

"We have no human leader, no temporal head to this work. We welcome you to one family, with God, the Father, at the head. God 'hath made of one blood all nations of men. The only visibility is the visibility of Spirit. We are all one in Spirit."

—Charles Fillmore, 1923

"Their wings were stretched upward,
they went straight forward,
wherever the Spirit was
to go, they went!"
Ezekel 1:11

WELCOME

Unity-by-the-Sea welcomes you to the first Fillmore Festival. The purpose of these special days is to return, as Charles and Myrtle Fillmore did in the beginning, to the great reservoir of Truth from whence all Truth proceeds. This is the great God-Presence in everyone of us, that Paul called, "Christ in you, your hope of glory."

We have been challenged that we have drawn our beliefs from Theosophy, Christianity, Hinduism, Rosicrucianism, Buddhism, and other religious systems—and so we have. We have reached for the golden thread, the Truth in all religions and we have found it—for we have found Spirit. Our world is suffering from spiritual starvation, so our doctor-science tell us. All the world is seeking and searching for Spirit.

Unity's destiny is to follow in the footsteps of Jesus Christ who was truly the first to demonstrate Universality. He pointed out "the way," a way broad enough and true enough that every soul might walk upon it, regardless of their religious background or affiliations. Unity penetrates the invisible walls that separate man from man and man from God.

We are moving across the threshold of the new age, we are here to renew and rededicate ourselves to pure, unchangeable, unadulterated Truth—God in man and man in God.

THE UNITY MINISTERS' PRAYER

I thank You for the revelation of Your mighty presence in me and for Your holy purpose that unfolds in my life.

I claim the power of Your infinite wisdom that fills my mind in order that I may teach and lead others to find the holy place within themselves.

I praise and give thanks:

For the humbleness that opens wide the door into the Kingdom. For the faith that makes me quiet enough to listen and swift to believe in my heart the guidance only You can reveal to me, step by step.

For boldness to follow unhesitatingly when I cannot understand the way.

For divine love that opens the floodgates of outer supply.

For patience to let all things be fulfilled according to Your high purpose.

For service that blesses all.
