RESOLUTION NO. 7573

A RESOLUTION introduced by Mayor James A. McClinton concerning House Bill No. 2083, a proposed bill relating to consolidation of cities and counties.

WHEREAS, in July 2004, the Council of the City of Topeka adopted City of Topeka Resolution No. 7488, asking the state legislature to consider and adopt legislation that would permit the full or partial consolidation of the governments of the City of Topeka and Shawnee County; and

WHEREAS, in November 2004, the voters of Shawnee County overwhelmingly approved a ballot question on the question of city and county consolidation; and

WHEREAS, state legislators have proposed House Bill No. 2083 (HB 2083), which would establish a process for the study and possible consolidation of the governments of the City of Topeka and Shawnee County; and

WHEREAS, HB 2083 also includes a provision that would prohibit the City of Topeka from exercising its authority under K.S.A. 12-520 to consider the unilateral annexation of land surrounding the City of Topeka until the consolidation study process is completed.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Topeka strongly objects to provisions of HB 2083 that prevent the City of Topeka from utilizing its statutory rights and authority to annex areas surrounding the City of Topeka in the city for the following reasons:

1. No such limitation was imposed on the study and implementation of the consolidation of Kansas City and Wyandotte County, the model for city-county consolidation in Kansas.
2. An annexation prohibition was not a component of City of Topeka Resolution No. 7488, where consolidation was first proposed, nor was it included in the ballot question considered by the electorate in November.

3. The annexation prohibition severely damages the future economic viability of the City of Topeka by restricting the potential growth of City of Topeka without similarly restricting other cities in this state.

4. The annexation prohibition is another in a series of annual attempts by some legislators to restrict the growth of the City of Topeka and fulfill anti-annexation campaign promises made to those who live in urban environments near the borders of the City of Topeka.

5. There is no legitimate reason why unilateral annexation as allowed by K.S.A. 12-520 cannot be studied and, if appropriate, initiated during the pendency of a consolidation study. Annexation can co-exist with the study of consolidation.

BE IT FURTHER RESOLVED, the provisions of HB 2083 require county electors residing in and out of the City of Topeka to approve any consolidation plan. In doing so, HB 2083 gives the minority of Shawnee County electors (those residing outside the City of Topeka) more voting power than a majority of Shawnee County electors (those residing within the City of Topeka), in violation of the one person-one vote principles guaranteed by the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution.

BE IT FURTHER RESOLVED, if the annexation prohibition, bond repayment provisions and voting inequities remain in HB 2083, the Council of the City of Topeka
hereby expresses its strong objection to HB 2083 and withdraws its support for the study of and possible consolidation of the governments of the City of Topeka and Shawnee County into a single unified government.

BE IT FURTHER RESOLVED, that any consolidation legislation adopted by the legislature should advance the goal of equalizing the ad valorem and personal property tax mill levies for all county property owners and achieving tax equity for city residents who currently provide a significant majority of the funding for services and projects in those parts of the county not located within the city limits of Topeka.

FINALLY, BE IT RESOLVED that upon adoption, this Resolution shall be sent to the Governor, the Shawnee County legislative delegation and the members of the House Governmental Organization and Elections committee.
