

FINDING A BETTER WAY SINCE 1946

PORTABLE DOT STEEL LP GAS CYLINDERS

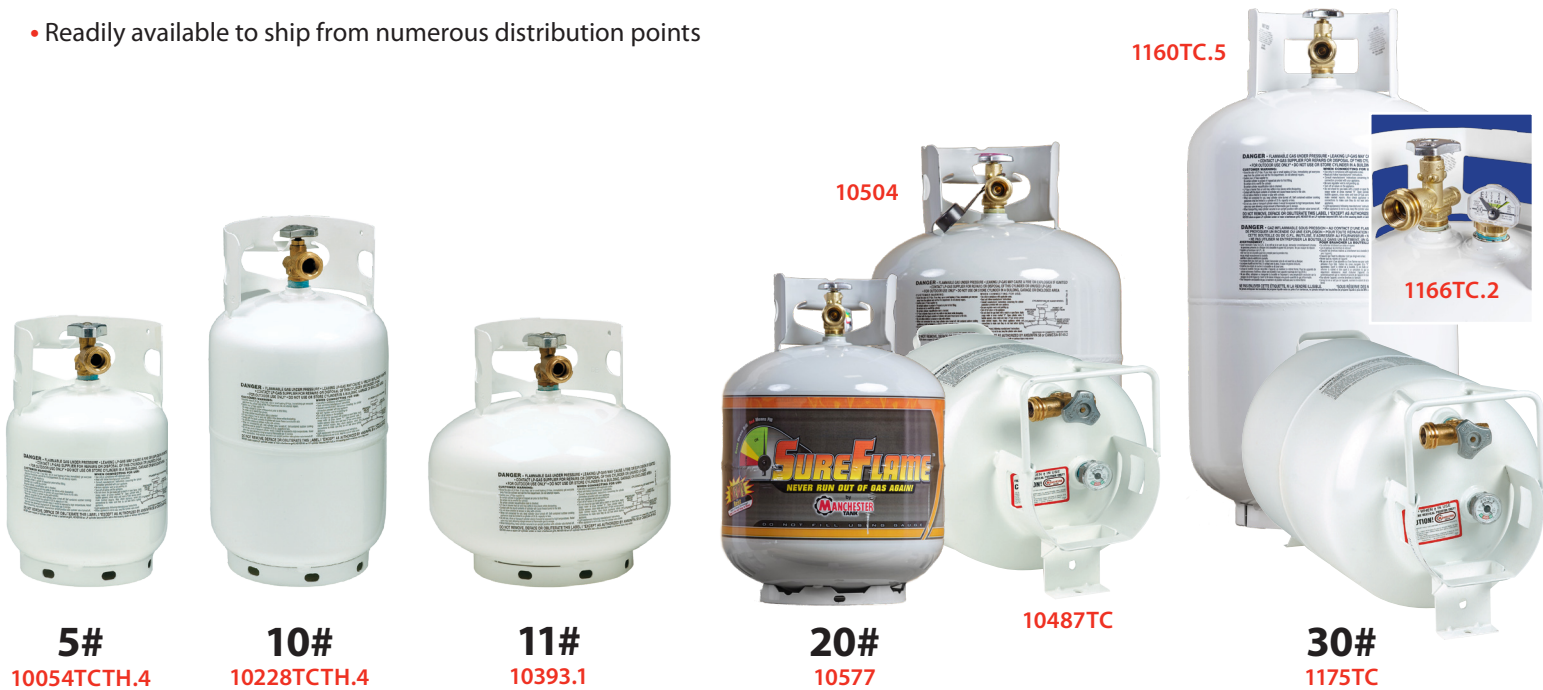

# PORTABLE STEEL LP GAS CYLINDERS

## Features:

- Cylinders comply with Department of Transportation (DOT) and Transport Canada (TC) regulations
- 20 lb. cylinders purged and ready for filling
- HANDLE-EZ collar design features built-in, formed handle with no sharp edges for easy installation
- Powder coat paint for maximum rust protection
- Cylinders 5 lb. to 40 Lb. equipped with Overfill Prevention Device (OPD)
- Readily available to ship from numerous distribution points

Manchester Tank's Propane Cylinders can be used in a multitude of domestic, recreational, commercial and industrial applications. Our cylinders are the perfect container source for temporary heat, portable heating, portable cooking, small commercial engine lifts, floor sweepers, blowers, walk-behind mowers and many other appliance and outdoor applications.
