

Bird Riddles in Rhyme

What word is each of these riddles about?

For camouflage or warmth at night
To keep out rain, and help with flight... **Feathers!**

Curved or straight, to call or tweet;
Shape depends on what they eat... **Beak!**

With talons sharp, hunts night or day:
This short word means "bird of prey"... **Raptor!**

Heart beats: hundreds every hour;
This bird visits every flower... **Hummingbird!**

Not inclined to upward motion,
His "flight" happens in the ocean... **Penguin!**

Shelter 'til hatched and grown;
Made with skill by beak alone... **Nest!**
