Welcome to Venezia!

Venice, the capital of northern Italy's Veneto region, is built on more than 100 small islands in a lagoon in the Adriatic Sea. It has no roads, just canals – including the Grand Canal thoroughfare – lined with Renaissance and Gothic palaces. The central square, Piazza San Marco, contains St. Mark's Basilica, which is tiled with Byzantine mosaics, and the Campanile bell tower offering views of the city's red roofs.

Venice - The City

Historical evidences suggest that refugees founded Venice. When Germanic tribes ravaged northern Italy in the 5th century, many mainlanders escaped to this difficult-to-access area on the Adriatic Sea.

Over the centuries the refugee community grew into the most powerful trading port in the Mediterranean. At its peak, Venice counted 3,000 trade ships and 300 navy vessels. After Napoleon's fall, it became part of the Austrian Kingdom of Lombardy-Venetia, but after the uprising in 1848, the city reached its independence once again. Shortly after, in 1866, Venice was annexed to the Kingdom of Italy. 1932 saw the opening of the motor and rail bridge between Venice and the mainland, which led this city to come out on top as a tourist destination.

It is hard to navigate around the city, but don't let that put you off, as this is part of Venice’s charm. Leave the other tourists at St Mark’s square and the Rialto Bridge and explore the maze-like little neighbourhoods instead. The most interesting areas and islands are Cannaregio, SanPolo/Santa Croce, Dorsoduro, San Marco and Castello.
