## Round cylinder DSNU-50-40-P-A Part number: 196001

**FESTO** 

For position sensing, with elastic cushioning rings in end positions. Various mounting options, with or without additional mounting components.

## **Data sheet**

| Feature                                    | values   |
|--|--|
| Stroke                                     | 40 mm  |
| Piston diameter                            | 50 mm  |
| Piston rod thread                          | M16x1,5  |
| Cushioning                                 | P: Flexible cushioning rings/plates at both ends                 |
| Assembly position                          | Any  |
| Design structure                           | Piston   |
|  | Piston rod   |
|  | Cylinder barrel  |
| Position detection                         | For proximity sensor   |
| Working pressure                           | 1 10 bar   |
| Mode of operation                          | double-acting  |
| Operating medium                           | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Note on operating and pilot medium         | Lubricated operation possible (subsequently required for further |
|  | operation)   |
| Corrosion resistance classification CRC    | 2  |
| Ambient temperature                        | -20 80 °C  |
| Theoretical force at 6 bar, return stroke  | 989.6 N  |
| Theoretical force at 6 bar, advance stroke | 1,178.1 N  |
| Moving mass                                | 513 g  |
| Product weight                             | 1,247 g  |
| Mounting type                              | with accessories   |
| Pneumatic connection                       | G1/4   |
| Materials note                             | Conforms to RoHS   |
| Materials information for cover            | Wrought Aluminum alloy   |
| Materials information for seals            | NBR  |
|  | TPE-U(PU)  |
| Materials information for piston rod       | High alloy steel   |
| Materials information for cylinder barrel  | High alloy steel, non-corrosive                                  |
