## Module Webinars

Module Webinars are designed to provide additional information regarding specific CrisisGo tools and features. Each webinar is unique in its content, length, and applicable audience.

### **Accounting for People**

Audience: District and Building Admin

Duration: 1 hour

Gain a deeper understanding of the CrisisGo tools to account for people, including Roster, Check In, and Reunification.

### **Connecting with Parents**

Audience: District and Building Admin and Communication Staff

Duration: 30 minutes

Learn how to use the CrisisGo platform to ensure that parents/guardians are informed regarding emergencies.

### **Drill Report Management**

Audience: District and Building Admin

Duration: 30 minutes

Gain a deeper understanding of the Drill Reporting feature. Participants will learn how to schedule drills and mark them complete through the CrisisGo Console.

### **Emergency Response Procedures**

Audience: District and Building Admin

Duration: 1 hour

Learn more about the CrisisGo tools: Checklists, Maps & Documents, and Emergency Contacts.

### **Escalation and Broadcast**

Audience: District and Building Admin

Duration: 45 minutes

Learn how to escalate emergencies to your administration and/or first responders. Participants will also learn how to broadcast Alerts to multiple buildings from an administrator communication group.

### **Incident Management**

Audience: District and Building Admin

Duration: 1 hour

Gain a deeper understanding of the CrisisGo Report tool. Learn how to manage Tip, Incident, and Bully reports.

### **Rapid Response**

Audience: District and Building Admin

Duration: 1 hour

Gain a deeper understanding of the CrisisGo tools: Emergency Communication, Alert, and Panic.

### **Safe2SpeakUP – Student App Overview**

Audience: District and Building Admin

Duration: 30 minutes

This webinar provides a basic overview of Safe2SpeakUP, CrisisGo's app for students.

### **Safety Awareness System**

Audience: District and Building Admin and Communication Staff

Duration: 45 minutes

Learn how to utilize the CrisisGo Safety Awareness System to share safety and prevention information across all user groups. Create custom content for your organization, and access content from CrisisGo's partner organizations.

### **User Management**

Audience: District and Building Admin and staff responsible for the management of users

Duration: 30 minutes

Learn how to add, edit, and remove users from the CrisisGo safety platform.
