[EY Forensic & Integrity Services](#), embedding integrity into an organization's strategic vision and day-to-day operations is critical when managing complex issues of fraud, regulatory compliance, investigations and business disputes. Our international team of more than 4,000 forensic and technology professionals helps leaders balance business objectives and risks, build data-centric ethics and compliance programs, and ultimately develop a culture of integrity. We consider your distinct circumstances and needs to assemble the right multidisciplinary and culturally aligned team for you and your legal advisors. We strive to bring you the benefits of our leading technology, deep subject-matter knowledge and broad global sector experience.

# opentext™

[OpenText](#) enables organizations to gain insight through market-leading information management solutions, on-premises or in the cloud. OpenText Legal Tech helps corporations, law firms and government streamline end-to-end eDiscovery and legal content management—spanning litigation, investigations and regulatory compliance to cross-border and multi-language matters, DSAR/SRR projects, incident response, and legacy data management.
