WHAT IS TROOPS TO TEACHERS?

Created to help military members and veterans become K-12th grade school teachers.

The Troops to Teachers (TTT) program provides eligible military members and veterans with counseling, employment facilitation, and financial support services to help the transition from military service to employment as K-12 teachers.

Established by Congress to provide transition assistance for military members in 1993. The Department of Defense and DANTES assume management of program operations in 2013. Since 1993, more than 22,000 veterans have successfully transitioned to a career in education.
