

IT'S ALL IN THE WAY YOU INTERPRET THINGS, YOUR PERCEPTION.

A WORD ABOUT: SPELLS.

These are some of the things I have heard from people:

Burning red candles brings in Love and burning green candles brings in money. That is why there is so much Love and money around Christmas

If you want a mate you write all the things you want in a mate on a piece of paper. Then put the paper in a small box, sprinkle it with salt to ground it.

Put the box away not looking at it until you find a mate.

While you are waiting on every full moon Friday, which is the best time to do any spell, you should say:

'By a symbol or a sign, Venice please send me your divine.

Make it for the good of all, then we know our Love will never fall.

There is one thing you must know about spells, you should never get anyone to be or do anything that they are not, you should never get anyone to do anything that they don't want to do. Because you should never put a bad spell on anyone, ever, not good karma. You can protect yourself by doing a protection spell on yourself and your loved ones and you can send any bad spells that are trying to be put on you back, there three fold, you say:

What ever you are trying to do to me may it come back on you three fold.

Choose your own words and remember to always be kind, you don't want anything to come back on you now do you?

Another thing that I found out from talking to people is:

Use the Lords name three times, send that out to the universe three times, it means you really mean it, God will hear you, just ask three times, say:

In the name of God,
In the name of God,
In the name of God.,

The earth.

May all the evil forces that surround _____.

Leave now and dissolve in to the nothingness of whence they came from.

Using the Lords name three times and saying a spell three times, doing this together is a very powerful thing to do, only use it when it is really needed.

There are so many spells that I have learned. You can find more for yourself if you are interested. Be careful and have fun.
