On this sheet give an account of any outstanding healings, either of yourself or of those to whom you ministered. Give any dramatic events, history of your background etc.

One of the first outstanding healings was that of a young woman, dying of Cancer. Her aunt was sitting beside her, waiting for the end. A friend of this young woman's came in, we prayed and both felt a clearing of Consciousness. The next I heard, this young woman was home, and doing her own house work.

Eva T, given by best doctors one hour to live, ruptured appendix. I prayed and others Co-op. erated. She is alive in best of health today.

Last year I rec'd a call for a woman who had been unconscious 3 days. In silence, I was led to deny "matter". I had a curious consciousness of being "inside of matter", or on the cause side of it, so I could tell it what to do, and it would obey. I spoke the word of healing in this consciousness. Learned later, just about this time she opened her eyes and spoke. Was discharged from hospital in 4 days. Had struck her head on bathtub.

Two healings of arthritis have resulted from my ministry in the last year. One, arthritis in hands was instantly relieved and never felt pain afterwards.

Since coming to Syracuse have witnessed healing in a woman who had been in psychopathic for change of life. Two Silences made such a change she was transformed. She is like a new woman
