

THE TECH

VOL. XXXIII. NO. 86.

BOSTON, MASS., WEDNESDAY, NOVEMBER 26, 1913.

PRICE TWO CENTS

TECH SHOW LYRIC COMPETITION OPENS

Names Of Songs Suggest Wide Scope For Original Verse.

This afternoon at 4.30 Stage Manager D. M. Hughes will meet those men who are desirous of writing lyrics for this year's Show. The names of the lyrics are as follows:

- 1—Good bye to Dear Old Rahton.
- 2—Tech Men.
- 3—Every Little Burg Has Its Gay White Way.
- 4—My Dream Princess.
- 5—I Have a New Step.
- 6—I Hate To B'ow About Myself.
- 7—Meet Me At Four At Huyler's.
- 8—I've Been Looking For a Job.
- 9—Finale. When I Am King. Act. 2.
- 10—In Polyhemia.
- 11—Royal Family Tree.
- 12—Honeymoon Song.
- 13—My Broadway Queen.
- 14—When You Find the Girl You've Been Waiting For Is Waiting For You.
- 15—Rhokozomosovitchski.
- 16—You Can't Get Away With It.
- 17—Finale. However.

As may be seen from the above list there is an excellent opportunity for someone to obtain free seats, for that is the reward for the successful competitors. Each lyric earns a seat in the orchestra at one performance.

There will be a rehearsal of the Show orchestra this afternoon at 5 o'clock and all men should be present as it will not be long before the lyrics and music will be handed in, and actual Show work will begin.

TENNIS TOURNAMENT

Yesterday afternoon the final match of the M. I. T. tennis tournament was held at the Field. The competitors were R. A. Warren '15 and Howard Stewart '16. The first two sets were won by Warren 6-3, 6-3. Then the Sophomore evened up to the tune of 6-2, 6-4. In the last match the playing was about even, but it was found necessary to call the match, after nearly three hours of playing, because of darkness. Neither of the contestants were feeling well or enjoyed the game, as it was cold, and Warren had a sore arm from an automobile kick. The final will probably be played in a week or so.

CORRECTION

President Chow of the Cosmopolitan Club wishes it announced that a mistake has been made in the articles concerning the Chinese Night which have been submitted to THE TECH for publication. It has been consistently printed that the affair was to be held in the Union, whereas, as a matter of fact, it is to be held in Huntington Hall. The General Library will be used as a reception room, and the refreshments will be served there.

E. E. SOCIETY TO TAKE MID-YEAR EXCURSION

Two Routes Under Consideration—Arrangements Made For Other Trips.

The Electrical Engineering Society is planning to make an excursion next Friday to the works of the Simplex Heating Company at Cambridge. The men are reminded that this is not the Simplex Wire and Cable Company, whose plant was visited some time ago, but an entirely different concern engaged in an entirely different line of manufacture. The Simplex Heating Company turns out a variety of heating devices for all types of buildings, and the officers of the Society feel that the trip should prove one of special interest to all of the members. It is regretted that only a limited number can be taken, but the factory is of such a nature that a large crowd could not be accommodated on an inspection tour, so that some limitation in the number who go must be effected. The party will leave the Lowell Building at two o'clock on Friday noon. Sign-up papers are posted on the Society's bulletin board, and the men are urged to sign up early. It has been impossible to arrange for more than one trip, and the men in charge of the party wish to know as soon as possible who are going to go.

Because of the fact that the General Electric Works at Lynn are not in operation on Saturdays, the trips to them which had been arranged for the first two Saturdays in December will, of necessity be omitted. In place of these excursions, others will be held on some convenient and reasonably early dates. Further announcements will be run later in the columns of THE TECH.

Outlines of the two proposed mid-year trips have been posted on the Society's bulletin board in Lowell Building, and the sign-up slips have been left with Miss Payson in 15 Lowell. All persons who contemplate taking the trip should sign up at once, in order that the Committee may know which of the two proposed is preferred. Enough Seniors have signed up, the Committee states, to ensure success to the project, but the Juniors and Sophomores have been

(Continued on page 4.)

FRESHMAN BALLOTS OUT

Elections Close Friday—Class Dues Must Be Paid.

The ballots for the Freshman elections were mailed to the members of the Class several days ago. These will be due at the Cage Friday, November 28, at 4, and the results of the elections will be printed in THE TECH Saturday morning. In order that one's ballot be counted his dues must be paid before the close of the elections or the vote will be invalid. Dues may be paid to any member of the following Ballot Committee: F. L. McGrady, H. C. McRoberts, E. S. Couch, J. J. Donnelly and E. H. Hutchinson.

SENIOR CLASS DINNER CROWNING SUCCESS

Dean Burton, Professors Dewey and Sedgwick Deliver Addresses.

There were about a hundred and fifty Seniors at the dinner in the Union last night. President Dorrance was toastmaster and after a meal, enjoyed by all, he said a few words and introduced the first speaker, Dean Burton, who spoke on "What-not." The Dean first complimented the class on its unusual spirit, saying that it was the most enthusiastic class in thirty years. He congratulated the men on their idea of going to Field Day en masse. He then went on to his subject and said that the man who makes a success in this life is the man who does more than he has to or is told to do. He said that the educated men at the Institute should learn to remember the other fellow and to get as much as they can by contact with men.

Professor W. T. Sedgwick then told how, when twenty-six years ago he was a student at another technical school, the students there were looked down upon by members of the classical colleges. He said that this was before Science had made good, but he was not discouraged for he believed in the triumphant power of Science. He said that Science had grown to such an extent that now it is an integral part of every man's life. He congratulated the students on choosing a profession in which they could be of such use and help to Civilization. He said that with great privilege comes responsibility and that this was a very weak point with the average man. Tech men tend to be too materialistic and selfish. A bad fault of Tech students, he went on to say, is the tendency towards conceit, but this is soon knocked out of him. The world is much smaller nowadays, because of the improved methods of communication. He looks with confidence to the success of Tech men.

Professor Dewey told about a book he had noticed during his journalistic

(Continued on page 3.)

CONCERT TICKETS

Must Be Exchanged Before Friday—Tickets Still Procurable.

The tickets for the combined Tech-Wesleyan concert in Jordan Hall next Friday can be exchanged in the Union Wednesday and Friday of this week from 1 to 2 P. M. At 2 P. M. Friday all remaining seats will be sent down to Jordan Hall. Five hundred of the 75 cent seats are still unsold. About 250 dollar seats were assigned to Technology, but these have all been sold.

The rehearsal for the Banjo and Mandolin Clubs will be held in the Union at 4 P. M. Friday, the place of meeting having been changed. The Glee Club will rehearse at 2 P. M. the same day at Jordan Hall.

LOOMIS ELECTED 1916 PRESIDENT

Dewson Wins Vice-Presidency—Miss Pattee Chosen For Secretary.

C. W. Loomis was elected President of the Sophomore Class by a plurality of 20 votes over Sully, the second man. Loomis is well known to the students as a track man and editor of THE TECH. He ran on the class relay team in his Freshman year, and was a member of the record-breaking 1916 team for this year. He has also distinguished himself in the 100-yard dash. He lives in Boston and is a member of the Kappa Theta fraternity. He is associate Editor-in-Chief of THE TECH.

The contest for the office of Vice-President was close. H. F. Dewson was first with 36 votes; P. H. Buxton and D. B. Webster were tied for second with 32 each. Dewson was captain of the Freshman basketball team last year, and has participated in two Field Days, as member of the tug-of-war team in 1912, and as guard on the football team this year. He lives in New York City.

Miss Elizabeth G. Pattee easily distanced all competitors in the race for the Secretary's office, receiving more votes than the next two candidates combined. Miss Pattee is a member of Cleofan, and lives in Quincy.

The voting for the Executive Committee was very close. The fourth man had only five less votes than the leader. Those elected were H. T. Freeman and J. M. Evans. Freeman lives in Providence, R. I., and belongs to Delta Kappa Epsilon fraternity. Evans belongs to Phi Sigma Kappa. His home is in Paterson, N. J.

W. M. Shakespeare was elected Treasurer almost without contest, receiving a large majority. He held the

(Continued on page 2.)

WEATHER

For Boston and vicinity: Fair, slightly warmer; moderate variable winds.

THE CROSS-COUNTRY STORY

We have received a communication, which is too long to print, criticizing our report, in last Monday's issue, of the I. C. A. A. A. for its lack of interesting first-hand details of the run. While admitting the justice of the criticism, we wish to point out that our lack of men compelled us to depend on members of the team for our information, and that they did not return until after Monday's paper was at press.

Of course, if we had been financially able to hire a man to represent the paper and to come back early, we could have run a much better story, but needless to say, that was out of the question. We venture to assert that practically every fault of THE TECH can be traced, like this one, directly to lack of support.

The Tech Show lyric competition offers a great opportunity to anyone who has any inclination toward rhyming. Good lyrics are an essential part of a good show, and the man who can write them is performing a real service. The variety of names and meters is great enough to satisfy each special preference, so every man should try at least one.

The way in which the activities have been keeping THE TECH in touch with their affairs is decidedly encouraging. Since the best efforts of our limited number of men cannot insure our being informed of every interesting occurrence, it devolves upon each activity to make sure that its particular news reaches us. As the activities themselves are dependent upon this publicity, we think they should keep up the good work.

ANNUAL HANDICAP CROSS-COUNTRY RUN

Party To Walk Over Course This Afternoon—Leave North Station At 2.14.

The entry book for the Annual Handicap Cross-Country Run has been posted in the Union. This is the final cross-country event of the season, and anyone is eligible upon payment of the annual dues of the Hare and Hounds Club. It is this organization that offers the cups for the fastest time and the first two to finish. The three cups are silver plated and are on exhibition in the Union.

Besides the prizes offered there is the added incentive that the four men making the fastest time are awarded their "cTc". The handicaps are very liberal and run up to the limit of six minutes. The course is about seven miles long, running over hills and fields for the first part after which a road is followed for about two miles, then the trail is again laid through the fields. The race ends up with a sprint across the town green.

A rail will be laid over the course for the benefit of any who do not know it. Best '15 will leave the North Station this afternoon at 2.14 to do this, and anyone who would care to walk over the course may accompany him. Tickets should be bought from Best as they can thus be had cheaper.

BANJO AND MUSICAL CLUBS

Preparatory to the concert Friday night, the Banjo and Mandolin Clubs will hold the most important rehearsal so far this season in the Union that afternoon. No excuses for absence will be accepted; all men on these two clubs must be present.

SOPHOMORE ELECTIONS

(Continued from page 1.)

same office last year. He is a member of Delta Upsilon fraternity and lives in East Orange, N. J.

The votes for the representatives for the Institute Committee were well scattered among the large number of candidates, but P. H. Duff and K. T. Dean won by good majorities. Duff played end on the football team in his Freshman and Sophomore years. He comes from Charlestown. Dean ran on the class relay team both years and has also done other track work. His home is in Brookline. He is a member of Sigma Alpha Epsilon fraternity.

L. T. Hill and L. Lawrason were chosen as representatives to the Athletic Association. Hill is from Marblehead, and belongs to Lambda Phi. He is a member of the Mandolin Club, and was captain of the Sophomore football team this year. Lawrason is from St. Francisville, La. He belongs to Sigma Alpha Epsilon and is best known for his work in pole-vaulting.

FACULTY NOTICE

Problems in Physics Heat 802 due Dec. 1, 1913, at 9.00 A. M. in 4 Walker. The numbers in the old edition of the problem book were announced in lecture. The corresponding numbers in the new edition are: 8, 15, 28, 35, 45, 57, 59, 65 (72 and 73), 80, 87, 99, 01, 102 and 104.

C. L. NORTON.

The report of the officers of Trinity show that the scholarship has suffered a slump. The president says that "More men were dropped for deficiency in scholarship than in any year for some little time."

REVISED BY-LAWS OF INSTITUTE COMMITTEE

Friday's Issue Of THE TECH To Contain Complete Copy.

In Friday's issue of THE TECH there will appear a complete copy of the new revised By-laws of the Institute Committee. Last year when the Undergraduate Association's Constitution was ratified there was a material change in the powers of the Institute Committee. The By-laws will be printed in the lower lefthand corner of the first page and corresponding corners of the other three pages, so that by cutting out the corner of the paper, a neat folder is obtained suitable for filing or for reference. This is the first time that the official copy of these by-laws will be made public.

**ATHLETIC ASSOCIATION
HOLDS ELECTION**

T. H. Guething '14 Chosen President
—Letters and Numerals
Awarded.

At a meeting of the Athletic Association held yesterday afternoon T. H. Guething '14, Captain of the Track Team, was elected President. Guething has been prominent in Institute affairs since his Freshman year, having been on both his class relay teams, Secretary and Treasurer of the Institute Committee, a member of the Advisory Council, and President of his class during its Sophomore year. He comes from Hollis, N. H., and belongs to Chi Phi fraternity.

A. B. Curtis '15 was elected Vice-President. Curtis was a member of Technique Electoral Committee and has been on the Varsity Track Team for two years. He is also on the quarter-mile Relay Team, was on both of his Class Relay Teams, being Captain in his Sophomore year.

C. L. Morse, Captain of last year's 1915 Basketball, was elected Secretary and Treasurer. T. H. Guething '14, A. F. Peaslee '14 and W. S. Thomas '15 were elected to the Advisory Council. Peaslee is Chase Captain of the Hare and Hounds Club and Thomas is manager of the Track Team. N. L. Fletcher '15, having declined. Edward Goodell '15 was elected Hockey Manager. A competition will be started soon for the position of Assistant Manager. H. G. Morse '16 was made Assistant Manager of Wrestling.

The Association awarded the numerals won last spring by the 1915 Baseball Team and those won by the 1916 Relay Team on Field Day. Captain A. F. Nye '14 of the Cross-Country Team was given his "T" for finishing eight in the New England Intercollegiate. For making thirteenth in the New England Intercollegiate and ninth in the I. C. A. A. A. A., F. L. Cook '15 was given "cTc" and "T" respectively.

It was also voted that the Association Meeting be held on the third Tuesday of every month.

SENIOR DINNER

(Continued from page 1.)

experiences which is called the "Double Life of Alfred Burton," by E. P. Oppenheim with illustrations by Gustaf Widney, the originator of "Goops." Burton, he said, feeds on the plant of Truth. Professor Dewey then gave the men some practical advice on their procedure in and after college. He told them that they should analyze very carefully their virtues and defects and apply their analysis to their choice of college. Near the completion of their course they should decide their aim in life and the most efficient way of attaining this end. In this country the younger generation rules, and therefore they should be careful of their innovations.

E. C. Taylor of the Musical Clubs then told about the coming Technology Wesleyan concert, and his remarks were seconded by Dorrance. A big cheer and the Stein Song concluded the dinner.

FOUND—A watch was found in the Adams House on November 15 by Mr. George Grover, who thinks it may belong to a Tech student. Inquirers may find Mr. Grover by inquiring at the Information Desk on the street floor at R. H. Stearns, Tremont Street.

ELECTRICAL SOCIETY

(Continued from page 1.)

comparatively backward in expressing desire to take the trip, and it is felt that more of the men in these two classes should be heard from. Because of the inherent difficulties of such an excursion it has been impossible to have one for several years, and there is little probability that another will be held for several years to come. The Committee feels that, in order to ensure going at all, every man in the electrical courses in the Institute should sign for this particular trip.

The outlines for the two trips are as follows:—

Route No. 1—Cost \$25.00.

Leave Boston late Sunday afternoon, February 1st. Take Colonial Line boat and train to New York.

Arrive in New York Monday morning.

See G. E. Co. Lamp Works at Harrison, N. J., in morning.

See Weston Instrument Co.'s station in afternoon.

See Crocker-Wheeler Co. at Am- pere, N. J., if time permits.

Spend Monday night in New York. Leave New York Tuesday morning for Philadelphia.

See Rapid Transit Co.'s station in morning.

See Brill's Car Works in afternoon. Spend Tuesday night in Philadel- phia.

Leave Philadelphia Wednesday morning for McCall's Ferry.

Spend Wednesday at hydro-electri- cal development at McCall's Ferry on Susquehanna River near Maryland border.

Leave McCall's Ferry late Wednes- day afternoon and arrive in New York late in evening.

Spend Wednesday night in New York.

See Waterside Edison Station Thursday morning.

See either A. T. & T. Co. laborato- ries or R. R. electrification in after- noon.

Spend Thursday evening and night in New York.

See Interborough Rapid Transit Co.'s station Friday morning.

Friday afternoon open for any spe- cial trip and for sight-seeing.

Leave New York late Friday after- noon by Colonial Line boat and train for Boston.

See electrical and mechanical equip- men on boat.

Arrive in Boston Saturday morn- ing.

Route No. 2—Cost \$30.00.

Sunday, Monday, Tuesday, and Wednesday, same as Route No. 1.

See Waterside station Thursday morning.

See Interborough Rapid Transit Co.'s station in afternoon.

Leave New York on night boat— perhaps train—for Albany.

Arrive in Albany Friday morning; go to Schenectady.

Spend all day at G. E. Co. at Sche- nectady.

Spend Friday evening in Albany.

Leave Albany at 12.30 A.M. by night train for Boston.

Arrive in Boston at 8.00 Saturday morning.
