

Christmas and Holiday Shopping List

Tip: Clear a shelf in your pantry to put foods needed for the Holidays so that you can keep inventory and track easier to not over/double buy foods you may already have. Put a sign that says "Do Not Touch" ☺

Tip: Other than our holiday meal shopping and price lists on TheThriftyCouple.com/Holiday, we also recommend using your lists below to look-up coupons at TheThriftyCouple.com/coupon-database to save a bit more!
