Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing

employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

- A. A student who cancels within seven (7) days of signing the enrollment agreement (and has not started) receives all monies returned with the exception of the non-refundable fees. To cancel this Agreement, notify the School Director of your intent to cancel no later than the 7th day after signing the enrollment agreement.

- B. Thereafter, a student will be liable for
 - 1. The non-refundable registration & Student Tuition Recovery Fund fee plus
 - 2. The cost of any textbook or supplies accepted plus
 - 3. Tuition liability as of the student's last date of physical attendance for the on-site portion or online work submitted for the distance portion.

Withdrawal Refund: After the cancellation period, a student has the right to withdraw from the program at any time and receive a pro rata refund if the student completed 60 percent or less of the days of instruction through the last day of attendance.

The online week is counted as 5 days + on-site is 60 days = 65 total days. A pro-rata refund will be provided up to the 39th day of instruction.

If a third party paid for tuition on your behalf, the refund transaction will be made to that third party in the amount of the refund due (but in no event greater than what that third party paid to Metis). If there is an excess balance of the refund after payment to that third party, that amount will be refunded to you. If you obtained a loan to pay for the Program, you will be responsible for repaying the full amount of the loan plus interest, less the amount of any refund.

Metis reserves the right to delay or cancel the start of a planned Program for reasons such as low enrollment. If you choose not begin the Program on the delayed starting date or the Program start is cancelled, then Metis will refund all Fees paid including the nonrefundable registration fee.
