White Gesso

Water Color Crayons - Neo Colors by Caran D'Ache

Rose Stamp or stencil

Black Ink Pad - Water Resistant

Poppy Red Inktense Pencil Lips

*You will need to print your sketch or transfer your sketch onto your paper.

If your printer allows then size your sketch to the paper and print. If not then you will need carbon paper to copy sketch onto your surface.

You can always do this on a canvas too...

I would watch the workshop videos to the end of each sections before you begin that section... Enjoy!
