeowner rehabilitation projects that do not include reconstruction and where the hard construction costs into a unit to be rehabilitated is equal to or less than 75% of the after rehabilitation appraised value of the unit shall have a compliance period of five years with a forgiveness feature of 20% annually. In order to enforce the compliance period, THDA will require that grant recipients obtain a grant note and a recorded deed of trust executed by the homeowners.

Grants for homeowner rehabilitation projects where the hard construction costs into a unit to be rehabilitated is greater than 75% of the after rehabilitation appraised value of the unit shall have a compliance period of fifteen years with a forgiveness feature of 6.67% annually. In order to enforce the compliance period, THDA will require that grant recipients obtain a grant note and a recorded deed of trust executed by the homeowners.

Grants for homeowner rehabilitation projects that include reconstruction shall have a compliance period of fifteen years with a forgiveness feature of 6.67% annually. In order to enforce the compliance period, THDA will require that grant recipients obtain a grant note and a recorded deed of trust executed by the homeowners.

If the homeowner of a property that has been rehabilitated dies during the compliance period and the property is inherited by heirs, the property may be rented without repaying the unforgiven portion of the HOME subsidy to THDA. However, if the house is sold by the heirs during the affordability period, the remaining unforgiven portion must be repaid to THDA. This policy may be applied retroactively to prior HOME projects as needed.

All other program requirements would remain unchanged.

RE: Program Year 2020 Low Income Home Energy Assistance Program

The U. S. Department of Health and Human Services (HHS) will be accepting applications from states for the Program Year 2020 Low Income Home Energy Assistance Program (LIHEAP). Applications are due to the HHS no later than September 1, 2019. The Program Year 2020 allocation for Tennessee is not yet available; however, based on the amount available to Tennessee for 2019, THDA anticipates that approximately $65,651,305 will be received, with approximately $6,565,130 available for administrative costs and $59,086,175 available for program costs.

LIHEAP and the activities carried out with the LIHEAP funding are subject to federal regulations found at 45 C.F.R. § 96. The annual application to HHS defines the program and requires that the program be made available to eligible agencies that serve all areas (counties) in the state. Grantees for LIHEAP funding are those agencies meeting the federal definition of an eligible entity which includes Community Action Agencies (CAA) or other public or nonprofit entities selected on the basis of public comment received during a public hearing conducted pursuant to 45 C.F.R. § 96 and other appropriate findings regarding:

(i) The subgrantee's experience and performance in LIHEAP;
(ii) The subgrantee's experience in assisting low-income persons in the area to be served; and
(iii) The subgrantee's capacity to undertake a timely and effective LIHEAP program.

The program funding is allocated by county, based on the percentage of the low-income population residing in that county, as determined through the use of SAIPE (Small Area Income and Poverty Estimates) census data.
The local agency will receive, if willing to participate, the allocation for the county or counties located in their service delivery area. THDA will retain funding for administrative expenses as permitted under federal regulations. Staff will also conduct public meetings to explain the program and funding situation.

At this time, THDA is planning to propose the following programmatic changes for the 2020 program year. There will be public hearings and a public comment period during August 2019.

- Changing the definition of income from “past 8 weeks” to “past 30 days.” This change will better identify the actual current income of LIHEAP clients while decreasing the administrative burden on LIHEAP clients and subgrantee intake offices.
- Allow the acceptance of online client applications in the current LIHEAP database (THO). Online applications will only be accepted for clients that have been served by LIHEAP within the past two years. Applications and verification documentation will continue be reviewed by the subgrantees prior to issuing a benefit.
- Allow heating and cooling system repair and replacement using LIHEAP funds. This will allow current Weatherization subgrantees the ability to repair or replace heating and cooling systems without having to entirely weatherize the home.
- Allow the purchase of vehicles and equipment for use in the Weatherization Program. Vehicles and equipment such as work trucks, vans, and insulation machines will be allowed to be purchased using LIHEAP Weatherization funds.

Staff is requesting Board and Committee approval of THDA submitting an application to HHS for the LIHEAP Program Year 2020 funds by the federal deadline of September 1, 2019 subject to review by the Board Chair, the Committee Chair, and THDA’s Executive Director of any further material changes prior to submission.
