UNITY SCHOOL OF CHRISTIANITY
LEE'S SUMMIT, MO.
1956
Index of Charles Fillmore's Writings
was first published in 1956.
This is the first printing.

This is one of a series of Unity books devoted
to teaching how you can make your life better by
applying Christian principles. The first Unity
book, Lessons in Truth, was published in 1894
and is still in publication. The Unity work itself
was established in 1889, when its founders,
Charles and Myrtle Fillmore, began to share with
others the Truth that had helped them.
The Unity movement now reaches millions of
persons all over the world. Unity School of Christi-
nity includes the Silent Unity department, to
which thousands of people each year write for
prayers for any need, and the Publishing Depart-
ment, which distributes the Unity books and mag-
azines that carry the Unity message around the
world. Unity centers and churches are located in
many large cities.

Preface

This volume combines the indexes of Charles Fill-
more's ten Unity books in one index, so that the stu-
dent may have at his finger tips a quick reference
to the thousands of practical ideas that Charles Fill-
more put into the ten books.

Here is inspiration, and explanation of many hid-
den, practical truths in the Bible. Charles Fillmore
was able to interpret and make of practical and in-
spirational benefit to all who wish to understand
the deep significance of the Biblical symbols.

This book, together with the ten volumes of
Charles Fillmore's writings, will make a wonderful
reference library for any Truth student. Such a li-
brary will be especially helpful to ministers, teachers,
writers, and Unity Correspondence School students.

The ten books (Atom-Smashing Power of Mind,
Christian Healing, Jesus Christ Heals, Keep a True
Lent, Mysteries of Genesis, Mysteries of John, Pros-
perity, Talks on Truth, Teach Us to Pray, and The
Twelve Powers of Man) are indicated in this Index
by a code of initials, which is given on a following
page.

Charles Fillmore's teachings are known to mil-
ions of people, who follow them for daily, prac-
tical guidance. The purpose of this book is to help
the student to get closer to the spirit of Mr. Fill-
more's work.

Emmet Fox, author of many books that are wide-
ly read by the general public, and who also had for a number of years a large following in his church in New York City, was a great admirer of Charles Fillmore. When Dr. Fox visited Unity in Kansas City, in 1944, he wrote:

"I look upon Charles Fillmore as being among the prophets. He has given us something that the great prophets have given us. A prophet is, you know, one who has certain contact with God in a very rare degree and gives that out to his fellowmen. He is a broadcasting station for God. We all know the great prophets in the Bible, and there have been a few outside of them. He [Charles Fillmore] is one of the great men of this generation, although unknown as such to the world at large. The things which really are his are not the things which are so apparent on the surface. I am one of his spiritual children."
