All things including man came out of light. God is light and God cannot change and the universe out of him. 

'And God said, Let there be light.' 

Light was created before Sun, moon and stars. 

Bob Dwyer tells us his mistakes of science.
"Whosoever shall not doubt in his heart but shall believe that what he faith commits to pass, he shall have it."

The image of man the Son of God, the Son of man. Jesus in 33 years revealed that in man which hath been millions of years hidden from man—the overcoming power of the Spirit.

The resurrection of man from the dead is the resurrection of this hidden man.

The resurrection is taking place every day. "Taste the resurrection and the life!"
Peter -

"Let it be the hidden man of the heart, in the incorruptible apparel of a meek and quiet spirit, which is in the sight of God of great price."

Ye shall know the truth, and the truth shall make you free.

Trinity is a school of religious research and application to life of fundamental truths.

It finds in all the popular cults, religious, occult and scientific, some of the truths taught by Jesus.

Jesus taught the Absolute, an absolute setting of the cults teach the absolute with a limited setting.

Jesus taught, "I am the light of the world, ye are the light of the world."

The cults teach God is the light man is but a reflection.
The cults teach Jesus was divine, a worker of miracles. Jesus taught, ye are gods, son of the Most High. Ye shall do thee things and greater.

Every great religion, philosophy or science has some outstanding truths that its adherent assume is not found in other cults, but we have not found any great principle essential to the development of the soul that is not found somewhere in the teaching of Jesus, before Israels Israel.
A few citations will illustrate the point:

Brahmanism and Buddhism have more adherents than all other religions in the world, their outstanding feature is reincarnation. The casual Christian will doubtless claim that Jesus did not admit the teaching of reincarnation. But listen to Jesus as recorded in Matt. 16:14:

"Who do men say that the Son of man is?"

And they say,

Some say John the Baptist, some Elijah, and others Jeremiah, or one of the prophets.

He saith unto them,
But unto you also shall the key of the House of David be given; and ye shall bind and loose. 

Simon Peter answered and said, Art thou he that shall come? 

Jesus answered and said unto him, If I would that he were here to judge thee, of whom shall I bear witness? 

But I say unto you, That ye also shall write in heaven. 

And he saith unto them, Whosoever shall love me will not leave me, but whosoever shall hate me, will leave me, and will go unto the antichrist. 

Jesus answered and said, My Father worketh until now; and I work. 

Verily, verily, I say unto you, He that receiveth me receiveth me and my Father that sent me. 

Simon Peter answered and said, Art thou he that shall come? 

Verily, verily, I say unto you, Except a man be born again, he cannot see the kingdom of God. 

Verily, verily, I say unto you, He that receiveth me receiveth me and my Father that sent me. 

Verily, verily, I say unto you, He that receiveth me receiveth me and my Father that sent me.
Jesus is greatest among those who taught reincarnation because he showed us how through unity with him we could overcome reincarnation and free our selves from the limitations of his suffering, stand with him as the Son of the living God.

The revelations of Spiritualism, as to the condition of those who have passed from earth to heaven, have weakened the teaching of heaven on earth as localities to which we go at death. Spiritualism teaches, that we are not essentially changed by death, that the so-called spirit world of Spiritualism is merely
the soul half of their material world, and what the man that is controller in the Enuns, the

Some give that the Scriptures understand in the light of modern discoveries show that the writings were more or less familiar with the phenomenal life of man both in the visible and the invisible. Also that because the invisible is but the other half of this present state of existence and not Heaven nor hell.

Jesus also understands modern science and demonstrates man's dominion over the natural world and the exercise of his spiritual qualities.

He counsels faith or the

Prof. Eddington says about Jesus.
