MEMORANDUM:

TO: Multifamily External Partners  
FROM: Felita Hamilton and Mark Cantu  
DATE: December 30, 2019  
SUBJECT: THOMAS Manual

This manual has been developed to assist Multifamily Programs External partners in the allocation process for both the Low Income Housing Credits and Multifamily Tax Exempt Bond Authority programs. The manual is being developed to encompass the entire all allocation cycles of both program activities.

The manual will updated with new information frequently so applicants should look for messages in the THOMAS dashboard after registration has been completed.

For any questions or concerns regarding this manual and/or application submissions contact thomas@thda.org.

SECTION ONE
THOMAS Registration

The following is the link for THOMAS registration:

http://resources.thda.org/

1. Click THOMAS (Tennessee Housing Online Management Application System)

2. Register as a new user by clicking the register as a new user button in the lower right hand of the screen.
3. Complete registration information.

4. Once registration is complete it will need to be confirmed by accessing the link sent by email. Be sure to check your junk/spam folders as some registration confirmations will be sent there.
Creating an Application

Once the Applicant has successfully completed Registration and now has a valid User Name and Password, the applicant can begin the application process.

1. Click “+ Add New Application” in the lower left hand side of the page.

2. Add the Project Name, Round, answer the last question and click “Create Application”. An Application can only be created by an owner of an employee of the ownership entity, preferably a person that appears in the Ownership Organizational structure. All other users will receive a “you are not eligible to add this application” error.

3. Once the Application has been created it will show as pending in the Application Number column as pictured above. All Applications must be approved by THDA before work can begin on an application, this will be done in a timely manner.
4. Once your application is approved you will be able to begin working the applications starting with the general information.
Requesting Access to a THDA Development

Any users needing access to an application that has already been approved will need to register for an account by following the steps in the “Registration” section above. Once the account has been created users will need to click on the “+Request Access to a THDA Project” button in the lower right hand corner of their THOMAS homepage.

Note: The application must be approved by THDA In order for additional users (other than the “Owner”) to request access. To determine if the application has been approved, check the “Application Number” column. If an application number has been assigned in the XX-XXX format the application has been approved.

THDA will only approve the first level or Owner’s access. The Owner will be responsible for approving all other access levels

1. Enter the application number, in the XX-XXX format, select your role, and request access.

2. Once the request has been submitted the Owners will receive notification and will be responsible to approving or denying the request.
Levels of Access (Roles)

a. Owner/Admin access
   a. This individual should be an employee of the ownership entity preferably or a person that appears in the Ownership Organizational structure.
   b. This individual will be responsible for approving the other two levels within the organization and outside of the organization.
   c. This individual will have full editing rights and can make changes in the application.
   d. THDA must approve this level of access.
   e. THDA must facilitate the change of the individual in this role.
   f. Example of the Individual in this role: Application Contact with a linkage to the Ownership Entity not a consultant hired by the Ownership Entity.

b. Consultant/Editing access
   a. This individual may be an employee of the ownership entity preferably or a third party individual employed by the ownership or developer entity that has a need to make edits in the application.
   b. This individual must register in THOMAS and will be approved by the individual with the Owner access.
   c. This individual will have full editing rights and can make changes in the application.
   d. This individual can be removed and/or changed to read access by the Owner/Admin access individual.
   e. Examples of individuals in this role: Third Party Consultants, Management Agents, Other employees in the Organization, Accountants, etc.

c. Read-Only access
   a. This individual may be an employee of the ownership entity, developer entity or a third party individual employed by the ownership or developer entity and will not have any need to make edits but only view data in the application.
   b. This individual must register in THOMAS and will be approved by the individual with the Owner access.
   c. This individual will only have read only rights and cannot make changes in the application.
   d. This individual can be removed and/or changed to consultant access by the Owner access individual.
   e. Examples of individuals in this role: Board Members, Syndicators, Market Study Analysts, Other employees in the Organization, etc.
d. Accountant access
   a. Each application that will receive 8609’s must have a licensed Certified Public Accountant registered as an Accountant.
   b. The accountant should refer to Section 1 Registration Instruction for guidance on registration.
   c. The accountant will select the role of Accountant.

e. Once registered, the accountant may request access to the applicable application

   ![Request User Access Form]

   - Enter Application Number: 18-201
   - Select Role: Accountant
   - License Number:
   - State of License Issuance:
   - Date of Expiration:

   - Request Access
   - Cancel

f. The Owner will approve the Accountant in the same fashion as all other users.
Approving Access (For Users with Owner Access)

1. If a request for access to an Owner’s application has been made, the “Access Requests” column will be marked “Yes”. Click on “Yes”.

2. From this screen, the Owner can approve, deny, or change a user’s access level.

Managing User’s Roles

1. A list of all users for the current development can be found from the Owners homepage. Click on the application number.

2. From the General Information screen click on the “Roles” button in the upper left hand corner.
3. To change a user’s role click “Change Role”. Select the new role and updates. To remove a user’s access click “Remove”.

Software Overview

THOMAS will replace the HCMS and ADMS systems that support all aspects of the Multifamily Programs activities beginning in 2018.

✓ All 9% Competitive and MTBA with 4% Noncompetitive Applications will be supported by the THOMAS system.

✓ While the applicant has the ability to jump from page to page, the application is easiest to complete if the applicant begins at the General Information page and work their way through the application, one page at a time.

✓ If this is not done, keep in mind that there may be areas within certain pages that rely upon previous pages being completed which may or may not be populated either completely or correctly.

✓ As you complete the application there are a few items to keep in mind to make completion easier.

✓ The application has a timer in the right top side of 30 minutes.
  - The timer will re-start after every time applicant utilizes the save feature.
  - Very important to save.
  - In the event that the applicant tries to leave a page without saving, a message will appear that will ask the applicant to either stay on the page and save or leave the page and not save.
  - Use the Tab key to go from field to field or place the cursor over the field needing completion.

✓ The Software will have fields with required fields that are indicated by bold fields
  - These fields are required to be answered or application will not be able to be submitted.

  - Each page will always show the bolded fields text regardless if all the fields are completed.

  - The Validate for Submission feature is intended to validate the entire application to ensure all required fields are answered.

✓ Upon a clearance of the Validate for Submission page, the applicant may choose to submit the application.

  - A customer receipt will be generated with a confirmation number.
  - Applicant will utilize a Wire Transfer to submit all application fees.
o Once application is submitted, the applicant does not have the ability to do any editing.
Software Overview

The Initial Application will have the following pages/screens that will apply to both programs.

3. Click on the “+Add a Note” button in the upper left hand corner of the screen. Add the note, and save.
SECTION THREE
Validate & Submit

The Validate & Submit process is required for every application submission cycle.

- The application will not be submitted if any required fields are not answered.
- The application will also not be submitted if a required document has not been uploaded in the proper document loader tab.
Validate For Submission

1. In order for an application to be submitted it must first be validated. The Validation process will ensure that no required fields were left blank, all applicable information is entered, and that all required documents have been uploaded.

2. After application has validated the user will receive the below report. Any tab with a red X means something needs to be corrected. Close out of the report and click on the arrow next to tabs that are marked with a red X.
3. The screen will now display the specific errors within that applicable tab. At this point you can switch back and forth between the Validation tab and the other applicable tab to correct all the errors.

4. Once all errors have been corrected. The user must acknowledge the below statement and agree to using an electronic signature.

5. After all steps of the validation process have been completed, the application can be submitted.
Summary Report

The summary report is a PDF document that provides applicants a summary of the information entered into the THOMAS system.
Summary Report

Applicants have the ability to print a summary of the completed application.

1. Within every application, applications there will be a “Reports” option on the blue ribbon at the top.
2. Expand the arrow and select the applicable report.
3. At this time, only the Initial Application report will appear.
Receipt of Submission
Submission Receipt

After Validation is passed and applicants submit, a confirmation will be generated and the Project Status will reflect Submitted.
Payment Instructions

THDA will accept Wire transmissions on all fees associated with both the Competitive LIHC and MTBA Non Competitive LIHC programs.
Payment Instructions

Competitive LIHC

Persons submitting in the 9% Competitive Program must be sure to have the applicable Initial application fee wired to THDA by the applicable due date as stated in the QAP. Applicants that fail to send fees will not be able to compete in the 9% Competitive cycle. Applicants may send one wire to cover multiple applications as applicants should enter the applicable TN ID Number(s) in the OBI field on the wire.

MTBA with Noncompetitive LIHC

Persons submitting in the MTBA with 4% Non-Competitive Program must be sure to have the applicable application fee wired to THDA within 24 hours of submission of the application in the THOMAS system. THDA will not review any submissions until the transmission of the wire is confirmed. Applicants may send one wire to cover multiple applications as applicants should enter the applicable TN ID Number(s) in the OBI field on the wire.

MTBA Review Process

Applicants will receive email from the THOMAS regarding the results of the review. The applicant should respond to the evaluation notice during the applicable time period. The applicant may receive up to three notices. Each notice will have a designated time period for the applicant to respond.

Applicants will be required to Validate and Submit the application again.
Issuance of Commitment and 42(m) Letters

Once the evaluation process is completed, the THOMAS system will generate both the Firm and 42(m) Letters. The Thomas System will send an email alerting the primary contacts. The letters can always be found on the blue bar within the application.

The applicant should return the executed letter in the THOMAS System. The Home page grid will have an Upload Commitment Letter feature on the last column. The letters should be uploaded there within 14 days of issuance.

There will not be a receipt that generates, rather applicants should be able to view the upload in the Documents screen under the Executed 42M and Commitment letter folders.
Closing Process

The applicant will notify THDA of the closing by uploading the following documents if applicable in the THOMAS system. The Upload Closing feature will also appear on the Home Page grid.

The Closing Attorney should execute the Bond Closing template that is available on the THOMAS Documents page. The applicant should also upload the Chief Local Approval Letter and the Election Rate Lock if applicable.

There will not be a receipt that generates, rather applicants should be able to view the in the Documents screen under the THDA Closing, Chief Local Approval and Rate Lock Election if applicable folders.

Once closing commences, the applicant contacts will receive an email from THOMAS regarding the Pre-Construction meeting. For more information on that process consult the applicable QAP section regarding Construction.
Section Five

1. The Tax Credit Calculation screen is a results screen.
2. This screen may be exported for ease of use to check calculations.
3. The screen will display all the Bins that will receive 8609’s.
4. The data points in this screen will automatically populate 8609’s.
   a. The Acquisition Eligible Basis shown in the Tax Credit Calculation is the same number entered on the Buildings Popout.
   b. The 8609 Line 2 A/R TC % and N/R TC % is the maximum applicable credit percentage.
   c. The Credit calculation per building for the “8609 Line A/R and N/R TC Line 1B” is percentage of qualified basis multiplied by the total of credits calculated for acquisition basis.
   d. The 8609 A/R and N/R 3A is the amount of tax credits per building divided by the Tax Credit Percentage.
5. Applicants sure ensure that the accuracy of the data points, as THDA will not manually generate 8609’s.
Permanent Financing Conversion

Applicants that have not converted to the construction financing to permanent should upload that documentation in the THOMAS once it has been obtained. There will be an upload function on the Home Page grid for the applicable development.

Initial Application Documents provided by Applicants

Each application cycle THDA may require applicants to upload supporting documentation as it relates to eligibility and scoring. Those items include:

- Level One Property Control-
  - THDA will not accept multiple Initial Applications for the same site. To be eligible, an Initial Application must demonstrate control of the property on which the development proposed in the Initial Application is to be located (the “Property”).
  - A copy of any one of items (i)-(iv) below must be part of the Initial Application:
    - (i) Recorded instrument of conveyance (warranty deed, quitclaim deed, trustee deed, court order) evidencing title to the Property vested in (A) the currently existing Ownership Entity identified in the Initial Application or (B) a person or entity identified in the Initial Application as the general partner or managing member of the Ownership Entity to be formed;
    - (ii) Acceptable evidence demonstrating the ability to acquire the Property through the power of eminent domain by (A) the currently existing Ownership Entity identified in the Initial Application or (B) a person or entity identified in the Initial Application as the general partner or managing member of the Ownership Entity to be formed;
    - (iii) Contract for sale or a contract for a 50-year ground lease, which contract must show that the ground lease, when executed, will meet the requirements specified in Part VII-A-7-b-(v), executed by (A) the owner of record of the Property and (B) the currently existing Ownership Entity identified in the Initial Application or a person or entity identified in the Initial Application as the general partner or managing member of the Ownership Entity to be formed; or
    - (iv) An option to purchase or an option for a 50-year ground lease, which option must show that the ground lease, when executed, will meet the requirements specified in Part VII-A-7-b-(v), executed by (A) the owner of record of the Property and (B) the currently existing Ownership Entity identified in the Initial Application or a person or entity identified in the Initial Application as the general partner or managing member of the Ownership Entity to be formed. (v) A ground lease for the Property must have a minimum term of 50 years with no provisions for termination or reversion prior to the expiration of the extended use period as defined in Section 42(h)(6)(D). Proposed developments which are the subject of a Payment In Lieu of Taxes (“PILOT”) agreement may be exempt from this minimum term requirement subject to THDA’s review of and satisfaction with the terms of the PILOT.
• Level Two Property Control-Title Commitment evidencing that title to the Property is vested in the person or entity who executed the Level One as owner. A valid legal description of the property must be included. The commitment must be dated no more than 60 days prior to the Initial Application Deadline.
• Ownership Organizational Chart-Applicant must trace the proposed ownership entity through all layers (entities and individuals) of its organizational structure regardless of the type of entity at any particular layer. The organizational chart should match the THOMAS Organizational records.
• Developer Organizational Chart-Applicant must trace the proposed developer entity through all layers (entities and individuals) of its organizational structure regardless of the type of entity at any particular layer. The organizational chart should match the THOMAS Organizational records.

Section Seven
Construction Access

9% Competitive Applications

1. Once the equity closing document(s) have been uploaded and reviewed by the applicable allocation coordinator, the application will be moved from allocation to construction and set to a construction status.
2. In order to edit the application during the construction phase the user will need to have one of two role types, Owner/Admin or Construction.
3. For new users (users that have never registered and do not have a THOMAS login), please see Section 1, THOMAS Registration, of this manual.
4. For existing users that are not the Owner/Admin and need access to edit during the construction phase, construction access will need to be requested. See section 1, Requesting Access to a THDA Development.

4% Non-Competitive Applications

1. Once the equity closing document(s) have been uploaded and reviewed by the applicable allocation coordinator the application will be moved from allocation to construction and set to a construction status.
2. In order to edit the application during the construction phase the user will need to have one of two role types, Owner/Admin or Construction.
3. For new users (users that have never registered and do not have a THOMAS login), please see Section 1, THOMAS Registration, of this manual.
4. For existing users that are not the Owner/Admin and need access to edit during the construction phase, construction access will need to be requested. See section 1, Requesting Access to a THDA Development.
Pre-Construction Dashboard

1. Once the application has been moved into the construction process and you have appropriate construction access, your dashboard will be separated by applications in the allocation and construction phases.

2. The allocation and construction dash can be toggled back and forth by clicking on the either the allocation or construction buttons.

3. Under the construction tab, the application can be accessed one of two ways. To view the submitted application (read only) at the applicable stage (carryover), click the blue link under the project name column (actual development name). To access the construction reporting portal click the application number under the application # column.
Pre-Construction Reporting

1. Prior to the Pre-Construction Meeting, the Pre-Con data and proposed hard cost data will need to be entered, as well as all applicable documents uploaded. Each page will need to be submitted individually before the pre-construction meeting date.
Pre-Construction Meeting

1. Once the construction data, proposed hard costs, and applicable documents have been submitted the Pre-Construction meeting will be scheduled. Please refer to the applicable years QAP when scheduling the pre-con meeting to ensure personnel attending the meeting meet the QAP requirements.

2. After the Pre-Construction meeting, the application will be released back to the applicant to make any necessary corrections identified during the meeting. The corrections will be issued in the form of a correction letter, identifying the item(s) needing to be corrected/updated and the proposed solution(s).

3. After all applicable corrections or updates have been completed the application will need to be validated and submitted. Please see Section 3, Submission Process, for instructions on how to validate and submit.
Quarterly Reporting

1. Quarterly construction reporting will start the first quarter after the Pre-Construction meeting has been completed and will be required until the project is 100% complete.
2. The quarterly reports will be available 5 days before the quarter end and will remain open for 7 days.
