RESOLUTION NO. 7631

A RESOLUTION introduced by Councilmember Lover Chandler relating to the installation of a traffic signal at the intersection of SE 6th Street and SE Deer Creek Trafficway.

WHEREAS, presently the intersection of SE 6th Street and SE Deer Creek Trafficway experiences a high level of traffic; and

WHEREAS, due to the expansion of established businesses, economic development growth is currently occurring in the vicinity of this intersection. Further, economic development growth through the establishment of new businesses has been proposed and is expected to occur in the near future at this location; and

WHEREAS, due to the current heavy traffic flow and the likelihood of increased traffic that this economic development growth will bring to this intersection, the installation of a traffic signal is essential.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Topeka, Kansas, that the City Council requests Administration to instruct staff to prepare a project budget to be funded in part by a limited benefit district for the installation of a traffic signal at the intersection of SE 6th Street and SE Deer Creek Trafficway that will accommodate current and future economic development growth at this location.

ADOPTED and APPROVED by the City Council JUN 07 2005

Iris E. Walker, City Clerk
