

THDA Appraisal Guidelines

All applicants claiming acquisition and/or land costs must submit an appraisal on the THDA provided templates. Both templates will be utilized in the Competitive Low Income Housing Credit and Multifamily Tax Exempt Bond Authority programs. See the guidance below regard the two types of appraisals:

Land and Building- For Initial Applications proposing adaptive reuse, preservation, rehabilitation, or requesting acquisition Housing Credits for five or more units, an “as is” rent restricted market rate appraisal (the “Appraisal”) not including Housing Credits benefits must be included with the Initial Application.

1. The Appraisal must be performed by a Certified General Appraiser licensed in Tennessee and prepared in accordance with the requirements of **these THDA Appraisal Guidelines**. The Appraisal must be in a form and with content acceptable to THDA.
2. The Appraisal cannot be based solely or largely on a cost approach to value, but must also consider market and income approaches to value. If the development is proposed for scattered sites, the scattered sites must be appraised as a single rental development, using appraisal methodology appropriate for rental property as described here.
3. The acquisition cost for Housing Credits purposes shall not exceed the lesser of the purchase price or the appraised value.
4. The Appraisal must be less than six months old at the time of submission.
5. Applicants claiming land and building costs should use 2019-2020 Land and Building Template located on the [THOMAS attachments page](#).
6. Appraisers should utilize the proper template and fill it out in its entirety, remarks like see report are unacceptable and will be a finding in the review process. Any exceptions to not completing the document in its entirety will require approval from the MP Allocation Manager.
7. Applicants utilizing USDA Section 515 that are applying for 4% Noncompetitive LIHTC only, may be allowed to include a portion of Interest Credit Subsidy per the [March 16, 2018 Notice](#) issued regarding Interest Rate Subsidy.

8. Applicants that intend to combine more than development into one application must provide separate Land and Building templates for each development and complete the Multiple Development Value of Conclusions sheet in the template provided by THDA. At THDA's discretion, the applicant **may be advised** to submit the applications under separate applications. Applicants are advised to discuss the proposed development with THDA prior to submission.

Land Only- For all other Initial Applications that include land cost, a land appraisal (the "Land Appraisal") must be included with the Initial Application. The Land Appraisal must be in a form and with content acceptable to THDA.

1. The Land Appraisal must be performed by a Certified General Appraiser licensed in Tennessee and prepared in accordance with the requirements of **THDA Appraisal Guidelines**.
2. If the development is proposed for scattered sites, the scattered sites must be appraised as a single rental development, using appraisal methodology appropriate for rental property.
3. The land cost for Tax Credit purposes shall not exceed the lesser of the purchase price or the appraised value.
4. Appraisers should utilize the proper template and fill it out in its entirety, remarks like see report are unacceptable and will be a finding in the review process. Any exceptions to not completing the document in its entirety will require approval from the MP Allocation Manager.
5. Applicants claiming land cost only should use 2019 -2020 Land Template located on the [THOMAS attachments page](#).
6. The Land Appraisal must be less than six months old at the time of submission.
