Ralph M. Perrey, Executive Director
Tennessee Housing Development Agency (THDA)
Andrew Jackson Building
502 Deaderick Street, Third Floor
Nashville, TN 37243

Dear Mr. Perrey:

SUBJECT: Annual Performance Assessment Letter and Report
State of Tennessee
Program Year 2015: July 1, 2015, to June 30, 2016

The Office of Community Planning and Development (CPD) is required to assess the performance of each of its grant recipients at least annually. The review is the result of an ongoing process that assesses the quality of a grantee’s performance over a period of time involving continuous communication and evaluation.

In conducting this assessment pursuant to Section 91.525, this Office assessed whether the State’s management of its program funds is in compliance with the U. S. Department of Housing and Urban Development’s (HUD) approved consolidated plan and its regulations. The scope of this analysis includes a review of the Consolidated Annual Performance and Evaluation Report (CAPER) for the past program year, as well as information obtained through program monitoring and audits. Also, this Office assessed whether progress has been made towards the regulatory goals identified in Section 91.1 of the consolidated plan regulations. In addition, the assessment included a review of your jurisdiction’s efforts to ensure that housing assisted under our programs is in compliance with contractual agreements and requirements of law.

The CAPER was distributed to the Nashville Field Office Director’s Office and other program offices for review/comments to include the Office of Fair Housing and Equal Opportunity (FHEO). FHEO responded with no comments and recommended approval of the State’s CAPER. Based on the analysis of the submitted CAPER, it was observed that the State failed to provide to this Office all of the required Emergency Solutions Grant (ESG) data as prescribed by HUD and a concern was sent under separate correspondence. THDA is currently in the process of collecting the required data from its subrecipients. In addition, a finding was issued under separate cover as well regarding the State missing the ESG deadline for expenditures for program years 2012, 2013, and 2014. The State is required to submit a workout plan to have the ESG funds reprogrammed and expended by July 25, 2017. Nevertheless, the State of Tennessee’s overall progress is acceptable. The activities undertaken are consistent with the HUD-approved Consolidated Plan and appear to be carried out in accordance with program requirements. The State has the continuing capacity to administer applicable CPD programs/housing initiatives. The Assessment Report of the State’s progress is enclosed.
In accordance with 24 CFR Section 91.525, if you have comments regarding this enclosed report, please submit them to this Office within 30 days of receipt of this letter. HUD may revise the report after considering your response. If we do not receive comments within the 30-day time period, this report will be considered final and can be made available to the public.

May we take this opportunity to remind you that the Minority Business Enterprise (MBE) Report is due each year within 10 days of September 30th. Also, as a reminder, the Section 3 report is due the same time as the CAPER, 90 days after the end of program year. Please check and verify the receipt of Section 3 reports (Form HUD 60002) in the Section 3 Performance Evaluation and Registry System (SPEARS) for program years 2013, 2014 and 2015. The SPEARS User Registration Guide can be found at:

We also request your continued efforts to expend grant funds and enter progress and accomplishments data in a frequent and timely manner. Also, the Department will continue to provide a range of training opportunities on Affirmatively Furthering Fair Housing (AFFH) and its requirements. A number of resources on AFFH and the Final Rule can be found at:

We continue to appreciate the positive working relationship that you and the State of Tennessee’s staff maintain with this CPD Office. We look forward to continuing to support your jurisdiction’s efforts meeting the goals in the Consolidated Plan, including assisting your residents with housing and other community development needs. In addition, this Office also looks forward to assisting the State of Tennessee as it begins to administer the National Disaster Resilience (NDR) grant and Housing Trust Fund which were awarded to the State of Tennessee during the program year in the amounts of $60,445,163 and $3,000,000, respectively. The grant agreement process is forthcoming for both of these grants.

If you have any questions with respect to the enclosed comments or need technical assistance, please do not hesitate to contact me at (865) 474-8225.

Very sincerely yours,

Mary C. Wilson, Director
Office of Community Planning and Development

Enclosure
