Misc. Stamps (use what you have)

Use any kind of brush size, style and brand that you like, just make sure they are for acrylics and water colors...

You can totally substitute any of these supplies for what you have on hand. Water colors will work great on this picture, and also if you only have acrylics they will work fantastically too. Don't stress just use what you have, but if you don't have any art supplies, then you need to go shopping and have some fun... All of my products can be purchased online... I get my markers and gel pens mostly from jetpens.com or amazon.com same with my paints if they don't have them in Michaels, but they usually have a good supply of craft paints. I have not seen the DecoArt Fluids in Michaels but you can purchase them from decoart.com they have a wonderful selection at reasonable prices... Have fun!

I will send you and invite to the group **NO BOUNDARIES** where I have most of my students join to share their artwork. This is a private group only for my students to enjoy and share their work with others. I hope you will join us there... Thank you!
