

## Do phone support and sales the right way

Receive calls from your website, social profiles and regular phones, all in one place.

[toky.co](https://toky.co)

**Toky** is a full-featured cloud telephony solution designed for small and medium business that allows you to connect your customers visiting your website, Facebook page or calling to your business line, to a centralized platform where you can handle your voice calls as a team. It requires no hardware, physical phones or installations because it works with what you already have: your laptop, smartphone and an Internet connection.

# FEATURES

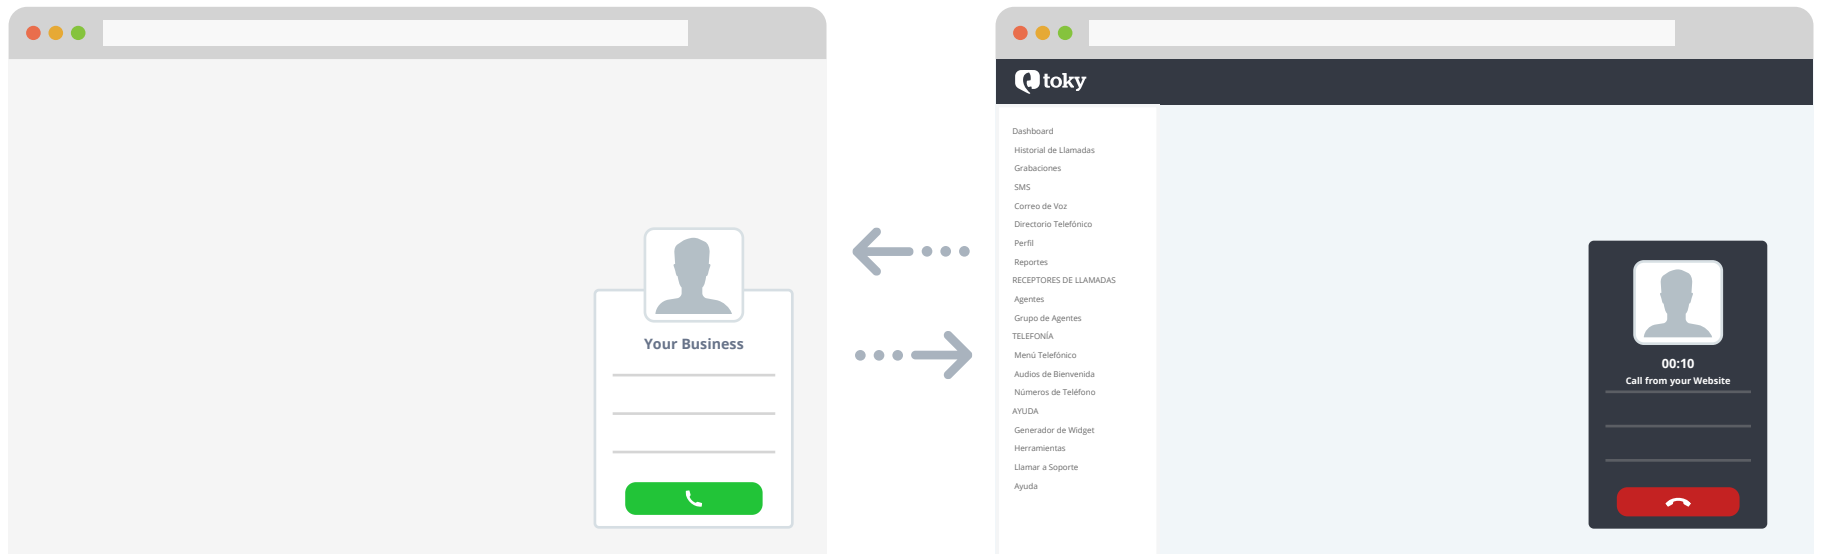

---

## Resellers & Partners

This is the opportunity to offer your customers a suitable solution for their telecommunications needs. Grow your business with our following products:

**Promotions**

**Agents**

**Teams**

### How does it work?

- Resellers will be assigned with a coupon code to identify customer ownership.
- Commission percentage will be deducted from customers payments.
- Transfers will be placed by the end of the month once the amount of fees surpasses \$ 100.
- Payments will be made Vía Paypal or Bank Wire\*.
- Each plan/product has an individual commissions percentage

*Phone numbers and credit sales are excluded from comission.*

\* Wire Transfer is only available in the US, Mexico and Paraguay (transfer charges at recipient's expense).

<b>10%</b> of the promotion price	<b>Per Promotions</b>
	Valid: User Life-time

<b>15%</b> of the Agent price	<b>Per Agents</b>
	Valid: User Life-time

<b>20%</b> of the Team Plan price	<b>Por Plan Team</b>
	Valid: User Life-time
