Koinonia Spring 2023 is A Day Of Peaceful Living through singing, reflective prayer, inspiration and community discussion. We gather on Thursday, April 20, 2023 at 8:30, meet from 9-4 and we provide lunch at noon. The location is The Gramercy Mansion Estate, adjacent to Koinonia Farm, in Stevenson, Maryland, north Baltimore County. We have plenty of room for our gathering and a second room for sharing books and fliers relating to peaceful living, community organizations and wholistic living. You are welcome to walk the gardens of this beautiful estate, meet friends and connect with people in what we hope to be an annual or semi-annual gathering.

You are welcome to come and participate, regardless of where you may be in life and how your life is going. We believe people who will find Koinonia a blessing include individuals in the mid-Atlantic area who wish to establish spiritual friendships, wives and husbands who want to get away for a peaceful day, pastors and prayer teams who wish to explore spiritual pathways, community volunteers, counselors, wholistic health providers, and creative writers, musicians, and artists who wish to expand their network and share their offerings. If the \$25 cost is a difficulty for you, please let me know. Bring your stories to share, your books to swap, your fliers to distribute, and your instruments to play. Most important, bring your Self.
