

Figuring *Quilt* Backing Yardage

King Size 76" x 80"

Add 14" x 2=28 = 104 x 108
Add 12" for large quilt = 116 x 120
Add 6" for regular quilt = 110 x 114
You will need 3 widths of fabric that is 110" wide or 9 ¼ yards

Queen Size 60" x 80"

Add 14" x 2=28 = 88 x 108
Add 12" for large quilt = 100 x 120
Add 6" for regular quilt = 94 x 114
You will need 3 widths of fabric that is 94" wide or 7 ⅞ yards

Full Size 54" x 74"

Add 12" x 2=24 = 78 x 98
Add 12" for large quilt = 90 x 110
Add 6" for regular quilt = 84 x 104
You will need 3 widths of fabric that is 84" wide or 7 yards

Twin Size 39" x 74"
Extra Long 39" x 80"

Add 12" x 2=24 = 63 x 98
Add 12" for large quilt = 75 x 110
Add 6" for regular quilt = 69 x 104
You will need 2 widths of fabric that is 104" wide or 5 ⅞ yards

Throw 50" x 70"
Baby 40" x 56"

Add no "drop" measurements
Just add quilting excess
62" x 82" or 2 widths x 84 = 4 ½ yards
52" x 68" or 2 widths x 68 = 3 ¾ yards

General Equation

Mattress size
+ Drop width
x2
+ Quilting excess*

Add 12" to both length and width for long arm quilting.

Add 6" to both length and width for home machine or hand quilting.
