## Mini slide DGSL-20-10-PA Part number: 544005 ★ Core product range

With position sensing, highly accurate, durable ball-cage guide, flexible damping on both sides without metallic end position (P).

## **Data sheet**

| Feature                                    | values  |
|--|---|
| Stroke                                     | 10 mm   |
| Adjustable end position range/front length | 50.5 mm   |
| Adjustable end position range/rear length  | 49.5 mm   |
| Piston diameter                            | 25 mm   |
| Operating mode of drive unit               | Yoke  |
| Cushioning                                 | P: Flexible cushioning rings/plates at both ends                            |
| Assembly position                          | Any   |
| Guide                                      | Ball bearing cage guide   |
| Design structure                           | Yoke kinematics   |
| Position detection                         | For proximity sensor  |
| Working pressure                           | 1 8 bar   |
| Max. speed                                 | 0.8 m/s   |
| Repetition accuracy                        | 0,3 mm  |
| Mode of operation                          | double-acting   |
| Operating medium                           | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                    |
| Note on operating and pilot medium         | Lubricated operation possible (subsequently required for further operation) |
| Corrosion resistance classification CRC    | 0   |
| Ambient temperature                        | 0 60 °C   |
| Impact energy in end positions             | 0.45 Nm   |
| Cushioning length                          | 1.2 mm  |
| Max. force Fy                              | 2,911 N   |
| Max. force Fz                              | 2,911 N   |
| Max. torque Mx                             | 60 Nm   |
| Max. torque My                             | 30 Nm   |
| Max. torque Mz                             | 30 Nm   |
| Theoretical force at 6 bar, return stroke  | 247 N   |
| Theoretical force at 6 bar, advance stroke | 295 N   |
| Moving mass                                | 660 g   |
| Product weight                             | 1,699 g   |
| alternative connections                    | See product drawing   |
| Mounting type                              | with through hole   |
| Pneumatic connection                       | G1/8  |
| Materials note                             | Free of copper and PTFE   |
|  | Conforms to RoHS  |
| Materials information for cover            | Wrought Aluminum alloy  |
| Materials information for seals            | HNBR  |
| Materials information, housing             | Wrought Aluminum alloy  |
| Materials information for piston rod       | High alloy steel, non-corrosive   |
