

TAKE PART

IN BRAIN RESEARCH!

ATTENTION: PARENTS OF

CHILDREN AGES 8 TO 12: We are recruiting children to participate in an MRI research study to learn if there are differences between the brain's structure and its function in children with and without Tourette Syndrome (TS).

- WHO:** CHILDREN WITH TS AND TYPICALLY DEVELOPING CHILDREN
- WHAT:** Two days consisting of computer games, paper & pencil tasks, Transcranial Magnetic Stimulation (TMS), and a Magnetic Resonance Imaging (MRI) scan of the brain. IQ testing and report and a picture of your child's brain!
- WHERE:** Kennedy Krieger Institute
- BENEFIT:** There are no significant risks or direct medical benefits for participating in this study.
- COMPENSATION:** \$50.00 PER DAY OF STUDY PARTICIPATION
- CONTACT:** Jon Phillips: 443-923-9254
