GROW YOUR BUSINESS WITH POS FUNCTIONALITY THAT NEVER QUITS

AGILYSYS INFOGENESIS® POS

Increase Efficiency, Maximize Profits, and Secure Guest Confidence at Hilton Brands.

InfoGenesis®

TRANSFORMING HOSPITALITY BY BUILDING
LASTING CONNECTIONS

INFOGENESIS® POS

Extending Your POS Functionality.

If you've ever struggled with your point-of-sale (POS) system, you know it can get in the way of serving guests and reaching your revenue goals. The dependability and capability of your POS system is paramount to creating and maintaining guest confidence. A dependable and feature-rich POS system gives you an edge against the competition, keeps transactions flowing, and ensures a seamless integration with your current back-office technologies without a large investment.

Agilysys InfoGenesis® POS is designed to serve guests more effectively while improving your profitability. This flexible point-of-sale system is easy to set up and maintain, and its scalable architecture allows you to add workstations without having to build out expensive infrastructure. InfoGenesis POS integrates easily with a wide variety of other applications, including property management, inventory and procurement, self-service options, property activities and so much more.

Responsive and Reliable

Process transactions in your highest volume, most demanding business environments worldwide, with no loss of performance at the point of sale. InfoGenesis POS software provides industry-leading offline capabilities so you can deliver uninterrupted guest service even during intermittent network connectivity.

InfoGenesis Flex Offers POS Flexibility, Anywhere

InfoGenesis Flex offers state-of-the-art POS mobility with the same functionality as a stationary terminal on a variety of tablet options. Get your hands on the industry's most dependable, full-featured mobile experience for any POS or restaurant service staff. Use on a handy 8" tablet or leverage the 10" version as a sleek terminal that easily converts into a mobile solution for line busting or temporary portable scenarios. Because one size shouldn't fit all, select the tablet options that work best for you. No matter your choice, you get the full power of InfoGensis POS in your waitstaff's hands so they can cover greater areas in less time, without ever losing touch with guests.

The Data You Need...When You Need It

On-demand reporting delivers the business insight you need to respond more quickly and effectively to operational challenges:

- Review spending patterns and capitalize on revenue opportunities.
- Understand where to cut costs and plan more effectively.

Receive the right information, faster than ever before. With the ability to customize data output, you can rest assured that you're seeing consistent numbers across your entire operation.

Apple Pay™	InfoGenesis offers the latest payment options in market.
Offline Capable	Take advantage of industry-leading, seamless transaction processing even when infrastructure goes down. Minimize customer and server impact, securing a high level of guest service and revenue flow with no downtime.
Integration with Agilysys rGuest® Seat	An innovative reservations systems that facilitates information sharing for greater efficiency and personalized attention to guests. From those making the reservation to the hosts checking in the party to the servers - your staff is empowered to provide more memorable guest experiences.
Integration with Agilysys rGuest® Analyze	Gain the deep insight required to control costs, increase sales, and improve governance using your InfoGenesis point-of-sale data.
Flexible Hardware/ Software Options	Don't be limited by proprietary solutions– choose from a list of preferred hardware providers. Open and flexible system capabilities enable straight-forward integration with third-party hardware and software providers.
Certified, POS-ready Terminals and Tablets	Streamlined deployment and management. A large variety of industry-leading terminals and tablets are certified for use with InfoGenesis POS.
Integration with Agilysys rGuest® Pay	Advanced, secure credit card transaction processing capabilities. Eliminates the need for any other third-party payment gateway. (Available for franchisees only)
Selection of P2PE Devices for Secure Payment Transactions	• Ingenico IPP320 (P2PE with rGuest Pay Gateway) • Ingenico ISC250 (P2PE with rGuest Pay Gateway) • Ingenico iSMP Companion (P2PE with rGuest Pay Gateway) • IDTech SecureKey M130 (P2PE with Shift4) • IDTech SREDkey - Tamperproof device (P2PE with Shift4)
Advanced Mobility with InfoGensis Flex Series 3 POS Tablets	Because one size shouldn't fit all, choose the tablet options that deliver superior Wi-Fi and Bluetooth™ connectivity. • InfoGenesis Flex 8" - a lightweight tablet sends orders to the kitchen or bar quicker, decreasing guest wait times. • InfoGenesis Flex 10" - A sleek, stationary POS terminal that easily pops out to become a temporary mobile POS option. All tablet options are available with PCI-validated P2PE payment gateway and hardware options.
Mix and Match Mobile and Stationary POS	Combine stationary terminals, mobile tablets and convertible terminals that become line-busting tablets on-demand. USB cash drawers, scales, receipt printers and scanners are supported.
Universal Desktop™	Access and configure all aspects of utilities with an intuitive interface.
Systems Management Utility	Monitor each POS terminal from a central location; track terminal connectivity, software version/availability, and more.
Audit Log and Electronic Journal	Maintain POS transaction audit history and track system configuration changes with easy-to-use query tools including advanced sorting and filtering.
Gift Cards and Campus Cards	Interface with a wide variety of card service providers.
POS Generic Authorization	Charge purchases to an internal charge account. Account activity can be exported to a third-party system (i.e. accounting).
Combination Packages/ Prix Fixe Menus	Flexible and secure package configurations at the POS terminal.
Integrated Digital Signature and Signature Capture	Minimize loss with check retrieval complete with digital signatures. Seamless integration regardless of signature capture method used (i.e. payment device, on tablet screen, etc.). Available on fixed terminals and mobile solutions alike.

Streamline Your Operations

Item images on buttons make ordering fast and easy. Superior check management, along with consistent terminal configuration, pricing and screen setup, combine to give your frontline staff the tools they need to provide exceptional guest service across your entire organization.

Secure Your Payment Processing

For Hilton Brands franchisees, Agilysys rGuest® Pay Gateway is an innovative approach to safeguard your guests' payment data. Reduce the risks, costs and compliance burdens by leveraging PCI-validated point-to-point encryption (P2PE) and tokenization with each transaction.
