## Lesson Two—Out Go the Blocks

### Cleansing the Without

This morning we're going to start by looking at an activity which means "cleansing the without." If you really want to begin to experience prosperity you need to begin to release things in the without.

Our basic problem then, because we are not releasing, we are not letting go, is a problem of congestion. We have become congested. We are blocking the flow of spirit and we need to set into motion the solution.

Our basic solution to this problem of congestion is what? Circulation. Circulation, getting things moving again. Getting things released. Getting things out of the way. Getting things so that they can be, so that we can activate this flow of spirit from within us.

Now, the way that we can do this is a process of mental, emotional and physical release. Because there is a definite relationship between what we have accumulated in the outer and what we have accumulated in our mind or in our consciousness. We really need to take a look at this and see that perhaps we can begin to free up ourselves by doing some things in the outer. We can begin to activate the inner cleansing by doing some outer cleansing.
