

DAY 7: MAKE MORE MONEY

You need to allocate some of your time to plan how to earn extra money. It is important to work out how you intend to earn the extra income and what will suit your personality best. However, it is also important to start doing something and escape the avoidance technique of Planning and planning and over-planning...

You do not need a twenty-page business plan. When you think of an idea, ask yourself: *"How can I earn one hundred rand from this?"* and just do it.

You can follow the journey in **"The Ordinary Millionaire"** book on page 119 – 133.
