

**NEW** Mahogany-Grained Common Arch Doors  
For Classic Craft® Founders Collection™

**THERMA TRU®**  
DOORS

## Graceful curves with timeless appeal.

Classic Craft. Founders Collection™. Mahogany-grained common arch doors accentuate historic roots while bringing in fresh details to create the perfect statement-making entry for homes with traditional design.

## True-to-Wood Origins

Classic Craft. Mahogany combines rustic influences with exotic roots to build upon the rich history of one of the most renowned woods in the world. Derived from the finest African and Honduran Mahogany, these doors feature a subtle interlocking grain pattern meticulously recreated with AccuGrain® technology for a look and feel that's virtually indistinguishable from wood.

## Tru-Advantages

■ **Classic Craft Founders Collection™ Mahogany-grained common arch doors accentuate historic roots while bringing in fresh details to create a statement-making entry on homes with traditional styling.**

- Graceful curves and arched glass details create interest with classic appeal that draws inspiration from European styling.
- Luxurious deep panel embossments create the ultimate sense of refinement while straight-angled wide sticking adds an updated aesthetic.
- EnLiten™ flush-glazed design highlights luxe craftsmanship with glass built directly into the door for a clean look with no added embellishments.

■ **Offer a custom-made look by tailoring the details for your customer's common arch entryway.**

- Select from 4-lite and 6-lite simulated divided lite (SDL) configurations designed to complement window grid patterns.
- Choose from a variety of privacy and textured glass options, or clear Low-E glass in an EnLiten flush-glazed design.

■ **Classic Craft complete door systems are uniquely designed by Therma-Tru with a full suite of premium-grade components.**

- New arched pine head jambs are designed specifically for the Classic Craft Founders Collection Mahogany common arch entryways.
- Composite door frame featuring Tru-Guard™ composite technology can be used with square-top common arch entryways.

## Available Configurations

**EnLiten™ Flush-Glazed Riders**  
for Construction & Installation, and Homeowners

EnLiten™ Flush-Glazed Rider for Construction & Installation provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Therma-Tru will replace the flush-glazed fiberglass door or sidelite.

EnLiten™ Flush-Glazed Rider for Homeowners provides your customers with protection in case of glass-related failures due to manufacturer defect. Therma-Tru will furnish \$300 toward installation and replace the flush-glazed fiberglass door or sidelite.
