

MAORI TRIBES

Major Iwi/Runanga Groupings – North Island

Thanks to professor W Winiata for permission to reproduce this map from the paper 'A Global approach to Maori Radio Development', 1987.

Major Iwi/Runanga Groupings – South Island

The information for this map was compiled from an unpublished draft held by Lands and Surveys, and from information supplied from the Maori Affairs Department. Boundaries are deliberately ill-defined, as an accurate map has never been made. The lines generally conform to major geographical features eg. Whanganui River Valley etc.
